Garnier 8N Natural Light Blond

Garnier Color Naturals 8N Natural Light Blond Permanent Hair Color Cream

INSTRUCTION MANUAL

Product Overview

Garnier Color Naturals provides a nourishing permanent hair color cream designed for effective and lasting results. This product offers comprehensive coverage and aims to maintain hair softness.

- Exceptional coverage and color saturation.
- Covers up to 100% white hairs.
- The cream texture is easy to apply and resists dripping.
- Helps keep hair soft and silky to the touch.
- Formulated to be gentle on the scalp.

Safety Information

Before using this product, it is essential to read and follow all safety instructions. Hair colorants can cause severe allergic reactions. Perform an allergy patch test 48 hours before each use, even if you have previously used coloring products. Do not use if you have a rash on your face or a sensitive, irritated, or damaged scalp. Avoid contact with eyes. Rinse eyes immediately if product comes into contact with them. Wear suitable gloves. Keep out of reach of children.

What's Included

A standard Garnier Color Naturals kit typically includes:

- Developer Milk
- Nourishing Color Cream
- Nourishing Conditioner
- Instruction Leaflet
- Pair of Gloves

Image: Components of the Garnier Color Naturals 8N Natural Light Blond hair color kit, including the developer, color cream, conditioner, and gloves.

Preparation

1. **Perform Allergy Patch Test:** 48 hours before application, apply a small amount of the mixed product to a discreet area of skin, such as behind the ear. Observe for any reaction.
2. **Prepare Hair:** Wash your hair with a clarifying shampoo to remove any product buildup. Do not use conditioner immediately before coloring. Towel-dry your hair thoroughly.
3. **Protect Skin and Clothing:** Apply a thin layer of petroleum jelly around your hairline to prevent skin staining. Drape an old towel or cape over your shoulders to protect clothing.
4. **Mix Color Cream:** Put on the provided gloves. Open the developer milk bottle and the nourishing color cream tube. Squeeze the entire contents of the color cream tube into the developer milk bottle. Close the bottle securely and shake vigorously for at least 30 seconds until the mixture is uniform.

Application (Operating)

- 5. **Apply Mixture:** Immediately after mixing, unscrew the applicator tip. Apply the mixture evenly to your hair. For first-time coloring or root touch-up, follow specific instructions in the leaflet. Generally, start applying at the roots, then distribute through the lengths and ends. Ensure all hair is saturated.
- 6. **Processing Time:** Once application is complete, cover your hair with a shower cap (not included) if desired, to help maintain warmth. Allow the color to process for 30 minutes. Refer to the instruction leaflet for specific timing based on your hair type and desired intensity.

Rinsing & Aftercare (Maintenance)

- 7. **Rinse Hair:** After the processing time, add a small amount of warm water to your hair and gently massage to emulsify the color. Rinse thoroughly with lukewarm water until the water runs clear and is free of color residue.
- 8. **Apply Conditioner:** Apply the entire contents of the nourishing conditioner sachet to your hair. Massage gently and leave on for 2-3 minutes.
- 9. **Final Rinse:** Rinse your hair thoroughly with cool water to seal the cuticle and enhance shine.
- 10. **Drying:** Gently towel-dry your hair and style as usual.

Troubleshooting

Issue	Possible Cause / Solution
Color did not take evenly	Ensure hair is saturated evenly during application. Hair porosity can also affect results; very porous hair may absorb color differently.
Color is too dark/light	Processing time may have been too short or too long. Always adhere to recommended timings. Initial hair color also impacts the final shade.
Scalp irritation or itching	This could indicate an allergic reaction. Rinse immediately and consult a medical professional. Always perform a patch test.
Hair feels dry or damaged	Ensure you use the nourishing conditioner provided. Avoid over-processing. Consider deep conditioning treatments in the following weeks.

Specifications

Brand: Garnier

Product Name: Color Naturals Nourishing Permanent Hair Color Cream

Shade: 8N Natural Light Blond

Item Form: Liquid (Cream)

Package Information: Bottle

Product Benefits: Nourishing formula with exceptional gray hair coverage and easy application

Package Dimensions: 6.38 x 2.6 x 1.85 inches

Weight: 5.29 ounces

Manufacturer: L'Oréal
