Jugeman P99

Jugeman Smartwatch P99 User Manual

Your comprehensive guide to setup, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the Jugeman Smartwatch P99. This device is designed to enhance your daily life with smart features, including Bluetooth calling, comprehensive health monitoring, and diverse fitness tracking. This manual provides detailed instructions to help you get the most out of your smartwatch.

This image shows the Jugeman Smartwatch P99, highlighting its vibrant display with current time, date, weather, heart rate, step count, and calorie burn. A smaller inset image demonstrates an incoming call notification on the watch screen.

2. PACKAGE CONTENTS

Please check the package for the following items:

- Jugeman Smartwatch P99
- Charging Cable
- User Manual

3. GETTING STARTED

3.1 Charging the Device

Before first use, fully charge your smartwatch. Connect the charging cable to the charging contacts on the back of the watch and to a USB power adapter (not included).

- Ensure the charging pins are correctly aligned with the watch's charging ports.
- A charging icon will appear on the screen to indicate charging status.
- Full charge typically takes 2-3 hours.

3.2 Powering On/Off

- **Power On:** Press and hold the side button for a few seconds until the screen lights up.
- **Power Off:** Press and hold the side button, then select the 'Power Off' option on the screen.

3.3 App Installation and Pairing

To unlock all features, download the companion app on your smartphone (compatible with Android and iOS).

1. Scan the QR code in the manual or on the watch, or search for the app name (usually indicated in the watch's settings or quick start guide) in your phone's app store.
2. Install and open the app, then create an account or log in.
3. Enable Bluetooth on your smartphone.
4. In the app, navigate to 'Device' or 'Add Device' and select your smartwatch from the list of available devices.
5. Confirm the pairing request on both your phone and the smartwatch.

3.4 Wearing the Smartwatch

Wear the smartwatch snugly on your wrist, about one finger's width from your wrist bone. Ensure the sensors on the back are in contact with your skin for accurate health monitoring.

4. OPERATING YOUR SMARTWATCH

4.1 Basic Navigation

The Jugeman Smartwatch P99 features a 1.96-inch full touch screen for intuitive control.

1.96"

Full Touch Screen

320*386 Screen Resolution Larger screen with clearer resolution for better visual enjoyment

CLEARER
VIEW

This image focuses on the 1.96-inch full touch screen of the Jugeman Smartwatch P99, showcasing its high resolution (320*386) for a clear and immersive visual experience. The display shows time, date, weather, and health data.

- **Swipe Up/Down:** Scroll through menus or notifications.
- **Swipe Left/Right:** Access quick functions or widgets.
- **Tap:** Select an item or open an application.
- **Side Button:** Press to return to the home screen or wake the device.

4.2 Bluetooth Calling

Make and answer calls directly from your wrist when connected to your smartphone via Bluetooth.

BLUETOOTH CALL

Make or answer calls directly on the watch at anytime and anywhere.

Microphone

Call logs

Speaker

Dial pad

Contacts

This image illustrates the Bluetooth call functionality of the Jugeman Smartwatch P99. It shows the watch on a wrist displaying an incoming call, along with separate screens for call logs, a dial pad, and contacts, emphasizing the ability to make and answer calls directly from the watch.

- **Answering Calls:** When a call comes in, tap the green answer icon on the watch screen.
- **Making Calls:** Access the 'Phone' or 'Dial Pad' app on your watch to dial a number or select from your contacts.
- Ensure your watch is within Bluetooth range of your phone for this feature to work.

4.3 Health Monitoring

The smartwatch provides various health tracking features:

- **Heart Rate Monitoring:** Measures your heart rate throughout the day.
- **SpO2 (Blood Oxygen) Monitoring:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Monitors your sleep patterns, including deep sleep, light sleep, and wake times.
- **Breathing Training:** Guided breathing exercises to help reduce stress.
- **Women's Health:** Track menstrual cycles and predict ovulation (requires setup in the app).

Note: Health data provided by this device is for reference only and should not be used for medical diagnosis or treatment.

4.4 Fitness Tracking

Track your workouts and daily activity with precision.

This image demonstrates the Jugeman Smartwatch P99's extensive fitness capabilities, featuring over 113 sports modes. It shows a person exercising, with an overlay illustrating exercise tracking data, including duration, heart rate, and pace, along with a map indicating integrated GPS functionality.

- **113+ Sports Modes:** Select from a wide range of activities like running, cycling, swimming, and more to get specific workout data.
- **Integrated GPS:** Track your routes and distances accurately during outdoor activities without needing your phone.
- **Activity Tracking:** Monitors steps, distance, calories burned, and active minutes throughout the day.

4.5 Notifications & Alerts

Receive notifications from your smartphone directly on your watch.

- Enable app notifications in the companion app on your phone.
- The watch will vibrate and display incoming calls, messages, and app alerts.
- **Sedentary Notification:** Reminds you to move after periods of inactivity.

4.6 Customization

Personalize your smartwatch experience.

250+

Customized watch face

1. Change the Dial as You Wish Rich dials to meet diverse aesthetics.
2. Support custom dials, choose favorite photo as dial to create a unique smartwatch

This image displays a variety of over 250 customizable watch faces available for the Jugeman Smartwatch P99. It highlights the ability to change the dial to suit personal aesthetics and supports custom photo dials for a unique look.

- **Watch Faces:** Choose from over 250 pre-installed watch faces or create custom ones using your own photos via the app.
- **Luminance Regulation:** Adjust screen brightness for optimal viewing in different environments.

4.7 Other Functions

The Jugeman Smartwatch P99 offers a variety of utility features:

Multi-Function Smart Watch

This image presents a visual overview of the numerous functions available on the Jugeman Smartwatch P99. Icons represent features such as Bluetooth Call, Message Reminders, Breathing Training, Women's Health, Stopwatch & Timer, Music Control, Camera Control, Weather Display, Luminance Regulation, Voice Assistant, Sedentary Notification, and Find Phone.

- **Music Control:** Control music playback on your smartphone (play, pause, skip tracks).
- **Camera Control:** Use your watch as a remote shutter for your phone's camera.
- **Weather Display:** Get real-time weather updates.
- **Voice Assistant:** Access your phone's voice assistant directly from the watch.
- **Find Phone:** Locate your misplaced smartphone by making it ring.
- **Timer & Stopwatch:** Essential tools for timing activities.

5. MAINTENANCE

5.1 Water Resistance (IP68)

The Jugeman Smartwatch P99 is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes.

This image emphasizes the IP68 waterproof rating of the Jugeman Smartwatch P99. It shows the watch being suitable for various conditions, including exposure to rain, showers, and sweat, thanks to its built-in waterproof speakers and microphones.

- It is suitable for daily use, including hand washing, rain, and showering.
- Avoid hot water, saunas, or steam rooms as high temperatures can compromise the seal.
- Do not press buttons underwater.
- After exposure to water, wipe the watch dry with a soft cloth.

5.2 Cleaning

- Regularly clean your watch and strap with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging.

5.3 Battery Care

- Avoid extreme temperatures, which can affect battery life.
- Charge the battery regularly, even if the watch is not in use for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your smartwatch, try the following solutions:

Problem	Solution
Watch won't turn on	Ensure the watch is fully charged. Press and hold the side button for at least 10 seconds to force a restart.
Cannot pair with phone	Make sure Bluetooth is enabled on your phone. Restart both the watch and phone. Ensure the watch is not already paired with another device. Check the app for pairing instructions.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, with sensors in contact with your skin. Clean the sensor area. Avoid excessive movement during measurements.
Notifications not received	Check if notifications are enabled in the companion app and your phone's settings. Ensure the watch is connected via Bluetooth.
Short battery life	Reduce screen brightness, turn off unnecessary features, and limit frequent heart rate monitoring. Ensure background app usage is optimized on your phone.

7. SPECIFICATIONS

Feature	Detail
