Setup Instructions

Follow these steps to assemble your Avrsol Twin Size Bed Tent Canopy:

1. **Unpack Components:** Carefully remove all poles, connectors, fabric cover, star lights, and pennant banners from the packaging.
2. **Assemble Frame:** Connect the frame poles using the provided connectors. Ensure each pole is fully inserted into the connector for a secure fit.
3. **Secure Connections:** Press firmly on each pole and connector to ensure a tight connection. There should be no gaps between the poles and connectors. Two-person assistance is recommended for easier assembly.
4. **Drape Fabric Cover:** Once the frame is assembled, carefully drape the fabric tent cover over the frame. Ensure the

cover is aligned correctly with the frame structure.

5. **Attach Panels:** Secure the removable front door and window panels as desired.
6. **Add Decorations:** Install the star string lights and pennant banners according to your preference.
7. **Position Tent:** Place the assembled bed tent over a twin-size mattress.

Operating Instructions

The Avrsol Twin Size Bed Tent Canopy is designed for creating a private and comfortable sleeping or play area. Here are guidelines for its use:

- **Privacy and Comfort:** Close the removable front door and window panels to create a secluded space for sleeping, reading, or quiet play.

- **Ventilation:** The tent features windows to allow for air circulation. Open the panels as needed for increased ventilation.
- **Lighting:** Utilize the included star string lights to provide ambient lighting inside the tent. Ensure batteries (if required for lights) are installed correctly.
- **Compatibility:** This bed tent is designed to fit over a standard twin-size mattress.
- **Portability:** The tent can be disassembled and packed for travel or storage.

Maintenance

Proper care will extend the life of your bed tent:

- **Fabric Cleaning:** The polyester cotton fabric cover is washable. **Hand wash only** to preserve the material and structure. Do not machine wash or tumble dry.
- **Frame Care:** Wipe the frame poles and connectors with a damp cloth if they become dirty. Ensure they are dry before storage to prevent rust.
- **Storage:** When not in use, disassemble the tent and store all components in a dry, cool place away from direct sunlight.
- **Light Care:** Handle the star string lights gently. Check battery compartments periodically for corrosion if battery-

operated.

Troubleshooting

Problem	Possible Cause	Solution
Tent frame feels unstable or wobbly.	Poles not fully inserted into connectors; gaps present.	Disassemble and reassemble, ensuring all poles are pressed firmly into connectors until no gaps remain. Two-person assembly can help ensure tight connections.
Fabric cover does not fit properly or corners are loose.	Frame not assembled correctly or fabric not aligned.	Verify the frame is assembled according to instructions. Adjust the fabric cover to ensure it is evenly distributed and secured over the frame.
Star lights are not working.	Dead batteries or incorrect battery installation.	Check if batteries are installed correctly with the correct polarity. Replace with fresh batteries if necessary.
