1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface (like a carpet or blanket) to prevent scratches. Identify each part using the provided parts list in the assembly guide.
2. **Attach Metal Legs to Desk Top:** Place the desk top upside down on your protected surface. Align the pre-drilled holes on the half-moon shaped metal legs with the corresponding holes on the underside of the desk top. Secure the legs using the provided screws and the Allen wrench. Do not fully tighten screws yet.
3. **Connect Legs with Metal Tube:** Insert the connecting metal tube between the two assembled legs. Align the holes on the tube with the holes on the legs and secure with the appropriate screws. Once the tube is in place, fully tighten all screws on the legs and the connecting tube.
