Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Flrrtenv 9-Drawer Dresser Storage with Wood Top, Model 9D003-WH. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Ensure all parts are present and undamaged before assembly. Do not use damaged parts.
- Assemble on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly.

- Always use the anti-tip kit provided to secure the dresser to a wall. This prevents accidental tipping and serious injury.
- Do not exceed the maximum weight capacity for each drawer (25 lbs) or the top surface.
- Keep small parts away from children during assembly.

Setup and Assembly

Follow these steps for proper assembly of your dresser. It is recommended to have two people for assembly.

1. Unpack and Verify Parts

Carefully unpack all components and lay them out on a clean, soft surface. Refer to the parts list (not provided in this manual, typically included with product packaging) to ensure all pieces are present.

2. Assemble the Metal Frame

Connect the metal frame components according to the included assembly instructions. Ensure all connections are secure but do not fully tighten screws until the frame is complete to allow for minor adjustments.

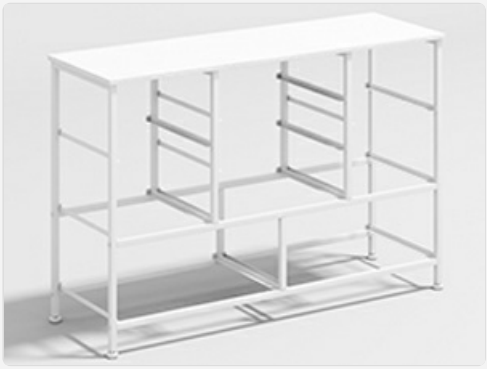

Image: Close-up view of the strong metal frame structure, highlighting its robust construction.

3. Attach the Wood Top

Once the metal frame is assembled, carefully place and secure the wooden top to the frame. Ensure it is aligned correctly before tightening all screws.

4. Insert Fabric Drawers

Unfold the fabric drawers and insert the bottom panels. Place the assembled drawers into their respective slots within the dresser frame. The dresser features drawers in three different sizes for varied storage needs.

5. Adjust Feet and Secure to Wall

Adjust the non-slip feet at the bottom of the dresser to ensure it is stable and level on your floor. For safety, attach the dresser to a wall using the provided anti-tip kit. This is crucial to prevent tipping, especially in households with children or pets.

Operation and Usage

The Flrrtenv 9-Drawer Dresser is designed for versatile storage and display. Here's how to best utilize its features:

Drawer Usage and Capacity

The dresser features nine fabric drawers in varying sizes, suitable for organizing a wide range of items. Each drawer has a maximum weight capacity of **25 lbs (approximately 11.3 kg)**. Distribute weight evenly to prevent strain on the drawers and frame.

- Use smaller drawers for accessories, socks, or office supplies.
- Medium drawers are ideal for T-shirts, pants, or books.
- Larger drawers can accommodate bulkier items like sweaters, toys, or linens.

Top Surface Utilization

The solid wooden top provides a stable surface for display or additional storage. It can hold items such as framed photos, table lamps, potted plants, or serve as a TV stand. Ensure the weight placed on the top does not exceed its capacity (refer to specifications for details).

Versatile Placement

This dresser is suitable for various rooms including bedrooms, living rooms, hallways, nurseries, and closets, offering efficient space utilization.

Maintenance and Care

Proper care will extend the life and appearance of your dresser.

- **Cleaning:** Wipe the wooden top and metal frame with a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Fabric Drawers:** The fabric drawers can be spot cleaned with a damp cloth and mild soap if necessary. Allow to air dry completely. Do not machine wash or tumble dry.
- **Odor:** If a manufacturing smell is present in the fabric drawers upon unpacking, air them out in a well-ventilated area for a few days before use.
- **Stability:** Periodically check the adjustable feet and wall anchor to ensure the dresser remains stable and securely attached.

Troubleshooting

Problem	Possible Cause	Solution
Dresser is wobbly or unstable.	Uneven floor surface; adjustable feet not properly set; loose frame connections.	Adjust the non-slip feet until the dresser is stable. Ensure all frame screws are tightened. Verify the dresser is secured to the wall with the anti-tip kit.
Drawers do not slide smoothly or fit correctly.	Drawers are overloaded; frame is not square; incorrect drawer placement.	Reduce the weight in the drawers (max 25 lbs per drawer). Check frame assembly for squareness and adjust if necessary. Ensure correct drawer size is in the corresponding slot.
Strong odor from fabric drawers.	New product manufacturing smell.	Air out the drawers in a well-ventilated area for several days before use.
Damaged or missing parts upon arrival.	Shipping damage or packaging error.	Do not proceed with assembly. Contact customer support immediately for replacement parts or assistance.

Product Specifications

Feature	Detail
Brand	Flrrtenv
Model Name	9D003-WH
Material	Fabric, Metal, Wood
Colour	White
Product Dimensions (L x W x H)	115D x 35W x 75H centimetres (45.1" L × 13.8" W × 29.6" H)
