## HOMCOM 831-559

# HOMCOM Portable Wardrobe Closet Instruction Manual

Model: 831-559 (6 Cubbies & 1 Rod)

Brand: HOMCOM

## 1. INTRODUCTION

---

The HOMCOM Portable Wardrobe Closet is a versatile and easy-to-assemble storage solution designed for organizing clothes, shoes, and bedding. Its integrated folding design allows for quick setup and disassembly, making it suitable for various living spaces. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use of your wardrobe.

## 2. SAFETY INFORMATION

### Important Safety Instructions:

- Read all instructions carefully before assembly and use of the product.
- Do not exceed the maximum weight capacity: **265 lbs (total), 22 lbs (each shelf), and 44 lbs (hanging rod)**. Overloading can cause damage or instability.
- Ensure the unit is placed on a flat, stable, and level surface to prevent tipping.
- Use the provided anti-tipping hardware to secure the wardrobe to a wall, especially in homes with children or pets, to prevent accidental tipping.
- Keep small parts and packaging materials away from children during assembly to avoid choking hazards.
- Regularly inspect the wardrobe for any signs of wear or damage. Discontinue use if any structural integrity issues are observed.
- **California Proposition 65 Warning:** This product can expose you to chemicals which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

### 3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. The package should include:

- 1 x Main Cabinet Frame (pre-assembled, foldable)
- 8 x Door Panels
- 5 x Shelf Panels (integrated into frame)
- 1 x Retractable Hanging Rod (integrated into frame)
- Anti-tipping hardware kit

### 4. SETUP AND ASSEMBLY

The HOMCOM Portable Wardrobe Closet features an integrated folding design for quick and tool-free assembly.

#### Step 1: Unfold the Cabinet Frame

Carefully remove the folded cabinet frame from its packaging. Place it on a flat, clear surface. Gently pull the sides of the frame outwards to begin unfolding it. Continue until the frame is fully extended and all sections click securely into their upright positions.

Image 4.1: Unfolding the cabinet frame.

## Step 2: Install Door Panels

Once the frame is fully upright and stable, take each door panel and align its hinges with the corresponding slots on the cabinet frame. Gently push the door panel into place until it buckles securely. Repeat for all 8 door panels.

## Step 3: Engage the Hanging Rod

Locate the retractable hanging rod within the designated compartment. Flip it up and ensure it locks into its horizontal position. This rod is designed to support hanging garments.

Image 4.2: Detail of the foldable hanging rod and magnetic door.

## Step 4: Secure with Anti-Tipping Hardware (Recommended)

For enhanced stability and safety, especially in households with children or pets, it is recommended to secure the wardrobe to a wall using the provided anti-tipping hardware. Follow the specific instructions included with the hardware kit for proper installation.

## Assembly Video

Your browser does not support the video tag.

Video 4.1: This video demonstrates the assembly process of the HOMCOM Portable Wardrobe Closet, showing how to unfold the frame and attach the doors.

## 5. OPERATING INSTRUCTIONS / USAGE

### Organizing Your Wardrobe

The wardrobe is designed with multiple cube compartments and a dedicated hanging area to help you classify and organize your clothing efficiently. Utilize the shelves for folded items such as sweaters, bedding, shoes, or accessories. The hanging rod is ideal for coats, dresses, and other garments that require hanging to prevent wrinkles.

Image 5.1: Reasonably partitioned storage inside the wardrobe.

### Magnetic Doors

Each door panel is equipped with a magnetic closure mechanism to ensure a firm and secure seal, protecting your stored items from dust. Doors can be opened individually. For wider access, connecting buckles allow two adjacent doors to be opened simultaneously.

### Weight Capacity Guidelines

Adhere to the following weight limits to maintain the structural integrity and safety of the wardrobe:

- **Total Weight Capacity:** 265 lbs
- **Each Shelf Capacity:** 22 lbs
- **Hanging Rod Capacity:** 44 lbs

The top surface of the wardrobe can also be used for storage, supporting up to 88 lbs, suitable for items like empty suitcases or duffle bags.

Image 5.2: Load bearing capacities for different sections of the wardrobe.

### Deep Storage Compartments

The wardrobe features a generous depth of 19.7 inches (50 cm), which is sufficient to accommodate large clothing items and standard clothes hangers. The typical width of a clothes hanger is 17.75 inches, ensuring a comfortable fit without creasing garments.

## 19.75" DEPTH

Large clothes can be stored

Image 5.3: Illustration of the 19.75-inch depth for ample storage.

## 6. MAINTENANCE

To ensure the longevity and appearance of your HOMCOM Portable Wardrobe Closet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe all surfaces with a soft, damp cloth and a mild, non-abrasive detergent. Avoid using harsh chemicals or abrasive cleaning tools, as these can damage the plastic finish.
- **Dusting:** Regularly dust the wardrobe with a dry, soft cloth to prevent dust buildup.
- **Inspection:** Periodically check all connections and buckles to ensure they remain secure. Re-fasten any loose parts as needed.
- **Storage:** If you need to store the wardrobe, it can be quickly disassembled and folded into a compact size. Store it in a dry, cool place away from direct sunlight.

## 7. TROUBLESHOOTING

If you encounter any issues with your wardrobe, refer to the following common troubleshooting tips:

- **Unit feels unstable:** Ensure that the cabinet frame is fully unfolded and all sections are securely clicked into place. Verify that the wardrobe is placed on a flat, level, and stable surface. If instability

persists, ensure the anti-tipping hardware is correctly installed and utilized.

- **Doors not closing properly:** Check for any items obstructing the door's path or the magnetic latches. Ensure the door panels are correctly buckled into the frame and that the magnetic closures are aligned. Gently re-adjust the door panels if necessary.
- **Difficulty folding/unfolding:** Ensure no items are inside the compartments or obstructing the folding mechanism. Apply gentle, even pressure when folding or unfolding. Do not force the mechanism.
- **Excessive weight on shelves/rod:** If shelves or the hanging rod appear to sag, reduce the load immediately. Refer to the weight capacity guidelines in Section 5.

## 8. SPECIFICATIONS

---

<b>Brand</b>	HOMCOM
<b>Model Name</b>	Wardrobe
<b>Item Model Number</b>	831-559
<b>Color</b>	White
<b>Material</b>	Polypropylene (PP)
