LENOVO X7 BONE CONDUCTION HEADPHONES

Model: X7 | Brand: Lenovo

Introduction

Thank you for choosing the Lenovo X7 Bone Conduction Headphones. These headphones are designed to provide a unique audio experience, combining comfort, superior sound quality, and advanced connectivity. Ideal for daily activities, physical exercise, and leisure, they offer freedom of movement without the inconvenience of wires.

Safety Information

Please read all safety instructions carefully before using this product. Failure to follow these instructions may result in injury or damage to the device.

- Do not expose the headphones to extreme temperatures or direct sunlight.
- Avoid dropping or subjecting the headphones to strong impacts.
- Keep out of reach of children.
- Do not attempt to disassemble or repair the headphones yourself.
- Use only the provided charging cable.

Package Contents

Ensure all items are present in the package:

- 1 x Lenovo X7 Bone Conduction Headphones
- 1 x USB Charging Cable
- 1 x User Manual (this document)

Product Overview

The Lenovo X7 headphones feature a lightweight and ergonomic design for comfortable wear. Key components include the bone conduction transducers, control buttons, and charging port.

Setup

1. Charging the Headphones

1. Connect the USB charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer USB port.
3. The LED indicator will show charging status. A full charge takes approximately 1.5 to 2 hours.
4. Once fully charged, the LED indicator will change (refer to specific LED behavior in quick start guide if available).

2. Bluetooth Pairing

1. Ensure the headphones are turned off.
2. Press and hold the power button until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Lenovo X7" from the list of found devices.
5. Once connected, the LED indicator will turn solid blue or off, depending on the model.
6. The headphones are now ready for use.

Operating

Basic Controls

Action	Button/Gesture	Description
Power On/Off	Press and hold Power button	Turns the headphones on or off.
Play/Pause	Single press Multi-function button	Plays or pauses audio playback.
Volume Up	Press Volume + button	Increases audio volume.
Volume Down	Press Volume - button	Decreases audio volume.
Next Track	Double press Multi-function button	Skips to the next song.
Previous Track	Triple press Multi-function button	Goes back to the previous song.
Answer/End Call	Single press Multi-function button	Answers an incoming call or ends an active call.
Reject Call	Press and hold Multi-function button	Rejects an incoming call.

Wearing the Headphones

Place the bone conduction transducers on your cheekbones, just in front of your ears. The band should rest comfortably behind your head. Adjust for a secure and comfortable fit.

Maintenance

Cleaning

Wipe the headphones with a soft, damp cloth. Do not use abrasive cleaners or immerse the headphones in water.

Storage

Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. When not in use for extended periods, ensure they are fully charged before storing.

Water Resistance

The Lenovo X7 headphones are designed to be water-resistant, making them suitable for sports and activities where they might be exposed to sweat or light rain. However, they are not designed for swimming or submersion in water. Ensure the charging port cover is securely closed before exposure to moisture.

Troubleshooting

Problem	Possible Cause	Solution
Headphones won't turn on	Low battery	Charge the headphones for at least 1.5 hours.
Cannot pair with device	Headphones not in pairing mode; Device Bluetooth off; Too far from device	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move headphones closer to your device (within 10 meters).
No sound	Volume too low; Not connected; Incorrect audio output selected	Increase volume on headphones and device. Re-pair the headphones. Check audio output settings on your device.
Poor sound quality	Interference; Low battery; Device too far	Move away from sources of interference. Charge the headphones. Move closer to your device.

Specifications
