ASSEMBLY INSTRUCTIONS

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list.

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. For the upholstered headboard, use a mild fabric cleaner or a damp cloth to spot clean. Avoid harsh chemicals or abrasive cleaners.
- **Fastener Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.

- **Charging Station Care:** Keep the charging ports free of dust and debris. Do not expose the charging station to liquids.

TROUBLESHOOTING

Bed Frame is Wobbly/Squeaky:

Ensure all bolts and screws are fully tightened. Check that the bed frame is on a level surface. If the floor is uneven, consider using furniture pads under the legs.

Charging Station Not Working:

Verify that the power cord for the charging station is securely plugged into a functional wall outlet. Check if the outlet itself is receiving power. Ensure devices are properly connected to the USB ports or outlets.

Parts Missing or Damaged:

Refer to the package contents list. If any parts are missing or damaged upon arrival, do not proceed with assembly. Contact HRVEOCEI customer support immediately for assistance.
