LUXOAK BPB003

LUXOAK Full Bed Frame with Bookcase Headboard, LED Lights, Charging Station, and Storage Drawers - Instruction Manual

Model: BPB003

1. Important Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure all parts are present and undamaged before beginning assembly. If any parts are missing or damaged, do not proceed with assembly and contact customer support.
- Assemble the bed frame on a soft, clean surface to prevent scratches or damage.
- It is recommended that two or more people assemble this product for safety and ease.
- Do not overtighten screws during assembly, as this may damage the components.
- Periodically check all connections and fasteners to ensure they remain tight and secure.
- Do not exceed the maximum weight capacity of 1200 lbs.
- Keep small parts away from children during assembly.
- Confirm the item is intact upon receipt.

2. Package Contents

The LUXOAK Full Bed Frame is delivered in two separate packages (Box A and Box B), which may arrive on different days. Please ensure you have received both packages before starting assembly.

Included components:

- Bed Frame Components
- Bookcase Headboard
- 4 Storage Drawers
- 2 Detachable Bedside Storage Racks
- RGB LED Light Strip
- Charging Station (Type-C, USB, 2 AC Outlets)

- Assembly Hardware (screws, bolts, tools)

3. Assembly Instructions

Assembly of the LUXOAK Full Bed Frame requires careful attention to detail. It is recommended to follow the provided pictorial instructions step-by-step. While the process can be time-consuming, the instructions are designed to be clear.

3.1 General Assembly Tips

- Organize all parts and hardware before starting. Consider labeling parts with sticky notes if needed.
- Do not fully tighten all screws until the entire frame is assembled, then tighten them securely.
- Ensure the bed frame is assembled on a level surface.

3.2 Headboard Assembly

The 49.6" bookcase headboard features multiple shelves and an integrated charging station. Pay close attention to the orientation of parts during assembly.

Important Note for LED Light Strip Installation: When installing the RGB LED light strip, ensure its placement does not obstruct the installation of the headboard shelves. Incorrect placement may require removal and reapplication, potentially damaging the strip. Refer to the specific diagrams for correct positioning to avoid this issue.

3.3 Bed Frame and Slats Assembly

The platform bed frame features a central metal frame with reinforced slats. This design eliminates the need for a box spring.

- The metal frame is designed for easy installation.
- Insert slats securely into the frame. The embedded design helps prevent the mattress from sliding.
- The frame includes 12 bed leg support points for enhanced stability.

3.4 Storage Drawers and Bedside Racks

- The four rolling drawers are designed for easy, one-piece folding installation and feature fixed hooks and four wheels for smooth operation. Each drawer includes a secure latch.
- The two detachable bedside storage racks can be integrated into the headboard or used as standalone bedside tables.

4. Operating Instructions

4.1 Charging Station

The headboard is equipped with a convenient charging station to keep your devices powered and within reach. It includes:

- 1 Type-C port (5V/3A)
- 1 USB port (5V/2.4A)
- 2 AC Outlets (120V/12A)

The charging station has a 6.5 ft power cord. Plug the power cord into a standard wall outlet to activate the charging features.

4.2 RGB LED Lights

The integrated RGB LED lights in the headboard offer customizable ambiance with over 1000 color options. They can be controlled via a remote control or a dedicated mobile application.

- **Remote Control:** Use the provided remote to change colors, adjust brightness, and select various lighting modes (e.g., static, dynamic, music sync).
- **Mobile App:** Download the compatible app (refer to the QR code or instructions in the LED light kit) to access advanced features, including a wider range of color options, mic mode, music mode, and timing functions.

5. Maintenance

5.1 Cleaning

- To clean the bed frame, simply wipe it with a dry cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the distressed white finish.

5.2 General Care

- Periodically inspect all bolts and screws to ensure they are tight. Retighten as necessary to maintain stability and prevent noise.
- Avoid dragging the bed frame when moving it; lift it to prevent damage to the legs and frame structure.
- Ensure the mattress is properly seated on the slats to prevent shifting.

6. Troubleshooting

6.1 Noise Issues

The LUXOAK bed frame is designed with a central metal frame lined with sound-absorbing material to minimize noise. If you experience squeaking or creaking:

- Check all assembly bolts and screws. Ensure they are securely tightened.
- Verify that all slats are properly seated within the frame.
- Ensure the bed frame is on a level surface.

6.2 Storage Drawers Not Sliding Smoothly

The rolling drawers are designed for smooth operation. If they are difficult to open or close:

- **Carpeted Surfaces:** On thick carpet, the drawer wheels may sink, causing them to stick or not lock into place. Consider placing thin, rigid panels (e.g., acrylic or hardwood squares) under the bed frame's feet and extending under the drawer path to provide a smooth rolling surface.
- Check for any obstructions in the drawer's path or damage to the wheels.
- Ensure the drawers are not overloaded.

6.3 Mattress Sliding

The embedded design of the slats is intended to prevent mattress movement. If your mattress slides:

- Ensure the mattress size is compatible with the full-size frame (53" x 75").
- If there is a gap at the foot of the bed, consider placing a non-slip mat or foam sheets between the mattress and the footboard to secure it.

6.4 LED Light Strip Malfunction

If the LED lights are not functioning correctly:

- Check that the power adapter is securely plugged into both the light strip and a working wall outlet.
- Ensure the remote control has working batteries and is pointed directly at the receiver.
- If using the app, ensure Bluetooth is enabled on your device and the app is properly connected to the light strip.
- Review the installation steps for the LED strip, particularly regarding its placement relative to the headboard shelves, as incorrect initial installation can cause damage.

7. Product Specifications

Feature	Detail
Size	Full
Product Dimensions	78"L x 55"W x 49.6"H
Weight Capacity	1200 lbs
Material	MDF, Metal
Color	Distressed White
Finish Type	Distressed
Included Components	Bedside Storage Racks, Bookcase Headboard, Charging Station, Drawer, RGB LED
Compatible Mattress Size	Full, 53" X 75" (8" to 16" height recommended)
Assembly Required	Yes
Ground To Item Distance	9 Inches
Item Weight	147 pounds
Model Number	BPB003
