SETUP AND ASSEMBLY

The Moff Gideon action figure comes pre-assembled. Minor assembly involves attaching accessories to the figure.

1. **Unboxing:** Carefully remove the figure and its accessories from the packaging.
2. **Attaching Accessories:**
 - The helmet can be placed onto the figure's head.
 - The blaster can be held in either hand or holstered on the figure's hip.
 - The staff accessories can be combined to form a single staff and held in the figure's hands.
 - The electric FX accessory can be attached to the staff to simulate an energized effect.

OPERATING THE FIGURE (ARTICULATION)

This action figure features premium articulation, allowing for a wide range of dynamic poses. Gently manipulate the joints to achieve desired positions.

- **Head:** The head can rotate and tilt.
- **Arms:** Shoulders, elbows, and wrists are articulated for movement.
- **Legs:** Hips, knees, and ankles are articulated for posing.
- **Torso:** The torso may have limited articulation for slight bending or twisting.

Avoid excessive force when posing to prevent damage to the joints or figure.

MAINTENANCE AND CARE

- **Cleaning:** To clean the figure, gently wipe with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the figure away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or material degradation.
- **Handling:** Handle the figure by its main body parts rather than small accessories or delicate joints to minimize stress.

TROUBLESHOOTING

Action figures are generally robust, but if you encounter any issues:

- **Stiff Joints:** If a joint feels stiff, gently warm the area with a hairdryer on a low setting for a few seconds (hold at a

safe distance) to soften the plastic, then attempt to move the joint. Do not force it.

- **Loose Accessories:** If an accessory fits loosely, a small amount of clear nail polish or a similar non-permanent adhesive applied to the peg and allowed to dry can sometimes improve the fit.
- **Damaged Parts:** For significant damage, contact customer support. Do not attempt to repair broken parts with strong adhesives that may damage the plastic.
