SETUP

1. **Connect to Power:** Connect the provided USB Type-C cable to the charging stand's USB-C port. Plug the other end of the cable into a compatible QC & PD fast charging adapter (not included). For optimal fast charging, a QC & PD compatible adapter is required.

2. **Unfold the Stand:** Gently unfold the charging stand to its desired upright position. The stand is designed to be foldable for easy storage and portability.

3. **Attach Apple Watch Charger (Optional):** The Apple Watch charging part is detachable. If you wish to use it separately, simply detach it from the main unit. It can then be plugged into any USB Type-C port for standalone Apple Watch charging.

OPERATING INSTRUCTIONS

This charging stand offers convenient and efficient charging for your devices.

- **Charging iPhone:** Place your MagSafe-compatible iPhone onto the magnetic charging pad. The strong magnets will align your device precisely for optimal charging. You can charge your iPhone in both horizontal and vertical orientations while using the stand hands-free.

- **Charging AirPods:** Place your AirPods (with wireless charging case) onto the designated charging area at the base of the stand.

- **Charging Apple Watch:** Place your Apple Watch onto the integrated charging module on the side arm.

- **Fast Charging Modes:** The charger supports 5 charging modes: 15W, 10W, 7.5W, 5W, and 2.5W, providing stable and efficient performance.

MAINTENANCE

To ensure the longevity and optimal performance of your charging stand, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the charger. Do not use abrasive cleaners, solvents, or harsh chemicals.

- **Storage:** When not in use, store the charger in a cool, dry place, away from direct sunlight and extreme temperatures. Utilize the included storage case for protection during travel.

- **Cable Care:** Avoid bending or crimping the USB Type-C cable excessively. Always grasp the plug, not the cable, when disconnecting.

TROUBLESHOOTING

If you encounter any issues with your charging stand, please refer to the following common solutions:

Problem	Possible Cause	Solution
Device not charging	Loose cable connection; Incompatible power adapter; Device not properly aligned; Foreign object on charging pad.	Ensure USB-C cable is securely connected. Use a QC & PD compatible adapter. Realign device on the charging pad. Remove any foreign objects (e.g., metal, credit cards) from the charging surface.
Slow charging	Non-QC/PD adapter used; Device case too thick; Background apps consuming power.	Use a QC & PD compatible power adapter. Remove thick phone cases. Close unnecessary background applications on your device.
Overheating	Poor ventilation; Charging in direct sunlight.	Ensure the charger is placed in a well-ventilated area. Avoid charging in direct sunlight or hot environments.
