MARTUBE MAR-22E-010

MARTUBE Retro Western Bluetooth Speaker

Model: MAR-22E-010

INTRODUCTION

This manual provides essential information for the safe and efficient use of your MARTUBE Retro Western Bluetooth Speaker. Please read these instructions thoroughly before operating the device and retain them for future reference.

SETUP

1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Inspect the speaker for any signs of damage. Ensure all accessories are present.

Your browser does not support the video tag.

Video: An unboxing demonstration of the Retro Bluetooth Speaker, showing its packaging and contents.

2. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB charging cable to the charging port on the speaker and to a compatible USB power adapter (not included). The charging indicator light will illuminate during charging and turn

off when fully charged. A full charge provides approximately 15 hours of playtime.

3. Bluetooth Pairing

To connect your speaker to a Bluetooth-enabled device:

1. Press and hold the power button (often integrated with the main knob) on the speaker until you hear an audible prompt indicating it is in pairing mode. The indicator light will flash.
2. On your device (smartphone, tablet, etc.), navigate to the Bluetooth settings.
3. Select "Retro Bluetooth Speaker" from the list of available devices.
4. Once connected, you will hear a confirmation sound from the speaker, and the indicator light will become solid.

1. Power On/Off

Press and hold the main knob/button for approximately 3 seconds to power the speaker on or off. A distinct sound will indicate the power status.

2. Volume Control

Rotate the main knob clockwise to increase the volume and counter-clockwise to decrease it. The speaker also responds to volume adjustments from your connected device.

3. Music Playback

Once paired, music played on your device will automatically stream through the speaker. Use your device to control playback (play, pause, skip tracks).

Your browser does not support the video tag.

4. Night Light Function

The speaker features an ambient night light. To activate or deactivate the night light, briefly press the dedicated light button (refer to product diagram for exact location). The light provides a warm, inviting atmosphere.

MAINTENANCE

1. Cleaning

Wipe the speaker with a soft, dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals. Avoid getting moisture into any openings.

2. Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the battery is partially charged before storage to prolong its lifespan.

TROUBLESHOOTING

- **No Power:** Ensure the speaker is charged. Connect it to a power source and check the charging indicator.
- **Cannot Pair:** Make sure the speaker is in pairing mode (flashing indicator light). Turn off Bluetooth on other nearby devices that might be trying to connect. Restart both the speaker and your device.
- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the device is properly paired and playing audio.
- **Sound Distortion:** Move the speaker closer to your device to ensure a strong Bluetooth connection. Reduce the

volume if it's too high.

- **Lag in Audio/Video Sync:** While the speaker is optimized for audio, some devices or applications may experience slight audio-video synchronization delays. This is often due to the source device or application and not the speaker itself.

SPECIFICATIONS

Brand	MARTUBE
Model Number	MAR-22E-010
Speaker Maximum Output Power	5 Watts
Frequency Response	9 KHz
Connectivity Technology	Bluetooth
Audio Output Mode	Stereo
Enclosure Material	Metal
Battery Average Life	15 Hours
Bluetooth Range	10 Meters
Item Dimensions (D x W x H)	3.54"D x 6.1"W x 4.57"H

Bluetooth 5.3 Connectivity
