Raybee HNGCA1

Raybee Rolling Clothes Rack with Cover (Model HNGCA1) Instruction Manual

Brand: Raybee | Model: HNGCA1

1. Introduction

Thank you for choosing the Raybee Rolling Clothes Rack with Cover. This portable closet is designed to provide ample and flexible storage space for your garments and other items, featuring a sturdy metal construction, adjustable shelves, and convenient mobility. Please read this manual carefully before assembly and use to ensure proper setup and longevity of your product.

Safety Information

- Ensure all components are present and undamaged before assembly.
- Do not exceed the maximum load capacity of 440 LBS (176 LBS when rolling, 44 LBS per single rod).
- Attach anti-tip straps for added safety, especially if the rack is heavily loaded or placed on uneven surfaces.
- Keep small parts away from children during assembly.
- Assemble on a soft, clean surface to prevent scratches.

2. Package Contents

Verify that all the following components are included in your package:

- 1 x Clothes Rack Frame (metal tubes and shelves)
- 1 x Fabric Cover
- 1 x Installation Manual
- Adjustable feet or wheels (casters, two lockable)
- Anti-tip straps

3. Assembly Instructions

The Raybee Rolling Clothes Rack is designed for quick, tool-free assembly using a snap-on structure. No nuts, bolts, or complicated steps are required.

Assembly Steps:

1. **Unpack & Organize:** Lay out all components: metal tubes, shelves, hanging rods, cover, and this instruction manual. Ensure all parts are accounted for.
2. **Choose Feet or Wheels:** Decide whether to install the adjustable feet for stationary use or the 360° rotating casters for mobility. Two of the casters are lockable for stability.
3. **Attach the Frame:** Fix the snap-on components onto the vertical metal tubes at your desired height for the first shelf. Connect the four vertical corner poles by placing a shelf on these components.
4. **Customize Shelves & Rods:** Repeat the previous step to fix other shelves to fit your clothing types. The hanging rods can be hung on the shelves and are removable for flexible storage.
5. **Add Safety Straps:** Attach the anti-tip straps to the frame and secure them to a wall for added safety, if desired.
6. **Put On the Cover:** Slide the fabric cover over the assembled frame. Use the attached straps to secure the three-way zipper cover's front door for easy access and to keep it open.

4. Operating Instructions

Adjustable Shelves and Rods

The clothes rack features 3 adjustable shelves and 2 removable hanging rods. This allows for a custom layout to accommodate various clothing lengths, from short shirts to long jackets and maxi dresses. To adjust, simply reposition the snap-on components on the vertical poles to your desired height. To remove a rod, lift it from its position on the shelf.

Rolling Functionality

Equipped with 360° rotating casters, the rack can be moved smoothly across various surfaces. Two of the casters are lockable to ensure stability when the rack is in its desired position. To lock a wheel, press down on the lever. To unlock, lift the lever. You can choose to install either the wheels or the adjustable feet based on your needs.

Multi-functional Cover

The fabric cover protects your clothes from dust and splashes while offering privacy. It features a viewing window to easily see contents without opening. The three-way zipper allows the portable closet to be fully opened to both sides. Attached straps can secure the cover in an open position for convenient access.

5. Care and Maintenance

The coated metal frame resists moisture and rust, ensuring long-term use. To clean the entire clothing rack and cover, simply wipe with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish or fabric.

6. Troubleshooting

- **Rack Wobbles:** Ensure all snap-on components are securely fastened. If using adjustable feet, verify they are evenly extended. If using wheels, ensure the lockable wheels are engaged when stationary. Consider attaching anti-tip straps for enhanced stability.
- **Difficulty Moving:** Check if the wheel locks are disengaged. Ensure no obstructions are blocking the casters. Clean any debris from the wheels.
- **Cover Not Fitting Properly:** Ensure the rack is fully assembled and all poles are correctly inserted. Adjust the cover to align with the frame and use the attached straps to secure it.
- **Insufficient Hanging Space:** Utilize the adjustable shelves and removable rods to customize the layout. Detach lower shelves and rods if longer garments require more vertical space.

7. Product Specifications

Feature	Detail
Brand	Raybee
Model Number	HNGCA1
Color	Black
Material	Metal (Coated)
Product Dimensions (D x W x H)	17.5"D x 45"W x 81"H
Load Capacity (Static)	440 LBS
