

Ray-Ban RB3030

Ray-Ban RB3030 Outdoorsman I Aviator Sunglasses User Manual

Model: RB3030 | Brand: Ray-Ban

1. PRODUCT OVERVIEW

The Ray-Ban RB3030 Outdoorsman I Aviator Sunglasses are designed for durability and superior optical performance. This model features a robust metal frame, adjustable nose pads, and precision-curved lenses to ensure comfort and clear vision. The design incorporates a timeless style with modern engineering.

- **Meticulous Styling:** Each pair is crafted with original styling that translates fashion trends into a contemporary look.
- **Optimal Sizing:** Ray-Ban sizes refer to the width of one lens in millimeters, ensuring a precise fit.
- **Protective Case:** Includes a protective case for safe storage, available in various colors.
- **Prescription-Ready Lenses:** Lenses are suitable for prescription (Rx-able) customization.
- **Authenticity Mark:** Features an etched "RB" on the left lens, which is a mark of authenticity and not a defect.

2. SETUP AND FIRST USE

Upon receiving your Ray-Ban RB3030 Outdoorsman I Aviator Sunglasses, perform a brief inspection to ensure all components are intact.

2.1 Initial Inspection

Carefully remove the sunglasses from their protective case. Check the frame for any visible damage and ensure the lenses are clean and free from scratches. Verify the presence of the etched "RB" on the left lens, confirming authenticity.

2.2 Fit Adjustment

The RB3030 model features adjustable nose pads. Gently adjust these pads to ensure the sunglasses sit comfortably and securely on your nose without slipping or causing pressure points. The temple tips are designed to provide a secure fit around the ears. If the fit feels too tight or too loose, it is recommended to visit a qualified optician for professional adjustment to prevent damage to the frame.

3. OPERATING INSTRUCTIONS

To wear your Ray-Ban RB3030 Outdoorsman I Aviator Sunglasses:

1. Hold the sunglasses by the frame, not the lenses.
2. Place the temple arms over your ears, ensuring the ear hooks sit comfortably and securely.
3. Adjust the nose pads if necessary for optimal comfort and stability.

These sunglasses are designed to provide protection from harmful UV rays and reduce glare, enhancing visual comfort in bright conditions.

4. MAINTENANCE AND CARE

Proper care extends the life and maintains the performance of your sunglasses.

- **Cleaning:** Clean lenses and frames with a soft, dry cloth. For stubborn smudges, use a specialized eyewear cleaning solution and a microfiber cloth. Avoid using abrasive materials or household cleaners, which can damage coatings.
- **Storage:** Always store your sunglasses in the provided protective case when not in use. This prevents scratches and damage from external pressure.
- **Temperature Exposure:** Avoid exposing your sunglasses to high heat or direct sunlight for prolonged periods when not in use (e.g., on a car dashboard). Extreme temperatures can warp the frame or damage lens coatings.

5. TROUBLESHOOTING

If you encounter any issues with your sunglasses, consider the following:

- **Discomfort or Poor Fit:** If the sunglasses feel uncomfortable or do not sit correctly, gently adjust the nose pads. For significant fit issues, consult a professional optician for adjustments to avoid damaging the frame.
- **Loose Screws:** Periodically check the screws at the hinges and nose pads. If loose, gently tighten them with a small eyewear screwdriver. Avoid overtightening.
- **Scratched Lenses:** Minor scratches can sometimes be polished with specialized lens repair kits, but deep scratches may require lens replacement. Contact Ray-Ban customer service or an authorized dealer for replacement options.

6. SPECIFICATIONS

Feature	Detail
Model Number	RB3030
Frame Material	Metal

SIZE GUIDE

Choosing the right eyewear can be a complex process. This guide will help you find your best match.

**Please refer to copy bullets for size information specific to this frame.*

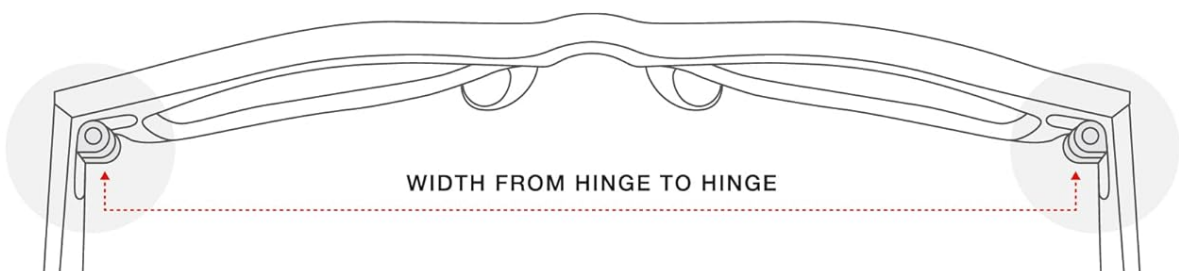

WHAT IS FRAME SIZE?

The frame size refers to the horizontal width of the frame, measured between the center of the left and the right hinge. Our frames come in one or multiple sizes. See the range in the chart below:

SIZE	HINGE TO HINGE (MM)	HINGE TO HINGE (INCHES)
XXS	<121	<4.8
XS	121 - 124	4.8 - 4.9
S	125 - 128	4.9 - 5
M	129 - 132	5.1 - 5.2
L	133 - 136	5.3 - 5.4
XL	137 - 140	5.4 - 5.5
XXL	>140	>5.5

HOW DO I KNOW THE RIGHT SIZE FOR ME?

To find your correct frame size, use a ruler to measure the hinge-to-hinge distance of a pair of glasses that you already own and that fits you well. Consider the tolerance range of +/- 4mm.
