# HiPlay ZD Toys Iron Man MK85 2.0 Illuminated Action Figure Instruction Manual

Model: FGBmk85

## 1. Introduction

This manual provides essential information for the setup, operation, and maintenance of your HiPlay ZD Toys Iron Man MK85 2.0 Illuminated Action Figure. This premium 1/10 scale collectible figure, standing at 7 inches (18 cm) tall, features a dynamic LED-lit design with an illuminated chest arc reactor and eyes, showcasing the suit's advanced nanotechnology. It is crafted from high-quality ABS PVC with metallic red and gold paintwork and includes movie-accurate accessories. This figure is intended for collectors aged 15 years or older.

## 2. Setup

### 2.1 Unboxing and Inspection

Carefully remove the figure and all accessories from the premium gift box. Inspect all components for any damage or missing parts. The package includes the Iron Man MK85 figure, 4 pairs of interchangeable hands, 2 flame effect parts, 1 nano shield, 2 nano double-edged swords, 1 nano shark cannon, 1 nano short sword, 1 nano great sword, and an exclusive black waist clip stand.

Figure and included accessories, including interchangeable hands, weapons, and display stand.

### 2.2 Attaching Accessories

Gently attach the desired interchangeable hands and weapon accessories to the figure's designated connection points. Ensure a snug fit without forcing the parts. The flame effect parts can be attached to the figure's hands or feet to simulate flight or repulsor blasts.

### 2.3 Activating LED Features

The figure features illuminated chest arc reactor and eyes. Locate the power switch, typically on the back or chest of the figure. Activate the switch to illuminate the LED features. If the lights do not activate, ensure batteries (if applicable, not specified in product details) are correctly installed or charged.

## 3. Operating the Figure

### 3.1 Posing and Articulation

The Iron Man MK85 figure boasts 20 points of articulation, allowing for dynamic posing. Carefully manipulate the joints to achieve desired stances. Note that slight neck articulation limitations may occur due to the integrated LED features. Use the included waist clip stand for stable aerial or action poses.

Dynamic posing with the nano great sword and display stand.

Figure equipped with the nano shield, ready for defense.

### 3.2 Utilizing Nano-Weaponry

The figure comes with various nano-weapon accessories. These can be interchanged to recreate iconic scenes. For example, the nano double-edged swords can be held in the figure's hands, or the nano shark cannon can be attached to an arm for a powerful attack stance.

Video demonstrating various poses and accessory usage for an Iron Man action figure (MK50 version).

## 4. Maintenance

### 4.1 Cleaning

To clean the figure, use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth with mild soap can be used, followed by immediate drying with a clean, dry cloth. Avoid harsh chemicals or abrasive materials, as these can damage the paintwork or plastic.

### 4.2 Storage

Store the figure away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or material degradation. Keep it in its original packaging or a display case to protect it from dust and physical damage.

## 5. Troubleshooting

### 5.1 Stiff Joints

If a joint is stiff, gently warm the area with a hairdryer on a low setting for a few seconds. This can help loosen the plastic. Do not apply excessive force, as this may cause breakage.

### 5.2 LED Lights Not Working

Check the power switch to ensure it is in the 'on' position. If the figure uses batteries, ensure they are correctly inserted and have sufficient charge. Replace batteries if necessary. If the issue persists, contact customer support.

### 5.3 Loose Accessories

If accessories fit loosely, a small amount of clear nail polish or a similar non-permanent adhesive can be applied to the peg to create a tighter fit. Allow it to dry completely before reattaching.

## 6. Specifications

- **Brand:** HiPlay
- **Manufacturer:** ZD Toys
- **Model Number:** FGBmk85
- **Product Dimensions:** 3 x 3 x 7 inches (7.62 x 7.62 x 17.78 cm)
