## ZINUS OLB-QLBKB-Q

# ZINUS Quick Lock Bunkie Board User Manual

Model: OLB-QLBKB-Q

Brand: ZINUS

## 1. OVERVIEW

The ZINUS Quick Lock Bunkie Board is designed to provide a slim, strong, and sturdy foundation for your mattress, serving as an excellent replacement for traditional box springs or as an enhancement for existing bed frames. Its innovative Quick Lock construction ensures fast and easy assembly, making it a convenient solution for various bed types.

This bunkie board is ideal for use with bunk beds, day beds, and recessed "sit-in" platform bed frames. It offers reliable support for spring, memory foam, and hybrid mattresses, promoting their longevity and comfort. The compact packaging facilitates easy transport and maneuverability through tight spaces like stairs and hallways.

## 2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children.
- Ensure all connections are securely fastened before placing a mattress on the bunkie board.
- Do not stand or jump on the bunkie board.
- This bunkie board is designed for mattress support only. It is not intended to be used as a standalone bed frame.
- Always confirm the measurements of your bed frame to ensure compatibility with the ZINUS Quick Lock Bunkie Board.

## 3. PACKAGE CONTENTS

Your ZINUS Quick Lock Bunkie Board package should contain all necessary components for assembly. Please verify that all parts are present and undamaged before beginning assembly.

- Steel frame components (side rails, center support, cross slats)
- Assembly hardware (bolts, nuts, washers, tools if included)
- Instruction manual (this document)

If any parts are missing or damaged, please contact ZINUS customer support for assistance.

## 4. SETUP AND ASSEMBLY

---

The ZINUS Quick Lock Bunkie Board features a Quick Lock Construction for fast and easy assembly. It is recommended to assemble the unit in the room where it will be used.

### 4.1 Preparation

- Clear an open space on a soft, clean surface (like a carpeted floor) to prevent scratching the product or your flooring.
- Unpack all components and lay them out, identifying each part according to the included parts list.

### 4.2 Assembly Steps

1. Begin by connecting the main frame components. The Quick Lock design allows for intuitive connection without complex tools.
2. Once the outer frame is assembled, insert the steel slats into their designated slots. Ensure each slat is fully seated and locked into place.
3. Verify all connections are secure and the frame is stable.
4. Carefully place the assembled bunkie board into your existing bed frame.

## 5. OPERATING INSTRUCTIONS

---

Once assembled and placed within your bed frame, the ZINUS Quick Lock Bunkie Board is ready to support your mattress.

- Carefully place your mattress directly onto the steel slats of the bunkie board.
- The bunkie board provides a firm and even surface, distributing the weight of your mattress and body evenly.
- Some models may include non-slip tape on the slats to help keep your mattress securely in place.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your ZINUS Quick Lock Bunkie Board, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which may damage the finish.
- **Periodic Inspection:** Periodically check all bolts and connections to ensure they remain tight and secure. Tighten any loose fasteners as needed.
- **Avoid Excessive Moisture:** Keep the bunkie board in a dry environment to prevent rust or corrosion.

## 7. TROUBLESHOOTING

If you encounter any issues with your ZINUS Quick Lock Bunkie Board, please refer to the following common troubleshooting tips:

- **Squeaking Noises:** If the bunkie board makes noise, check all connections and ensure they are tightened. Sometimes, slight adjustments or re-tightening can resolve squeaks.
- **Mattress Sliding:** If your mattress slides on the bunkie board, ensure it is properly centered. If the issue persists, consider using a non-slip mattress pad or additional non-slip strips (if not already present).
- **Difficulty Assembling:** If you are having trouble with assembly, double-check the instruction manual to ensure all parts are correctly oriented and connected. The Quick Lock system is designed for easy assembly, but proper alignment is key.
- **Fit Issues with Bed Frame:** Ensure your bed frame's internal dimensions match the bunkie board's dimensions. The ZINUS Quick Lock Bunkie Board is designed for standard sizes, but variations in third-party frames can occur.

For persistent issues or concerns not addressed here, please contact ZINUS customer support.

## 8. SPECIFICATIONS

| Attribute     | Detail  |
|---------------|---|
| Brand         | ZINUS   |
| Model Number  | OLB-QLBKB-Q                                       |
| Size (Queen)  | 78.7"L x 59.5"W x 1.6"Th (79 x 59.5 x 1.6 inches) |
| Item Weight   | 31 pounds   |
