Compact & Long-lasting

"Pocket-sized dynamo with an impressive 9-hour groove, keeping your playlists alive all day long!"

Image: The speaker fits easily into a pocket, emphasizing its compact and portable design for on-the-go use.

Backpack-Friendly Design

"Slip it into your backpack and set off, with your music effortlessly accompanying your journey!"

Image: The speaker is clipped to a backpack, illustrating its suitability for outdoor activities and travel.

2. SETUP

2.1 Charging the Speaker

Before first use, fully charge your speaker. Connect the provided USB charging cable to the charging port on the speaker and the other end to a compatible USB power source (e.g., computer, wall adapter). The charging indicator light will show the charging status.

2.2 Powering On/Off

To power on the speaker, long press the top knob until you hear an audible indication. To power off, long press the top knob again.

2.3 Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (indicated by a flashing light, if applicable).
2. On your mobile device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for available Bluetooth devices and select "Retro Bluetooth Speaker" from the list.
4. Once connected, the speaker will provide an audible confirmation, and the indicator light will become solid.

Video: This video demonstrates how to power on the Red Retro Bluetooth Speaker and connect it via Bluetooth to a mobile device.

3. OPERATING INSTRUCTIONS

3.1 Volume Control

Rotate the top knob clockwise to increase the volume and counter-clockwise to decrease the volume. You can also adjust the volume directly from your connected device.

3.2 Playback Control

Playback (play, pause, skip tracks) is primarily controlled through your connected Bluetooth device.

3.3 Connectivity

The speaker maintains a stable Bluetooth connection up to 10 meters (33 feet) in an open environment. Obstacles or interference may reduce this range.

4. MAINTENANCE

4.1 Cleaning

- Use a soft, dry cloth to clean the exterior of the speaker.
- Do not use liquid cleaners, aerosols, or solvents as they may damage the finish.

4.2 Storage

- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid storing in dusty or humid environments.

4.3 Battery Care

- To prolong battery life, avoid fully discharging the speaker frequently.
- Charge the speaker regularly, even if not in use for extended periods.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on	Low battery; Power button not pressed correctly	Charge the speaker; Long press the top knob to power on
Cannot connect via Bluetooth	Speaker not in pairing mode; Device Bluetooth off; Out of range; Already connected to another device	Ensure speaker is on and flashing; Enable Bluetooth on your device; Move device closer to speaker; Disconnect from other devices
Poor sound quality	Low volume; Device too far; Interference	Increase speaker and device volume; Move device closer; Avoid sources of interference
