Yaheetech 614627 Black

Yaheetech Double Door Dog Crate Instruction Manual

MODEL: 614627 BLACK

Brand: Yaheetech

1. INTRODUCTION

Thank you for choosing the Yaheetech Double Door Dog Crate. This versatile and collapsible metal crate is designed to provide a safe and comfortable space for your dog, from puppyhood through adulthood. Its thoughtful design includes a removable tray for easy cleaning and a divider to adjust the living space as your pet grows. This manual will guide you through the setup, operation, maintenance, and specifications of your new dog crate.

2. PRODUCT FEATURES

- **Versatile Dog Crate for All Stages:** Adapts to every stage of your dog's life, from playful puppies to adult dogs, with an adjustable divider to tailor space for comfort and convenience.

- **Portable & Collapsible Design:** Features a convenient buckle setup and a detachable handle, allowing it to be easily folded down to a compact size for travel, camping, or storage under beds, sofas, or in tight spaces.

- **Spacious Haven for Medium-Sized to Large Dogs:** Tailored for breeds like Labradors, Golden Retrievers, and Border Collies, providing ample room to lounge, stretch, or relax.

- **Pull-Out Leak-Proof Tray:** Includes a removable leak-proof tray at the bottom to catch spills and accidents, ensuring easy cleaning. Locking buckles keep the tray securely in place.

- **Grow-with-Me Interior:** The clever divider adjusts the living space as your puppy grows, assisting with potty training during early days.

4. SETUP INSTRUCTIONS

Your Yaheetech dog crate is designed for quick and easy setup. Follow these steps:

4.1 Unfolding the Crate

1. Place the folded crate on a flat, stable surface.
2. Unclip the side buckles that hold the crate in its folded position.
3. Lift the top panel and unfold the side panels outwards until they form the crate's rectangular shape.
4. Secure the side panels to the top panel using the integrated buckles/latches.
5. Ensure all panels are securely locked into place to prevent collapse.

### FOLDABLE DESIGN FOR EASY STORAGE AND PORTABILITY

Folded flat for easy transport

Easily stored in any narrow spaces

Image: Visual guide for the convenient buckle setup, showing the crate unfolding process.

4.2 Installing the Divider Panel

The divider panel allows you to adjust the crate's internal space, ideal for growing puppies or creating separate areas.
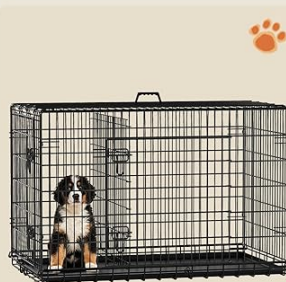

1. Tilt the divider panel to fit through the crate's door opening.

2. Securely attach the divider's hooks to one side of the crate's wire mesh.

3. Place the divider where needed, ensuring it's level and vertical.

4. Position the opposite side of the divider into place, aligning the hooks and pressing firmly for a tight fit.

Image: Step-by-step guide for assembling the dog crate divider.

4.3 Inserting the Removable Tray

Slide the leak-proof tray into the bottom of the crate. Ensure it sits flat and is secured by the bottom wire frame. For detailed visual instructions, you may refer to the official Installation Manual (PDF) available here.

---

5. Operating Instructions

The Yaheetech dog crate offers dual-door access and a secure locking mechanism for your pet's safety and your convenience.

5.1 Door Operation

The crate features two doors: one on the front and one on the side. Each door is equipped with two secure slide-bolt latches.

- To open, slide both latches upwards and then outwards.
- To close and secure, align the door with the frame and slide both latches inwards and then downwards until they click into place.

Image: The crate demonstrating access from both the side and front doors, offering double convenience for placement in any space.

5.2 Dog Crate Adaptation Guide

Proper introduction and adaptation are crucial for your dog's comfort and safety within the crate.

1. **Introducing the Dog Crate:** Place the crate in a quiet area of your home, allowing your dog to freely explore its new sanctuary.

2. **Open Doors Invitation:** Begin with both doors open, enticing your dog inside with something appealing (like treats or toys) to create positive associations.

3. **Gradual Doors Closure:** Gently close the doors for short crate sessions, ensuring your dog feels comfortable and secure while offering praise.

4. **Progressive Adaptation:** Gradually extend crate sessions as your dog becomes more accustomed and fully embraces its cozy new home.

Image: A visual guide detailing the four steps for dog crate adaptation, from introduction to progressive use.

5.3 Using with Playpens

The crate can be paired with compatible playpens to create a larger, more versatile environment for your pet.

---

6. MAINTENANCE

Regular cleaning of your Yaheetech dog crate will ensure a hygienic and comfortable environment for your pet.

6.1 Cleaning the Pull-Out Tray

The leak-proof tray is designed for effortless cleaning.

1. Unlock the tray by releasing the locking buckles.
2. Slide the tray out from the bottom of the crate.
3. Wipe down the tray with a damp cloth and mild, pet-safe detergent. For deeper cleaning, the tray can be hosed down.
4. Ensure the tray is completely dry before reinserting it into the crate.
5. Secure the tray by re-engaging the locking buckles.

PULL-OUT TRAY FOR EASY CLEANING

Front door for spacious spaces

Image: Graphic detailing the pull-out tray's features, including waterproof design for easy cleaning and increased depth to prevent spills.

6.2 General Crate Cleaning

Wipe down the wire frame with a damp cloth and mild, pet-safe cleaner as needed. Avoid harsh chemicals that could harm your pet or damage the crate's finish.

7. TROUBLESHOOTING

Here are some common issues and their potential solutions:

- **Crate not folding/unfolding smoothly:** Ensure all latches are fully disengaged/engaged. Check for any bent wires that might obstruct movement.
- **Divider panel is loose:** Re-check that the divider's hooks are properly aligned and firmly pressed into the wire mesh on both sides.
- **Dog escaping the crate:** Ensure both top and bottom latches on all active doors are fully secured. Consider additional external locks if your dog is a persistent escape artist. Ensure the crate size is appropriate for your dog, allowing them to stand and turn comfortably but not providing excessive space that encourages destructive behavior.
- **Tray sliding out:** Verify that the tray's locking buckles are fully engaged after inserting the tray.
