BIG BOOM EP-48794BIG BOOM

BIG BOOM® 3.5mm Stereo Plug Splitter Cable Adapter

Model: EP-48794BIG BOOM

Introduction

This manual provides instructions for the proper use and care of your BIG BOOM® 3.5mm Stereo Plug Splitter Cable Adapter. This cable allows you to connect two audio output devices, such as headphones or speakers, to a single 3.5mm audio source. Please read this manual carefully before use and retain it for future reference.

Safety Information

- Keep the cable away from water and excessive moisture.
- Avoid exposing the cable to extreme temperatures.
- Do not attempt to disassemble or modify the cable. This may void any potential warranty and could cause damage.
- Handle the connectors gently to prevent bending or breaking the pins.
- Keep out of reach of children.

Package Contents

- 1 x BIG BOOM® 3.5mm Stereo Plug Splitter Cable Adapter

Setup

The BIG BOOM® 3.5mm Stereo Plug Splitter Cable Adapter is designed for simple plug-and-play functionality.

1. **Identify the Connectors:** The cable has one male 3.5mm stereo plug and two female 3.5mm stereo jacks.
2. **Connect to Audio Source:** Insert the male 3.5mm stereo plug into the audio output port of your device (e.g., smartphone, tablet, laptop, MP3 player).
3. **Connect Audio Output Devices:** Plug your two headphones, earphones, or speakers into the two female 3.5mm stereo jacks on the splitter cable.

Operating

Once the cable is connected as described in the Setup section, your audio source will output sound to both connected devices simultaneously. The volume will be controlled by the audio source device.

- Ensure all connections are secure for optimal audio quality.

- Adjust the volume on your primary audio source device.
- Note that some devices may experience a slight decrease in volume when splitting the audio signal.

Maintenance

To ensure the longevity and optimal performance of your splitter cable, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the cable and connectors. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the cable in a cool, dry place, away from direct sunlight. Avoid tightly coiling the cable to prevent damage to the internal wires.
- **Handling:** Always grasp the connector housing when plugging or unplugging the cable, rather than pulling on the cable itself.

Troubleshooting

If you encounter issues with your BIG BOOM® 3.5mm Stereo Plug Splitter Cable Adapter, please refer to the following common solutions:

Problem	Solution
No sound from one or both connected devices.	◦ Ensure all plugs are fully inserted into their respective jacks. ◦ Check the volume level on your audio source device. ◦ Test the headphones/speakers directly with the audio source to confirm they are working. ◦ Try a different audio source or different headphones/speakers.
Poor sound quality (e.g., static, distorted audio).	◦ Ensure all connections are clean and free of debris. ◦ Verify that the audio source is outputting a clear signal. ◦ Reduce the volume on the audio source if distortion occurs at high levels. ◦ Avoid placing the cable near sources of electromagnetic interference.
Cable appears damaged.	◦ Discontinue use immediately. ◦ Contact customer support for assistance.

Specifications

- **Brand:** BIG BOOM
- **Model Name:** EP-48794BIG BOOM
- **Item Model Number:** EP-48794BIG BOOM
- **Product Dimensions:** 15 x 5 x 10 cm (Approximate, as per manufacturer data)
- **Connector Type:** 3.5mm Stereo Male to 2x 3.5mm Stereo Female
- **Color:** Black
- **Net Quantity:** 1.00 Count
