Vipbear Base M300

Vipbear Queen Adjustable Bed Frame with Massage and Voice Control

MODEL: BASE M300 - USER MANUAL

1. Introduction

This manual provides essential information for the assembly, operation, and maintenance of your Vipbear Queen Adjustable Bed Frame, Model Base M300. Please read these instructions thoroughly before setup and use to ensure proper function and safety.

2. Safety Information

WARNING: Exceeding the maximum weight recommendation of 750 pounds or improper assembly may result in instability or other safety issues.

- Ensure all components are securely fastened before use.
- Keep children and pets away from moving parts during operation.
- Do not allow children to operate the remote control unsupervised.
- Keep all electrical cords clear of moving parts and potential pinch points.
- Unplug the bed frame from the power outlet before cleaning or maintenance.
- This product is intended for indoor use only.

3. Package Contents

Verify that all components are present before beginning assembly:

- 1x Queen adjustable bed base
- Wireless Remote Control
- Power Adapter and Cord
- Adjustable Legs (quantity may vary based on model)
- Mattress Retainer Bar(s)
- User Manual (this document)

4. Assembly Instructions

Assembly of the Vipbear Queen Adjustable Bed Frame is designed to be straightforward and tool-free. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place the main bed frame on a clean, flat surface.
2. **Unfold the Bed Frame:** Gently unfold the bed frame sections. Ensure the frame is fully extended and locked into place.
3. **Attach Legs:** Screw the adjustable legs into the designated threaded holes on the underside of the frame. Hand-tighten them securely. Adjust leg height to your preference (e.g., 5", 7", or 12" as shown in some illustrations).
4. **Install Mattress Retainer Bar:** Insert the mattress retainer bar(s) into the slots at the foot of the bed frame. This prevents the mattress from sliding during adjustments.
5. **Connect Power:** Plug the power cord into the bed frame's control box, then plug the adapter into a wall outlet.

Rich Humanized Design Functions, Enjoy The Fun In Bed

ADJ-BED Remote ControlInstructions

5. Operating Instructions

Your Vipbear Adjustable Bed Frame offers various features for personalized comfort, controlled via the wireless remote or voice commands.

5.1. Wireless Remote Control

The wireless remote allows you to adjust the bed's position, activate massage functions, and control other features. Familiarize yourself with the buttons:

Image: Detailed view of the wireless remote control, highlighting buttons for various functions including head/foot adjustments, massage, and preset positions.

- **Head Up/Down:** Adjusts the head section from 0° to 65°.
- **Foot Up/Down:** Adjusts the foot section from 0° to 45°.
- **Flat Preset:** Returns the bed to a flat position.
- **Zero Gravity Preset:** Elevates both head and foot to a position that may reduce pressure on the back.
- **Anti-Snore Preset:** Slightly elevates the head to open airways.
- **Lounge Preset:** A comfortable position for reading or relaxing.
- **Massage:** Activates and cycles through various massage modes and intensities.
- **Under-Bed Light:** Turns the under-bed lighting on or off.
- **Memory Presets (M1, M2):** Save your favorite custom positions. To save, adjust to desired position, then press and hold M1 or M2 until the remote confirms.
- **Lock/Unlock Remote:** Prevents accidental adjustments.

5.2. Voice Control

The bed frame supports voice control for hands-free operation. Refer to the specific voice command instructions included with your product for a list of supported commands.

5.3. USB Charging Ports

Convenient USB-A and USB-C ports are located on each side of the bed frame for charging your devices.

6. Features Overview

The Vipbear Queen Adjustable Bed Frame is designed to enhance your sleep and relaxation experience with a range of advanced features:

- **Thickened Frame:** A robust 3.5-inch thickened frame provides enhanced durability and stability.
- **Independent Head and Foot Lift:** Customize your sleeping or lounging position with separate adjustments for the head (0°-65°) and foot (0°-45°) sections.

- **Multi-body Massage:** Integrated massage functions with various modes and intensities to soothe and relax.
- **Wireless Remote Control:** Intuitive control over all bed functions from the convenience of your hand.
- **Voice Control:** Operate the bed hands-free using voice commands.
- **Anti-Snore / Zero Gravity Modes:** Pre-programmed positions for specific comfort and health benefits.
- **Under-Bed Light:** Soft illumination for navigating in the dark.
- **USB Charging Ports:** Convenient USB-A and USB-C ports on each side for charging electronic devices.
- **Mattress Retainer Bar:** Keeps your mattress securely in place during adjustments.
- **Sturdy Metal Support:** Designed to support up to 750 pounds.

7. Maintenance

Proper care will extend the life of your adjustable bed frame:

- **Cleaning:** For the fabric components, follow the care instructions: "Hand Wash Only." For the metal frame, wipe with a damp cloth and mild detergent. Avoid harsh chemicals.
- **Inspection:** Periodically check all bolts and connections to ensure they are tight.
- **Power Cord:** Ensure the power cord is not pinched or damaged.

8. Troubleshooting

If you encounter any issues with your adjustable bed frame, please refer to the following common solutions:

- **No Power:** Check if the power cord is securely plugged into both the bed frame and the wall outlet. Ensure the outlet is functional.
- **Remote Not Responding:** Check the batteries in the wireless remote. Ensure the remote is not locked.
- **Bed Not Adjusting:** Verify that no objects are obstructing the bed's movement. Check the weight limit.
- **Unusual Noises:** Ensure all legs and frame connections are tight. If noises persist, contact customer support.

For issues not covered here, please contact Vipbear customer support.
