6. MAINTENANCE

To keep your BAKA Tulips Flowers Bouquet looking its best, follow these simple maintenance guidelines:

- **Dusting:** Regularly dust the flowers and vase with a soft, dry cloth or a soft brush to prevent dust buildup.
- **Cleaning:** For more thorough cleaning, gently wipe the surfaces with a slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.
- **Storage:** If you need to store the set, disassemble it carefully and keep the bricks in a clean, dry container away from direct sunlight to prevent discoloration.

7. TROUBLESHOOTING

Should you encounter any issues during assembly or use, please refer to the following common solutions:

- **Missing Pieces:** Double-check all packaging materials and bags. If a piece is genuinely missing, contact customer support with details of the missing part (refer to the instruction booklet for part identification).

- **Difficulty Assembling:** Review the instruction booklet carefully, paying close attention to the diagrams and step-by-step guidance. Ensure you are using the correct pieces for each step. Sometimes, a small piece may be overlooked.
- **Loose Connections:** Ensure that all building bricks are firmly pressed together. A secure connection will prevent parts from falling off.
- **Discoloration:** Prolonged exposure to direct sunlight can cause plastic to fade. Keep the bouquet away from direct sunlight to maintain its vibrant colors.
