CMF BY NOTHING CMF NECKBAND Pro

CMF Neckband Pro User Manual

Model: CMF NECKBAND Pro

1. Introduction

Thank you for choosing the CMF Neckband Pro Bluetooth Headphones. This manual provides essential information on setting up, operating, and maintaining your device to ensure optimal performance and longevity. Please read this manual thoroughly before using the product.

2. Product Overview

Key Features

- **Hybrid Active Noise Cancellation (ANC):** Up to 50 dB noise reduction with Environment Adaptive ANC and three intensity settings.
- **Spatial Audio Effect:** Cinematic 360° listening experience powered by the CMF flagship processor and HRTF

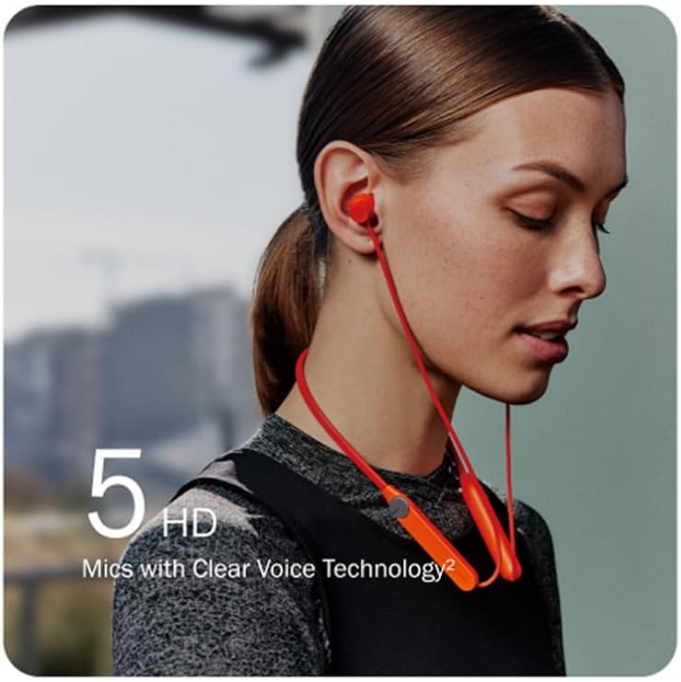

technology.

- **Clear Voice Technology:** 5 HD microphones isolate background noise for clear calls.
- **3-in-1 Smart Dial:** Intuitive control for volume, playback, and ANC settings.
- **IP55 Dust and Water Resistance:** Provides protection against dust and water splashes.
- **Dual-Device Connection:** Seamlessly switch between two connected devices.
- **Extended Playback:** Up to 37 hours of non-stop listening with a 220 mAh battery.

Components

The CMF Neckband Pro package includes:

- CMF Neckband Pro Headphones
- Multiple sizes of eartips (S, M, L) for a personalized fit
- Charging Cable
- User Manual (this document)

Image: A collage illustrating advanced features: 50dB Adaptive Hybrid ANC, 13.6mm Custom Dynamic Driver, Spatial Audio Effect, 3-in-1 Smart Dial, and Dual-Device Connection.

3. Setup

3.1 Charging the Device

Before first use, fully charge your CMF Neckband Pro. Connect the charging cable to the charging port on the neckband and a power source. The LED indicator will show charging status.

3.2 Power On/Off

The earbuds feature a magnetic connection for intuitive power control:

- **Power On:** Separate the two earbuds. The device will automatically power on and attempt to connect to the last paired device.

- **Power Off:** Join the two earbuds together magnetically. The device will automatically power off.

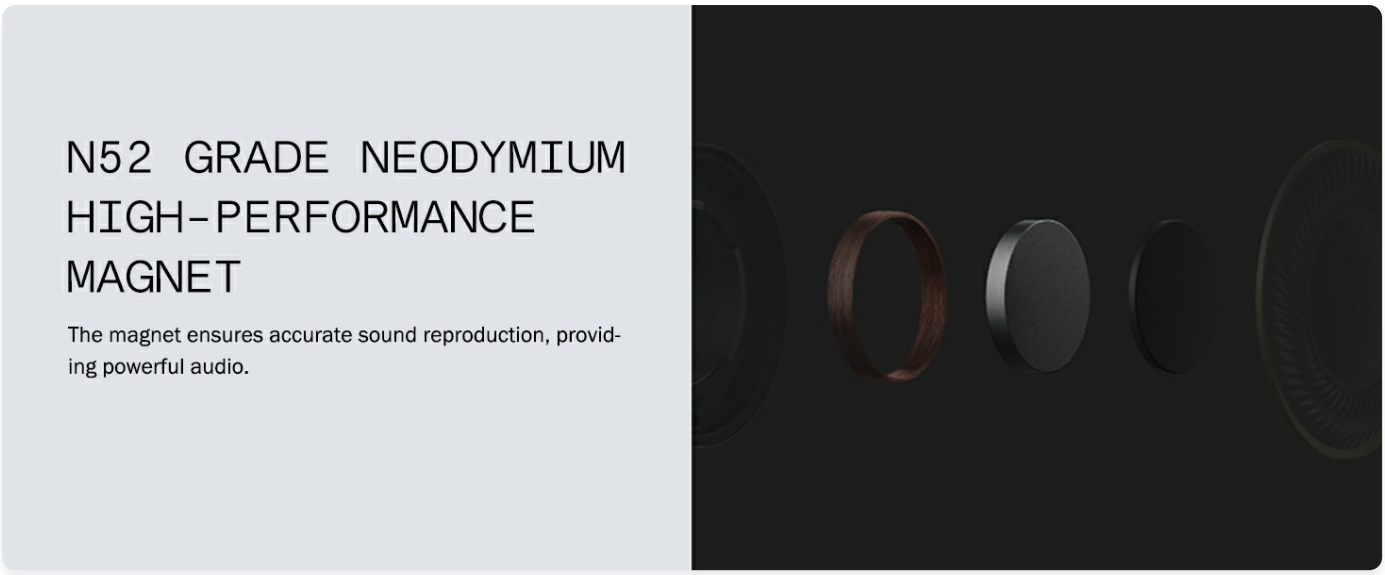

Image: A close-up view of the magnetic connection feature, showing how the earbuds join together to power off.

3.3 Bluetooth Pairing

1. Ensure the Neckband Pro is powered on (earbuds separated).
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for available devices and select "CMF Neckband Pro" from the list.
4. The headphones will indicate a successful connection.

The CMF Neckband Pro supports **Google Fast Pair** and **Microsoft Swift Pair** for quick and seamless pairing with compatible Android and Windows devices.

3.4 Dual-Device Connection

The Neckband Pro can connect to two devices simultaneously. After pairing with the first device, put the headphones into pairing mode again and connect to the second device. The headphones will automatically switch between devices based on audio playback.

3.5 Eartip Selection

For optimal sound quality and comfort, choose the eartips that best fit your ears. Experiment with the different sizes (S, M, L) provided to find the most secure and comfortable seal.

4. Operating Instructions

4.1 Smart Dial Controls

The intuitive 3-in-1 Smart Dial on the neckband allows for easy control of various functions:

- **Adjust Volume:** Rotate the dial.
- **Play/Pause:** Press the dial once.
- **Skip Tracks:** Double-press for next track, triple-press for previous track (customizable via app).
- **Control ANC:** Long press the dial to cycle through ANC modes (Active Noise Cancellation, Transparency Mode, ANC Off).

Video: A short demonstration of the 3-in-1 Smart Dial, showing its rotation and press functions for controlling the headphones.

4.2 Active Noise Cancellation (ANC) and Transparency Mode

The Neckband Pro features Hybrid ANC up to 50 dB. You can switch between modes using the Smart Dial or the companion app:

- **Active Noise Cancellation:** Reduces ambient noise for an immersive listening experience. Environment Adaptive ANC automatically adjusts intensity.
- **Transparency Mode:** Allows you to hear your surroundings while still enjoying your audio, useful for awareness in busy environments.

4.3 Call Management

With 5 HD microphones and Clear Voice Technology, the Neckband Pro ensures clear calls even in noisy environments. Wind noise reduction is also integrated for outdoor use.

4.5 ChatGPT Integration

The CMF Neckband Pro supports ChatGPT integration. Use your voice to access this AI tool via quick setup through the Nothing X app. This feature integrates with all Nothing smartphones.

5. Maintenance and Care

To ensure the longevity and optimal performance of your CMF Neckband Pro, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the neckband and earbuds with a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive materials.
- **Water Resistance:** The device is IP55 dust and water resistant, meaning it can withstand splashes and light rain. Do not submerge the headphones in water or expose them to strong jets of water. Dry thoroughly if exposed to moisture.

- **Storage:** When not in use, store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tangling the cables.
- **Battery Care:** Avoid fully discharging the battery frequently. For long-term storage, charge the battery to about 50% to preserve its health.

6. Troubleshooting

If you encounter issues with your CMF Neckband Pro, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery; Earbuds are magnetically joined.	Charge the headphones; Separate the earbuds.
Cannot pair with a device.	Bluetooth is off; Headphones not in pairing mode; Device out of range.	Ensure Bluetooth is on; Separate earbuds to enter pairing mode; Move device closer.
Sound quality is poor or distorted.	Improper eartip fit; Low battery; Interference.	Try different eartip sizes; Charge headphones; Move away from other wireless devices.
ANC not effective.	Improper eartip fit; ANC mode not activated.	Ensure a snug fit with correct eartips; Long press Smart Dial to activate ANC.
Battery drains quickly.	ANC constantly active; High volume usage; Device not powering off correctly.	Turn off ANC when not needed; Reduce volume; Ensure earbuds are magnetically joined to power off.

Factory Reset

If issues persist, a factory reset may resolve them. Refer to the Nothing X app or the official CMF BY NOTHING support website for specific instructions on performing a factory reset for your model.

7. Specifications

- **Model Name:** CMF NECKBAND Pro
- **Brand:** CMF BY NOTHING
