

DICTAC BXF-01L

DICTAC 140x190 Metal Bed Frame with LED Lighting User Manual

Model: BXF-01L

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Do not exceed the maximum weight capacity of 400 kg (880 lbs).
- Ensure the bed frame is correctly assembled to prevent instability or collapse.
- Be careful when using the space under the bed to avoid pinching hazards.
- Keep the remote control and any cords out of reach of children and pets.
- Regularly check all bolts and screws to ensure they remain tight.

2. PRODUCT OVERVIEW

The DICTAC 140x190 Metal Bed Frame features an innovative floating design with integrated RGB LED lighting, providing both modern aesthetics and robust support. This bed frame is designed for a 140x190 cm mattress (not included).

Key Features:

- **Innovative Floating Design:** Hidden support feet create a suspended appearance.
- **Smart RGB LED Lighting:** Customizable colors, brightness, modes, and music synchronization via app or remote control.
- **Stable Metal Slat Frame:** Durable metal construction supports up to 400 kg without sagging.
- **Noise-Free Operation:** Anti-slip pads and an anti-noise design ensure a quiet sleep environment.
- **Under-Bed Storage:** 16.5 cm clearance provides space for storage boxes or robot vacuums.

3. SETUP AND ASSEMBLY

The DICTAC bed frame is designed for easy assembly. All necessary accessories and a detailed installation manual are included. Please ensure all parts are present before beginning assembly.

Before You Begin:

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Verify that all parts listed in the included manual are present and undamaged.
- Refer to the numbered labels on each part for correct identification during assembly.
- An Allen key (imbus) is typically provided. No additional tools should be required.

Assembly Steps:

1. Follow the step-by-step diagrams in the provided installation manual.
2. Assemble the main frame components, ensuring all bolts are securely tightened but do not overtighten until the frame is fully aligned.
3. Attach the metal slats to the frame. The U-shaped slat supports are designed for easy installation.
4. Install the mattress retention bars at the head and foot of the bed.
5. Once the frame is complete, apply the anti-slip pads to the hidden support feet.
6. Carefully place your 140x190 cm mattress directly onto the metal slat base. No box spring is required.

4. OPERATING INSTRUCTIONS (LED LIGHTING)

The integrated RGB LED lighting system offers a range of customization options to enhance your bedroom ambiance.

Controlling the LED Lights:

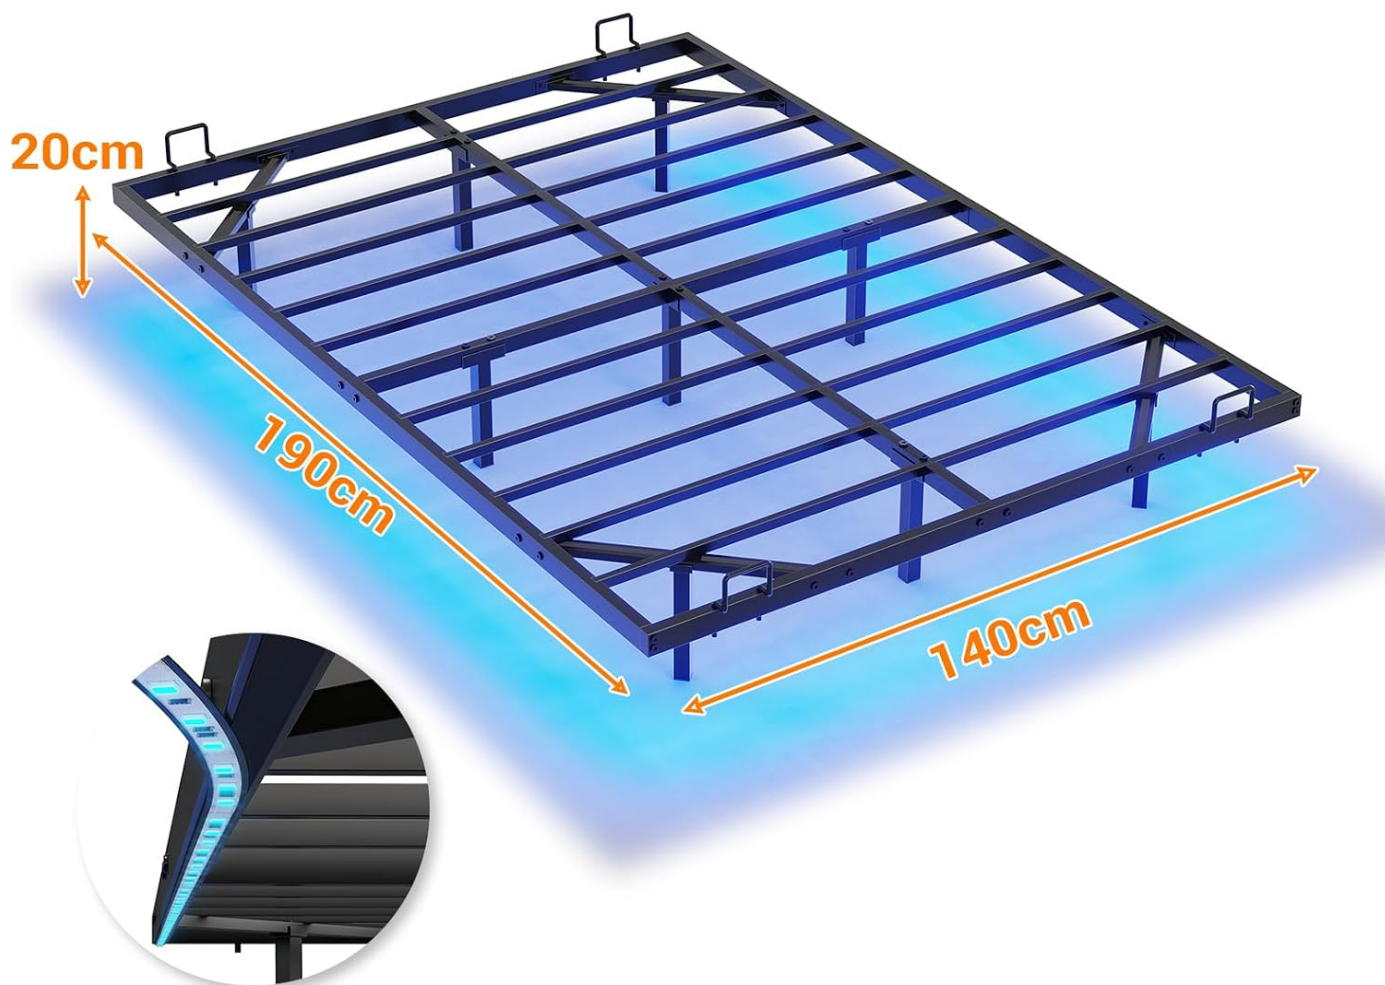

The LED lights can be controlled via a dedicated mobile application or the included remote control.

- **Mobile App Control:** Download the specified app (refer to the installation manual for app name and QR code). Connect your smartphone to the LED lights via Bluetooth. The app allows access to over 60,000 colors, brightness adjustments, various lighting modes, and timing functions.
- **Remote Control:** Use the provided remote control to switch the lights on/off, change colors, adjust brightness, and select preset modes. Ensure the remote has working batteries and is pointed towards the LED receiver.

Special Features:

- **Music Synchronization Mode:** In this mode, the LED lights will change color and pattern in rhythm with music played through your device or detected by the built-in microphone.
- **Dynamic Modes:** Explore various pre-programmed dynamic lighting effects for different moods.
- **Timing Function:** Set schedules for the lights to turn on or off automatically.

5. MAINTENANCE

Proper maintenance will ensure the longevity and optimal performance of your DICTAC bed frame.

General Care:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Tightening:** Periodically check all bolts and screws and retighten them as needed to maintain stability and prevent squeaking.
- **LED Lights:** The LED strip is fixed with Velcro. Ensure it remains securely attached. If the LED strip needs cleaning, gently wipe it with a dry cloth.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or incorrect assembly.	Check all bolts and screws and tighten them securely. Review the assembly manual to ensure all parts are correctly installed.
Squeaking noises from the bed frame.	Loose connections or friction between metal parts.	Tighten all bolts. Ensure anti-noise pads (EVA mats) are correctly placed where metal parts meet.
LED lights are not working.	Power connection issue, remote control battery, or app connectivity.	Check if the power adapter is securely plugged in. Replace remote control batteries. Ensure Bluetooth is enabled on your device and the app is correctly connected to the LED lights.
LED colors or modes are not changing.	Remote control signal obstruction or app malfunction.	Ensure there are no obstructions between the remote and the LED receiver. Restart the mobile app or try reconnecting via Bluetooth.
Mattress slides on the frame.	Mattress retention bars not installed or ineffective.	Ensure the mattress retention bars are properly installed at the head and foot of the bed.

If the problem persists after attempting these solutions, please contact DICTAC customer support for further assistance.

7. SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Model Number	BXF-01L
Size	140 x 190 cm
