1. INTRODUCTION

Thank you for choosing the VIPEK V40C Plus Heavy Duty Clothes Rack. This manual provides detailed instructions for the safe assembly, operation, and maintenance of your new clothing storage solution. Please read this manual thoroughly before assembly and retain it for future reference.

2. SAFETY INFORMATION

- **Weight Limit:** Do not overload the rack beyond its maximum capacity of 1330 lbs. Overloading can cause structural damage and potential injury.
- **Stability:** Ensure the rack is placed on a flat, stable surface. Verify all connections are secure before loading clothes or items onto the shelves.
- **Zippered Cover:** Exercise caution when operating the zippered cover to prevent entanglement of clothing or personal items.
- **Assembly:** Follow all assembly instructions carefully. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow them to climb on or play with the assembled rack.
- **Anti-Tip Device:** For added safety, especially in households with children or in areas prone to seismic activity, utilize the included anti-tip devices to secure the rack to a wall.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts listed below are present. Refer to the assembly diagram for visual

identification of components.

Image 3.1: Overview of all components included in the VIPEK V40C Plus package. This includes various poles, wire shelves, plastic clips, and anti-tip devices.

- Vertical Poles (various lengths)
- Wire Shelves (various sizes)
- Plastic Clips (for securing shelves)
- Hanging Bars
- Adjustable Leveling Feet
- Oxford Fabric Cover
- Anti-Tip Devices (optional wall fasteners)
- Rubber Mallet (for assembly)

4. ASSEMBLY INSTRUCTIONS

Assembly is straightforward. Please follow these steps carefully. An installation video is also available for visual guidance.

4.1. Watch the Installation Video

Your browser does not support the video tag.

Video 4.1: Detailed installation guide for the VIPEK V40C Plus Clothes Rack, demonstrating each step of the assembly process.

4.2. Bottom Section Assembly

1. **Attach Plastic Clips:** Secure the plastic clips to the bottom poles. Ensure the flanges on the clips fit perfectly into the grooves on the poles. Incorrect placement will cause the clips to slide off.

Image 4.2.1: Proper alignment of plastic clips with pole grooves for secure attachment.

2. **Install Bottom Shelves:** Slide the bottom wire shelves over the poles, ensuring they rest firmly on the plastic clips. Use a rubber mallet to gently tap the bulge parts along the edge of the wire shelf to make it firmly fit onto the poles.

Image 4.2.2: Using a rubber mallet to ensure shelves are securely fitted.

4.3. Middle Section Assembly

1. **Extend Poles:** Connect the middle section poles to the bottom poles.
2. **Install Middle Shelves and Hanging Bars:** Attach plastic clips at desired heights for middle shelves and hanging bars. Slide shelves down parallel to the floor until all four sleeves fit snugly onto the poles. Insert hanging bars into their designated slots.

Image 4.3.1: Correct method for installing shelves to ensure a snug fit.

4.4. Top Section Assembly

1. **Extend Poles:** Connect the top section poles.
2. **Install Top Shelves and Hanging Bars:** Attach plastic clips and install the top shelves and any remaining hanging

bars.

Image 4.4.1: Installation of top hanging bars.

4.5. Configuration Options

The VIPEK V40C Plus offers flexible configurations. You can assemble it as an L-shaped unit or a straight-line unit to suit your space.

Image 4.5.1: Visual guide for L-shaped and straight-line assembly options.

- **L-shaped Configuration:** Connect the units at a right angle using the provided connectors.
- **Straight-line Configuration:** Connect the units in a linear fashion.

4.6. Optional Anti-Tip Device Installation

To prevent accidental tipping, it is recommended to fasten the assembled garment rack to the wall using the included anti-tip devices (Part P).

1. Mark the desired location on the wall for the anti-tip bracket, aligning it with a sturdy part of the rack.
2. Drill pilot holes and insert wall anchors if necessary.
3. Secure the anti-tip bracket to the wall with screws.
4. Use the provided strap to connect the rack to the wall bracket.

Image 4.6.1: Components and installation steps for the anti-tip device.

5. OPERATION

5.1. Utilizing Storage Space

The VIPEK V40C Plus is designed for maximum storage efficiency. It features 6 adjustable shelves and 4 detachable hanging bars, allowing for customized organization.

Image 5.1.1: Example of organized storage with various clothing lengths and accessories.

- **Hanging Clothes:** Use the hanging bars for shirts, dresses, coats, and other garments. The detachable bars allow for varying lengths of clothing.
- **Shelf Storage:** Utilize the adjustable wire shelves for folded items, shoes, bags, or storage bins.
- **Top Storage:** The top surface of the rack can be used for storing luggage or less frequently used items.

5.2. Using the Oxford Fabric Cover

The included Oxford fabric cover provides protection against dust, light, and offers privacy for your stored items.

Image 5.2.1: The clothes rack with its dustproof cover closed.

- **Closing the Cover:** Use the smooth nylon zipper to fully close the cover, protecting your garments from dust and light.
- **Opening the Cover:** Unzip the cover. The front two straps can be used to secure the parted curtains, allowing easy access to your clothes.

6. MAINTENANCE

- **Cleaning the Rack:** Wipe the carbon steel frame with a damp cloth to remove dust and dirt. Avoid abrasive cleaners that could damage the matte powder coating.
- **Cleaning the Cover:** The Oxford fabric cover can be spot cleaned with a mild detergent and damp cloth. Allow it to air dry completely. Do not machine wash or tumble dry.
- **Regular Checks:** Periodically check all connections, screws, and clips to ensure they remain tight and secure. Retighten if necessary.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Rack is unstable or wobbly.	Loose connections; uneven floor; overloaded.	Ensure all plastic clips are correctly seated in pole grooves and shelves are firmly in place. Adjust leveling feet for an even surface. Reduce load if exceeding weight capacity.
Shelves slide down.	Plastic clips not properly installed.	Re-install plastic clips, ensuring the flanges fit perfectly into the grooves on the poles.
Missing parts during assembly.	Packaging error.	Do not proceed with assembly. Contact VIPEK customer support with your purchase details for assistance.
Zipper on cover is stuck or difficult to move.	Fabric caught in zipper; zipper needs lubrication.	Gently pull fabric away from the zipper. Apply a small amount of zipper lubricant or wax to the teeth.

8. SPECIFICATIONS

- Model:** VIPEK V40C Plus
- Dimensions (L x W x H):** 90.9" x 17.3" x 76.4"
- Material:** Thickened Carbon Steel
- Finish:** Matte Powder Coating
- Cover Material:** Oxford Fabric
- Max Load Capacity:** 1330 lbs
- Number of Shelves:** 6 (adjustable)
- Hanging Bars:** 4 (detachable)
- Assembly Required:** Yes
