## PRODUCT FEATURES

### 360° Stereo & TWS Pairing

Connect two XT-01 speakers wirelessly via the True Wireless Stereo (TWS) function to create an immersive 360° stereo sound experience. Enjoy surprisingly loud and balanced audio with minimal distortion, reaching up to 60W peak power when paired.

# TRUE WIRELESS STEREO SURROUND

Small size, Big volume

Two TPone XT-01 speakers wirelessly connected for a stereo experience on a beach.

## Powerful Audio Output

The XT-01 delivers powerful sound with a 30W peak output from its full-range speakers, ensuring clear highs and deep bass. The Bass Boost 2.0 feature enhances low frequencies for a richer audio experience.

# 30W(PEAK) MAX BOOMING BASS

# 30W

2x15W  
Full-Range Speaker

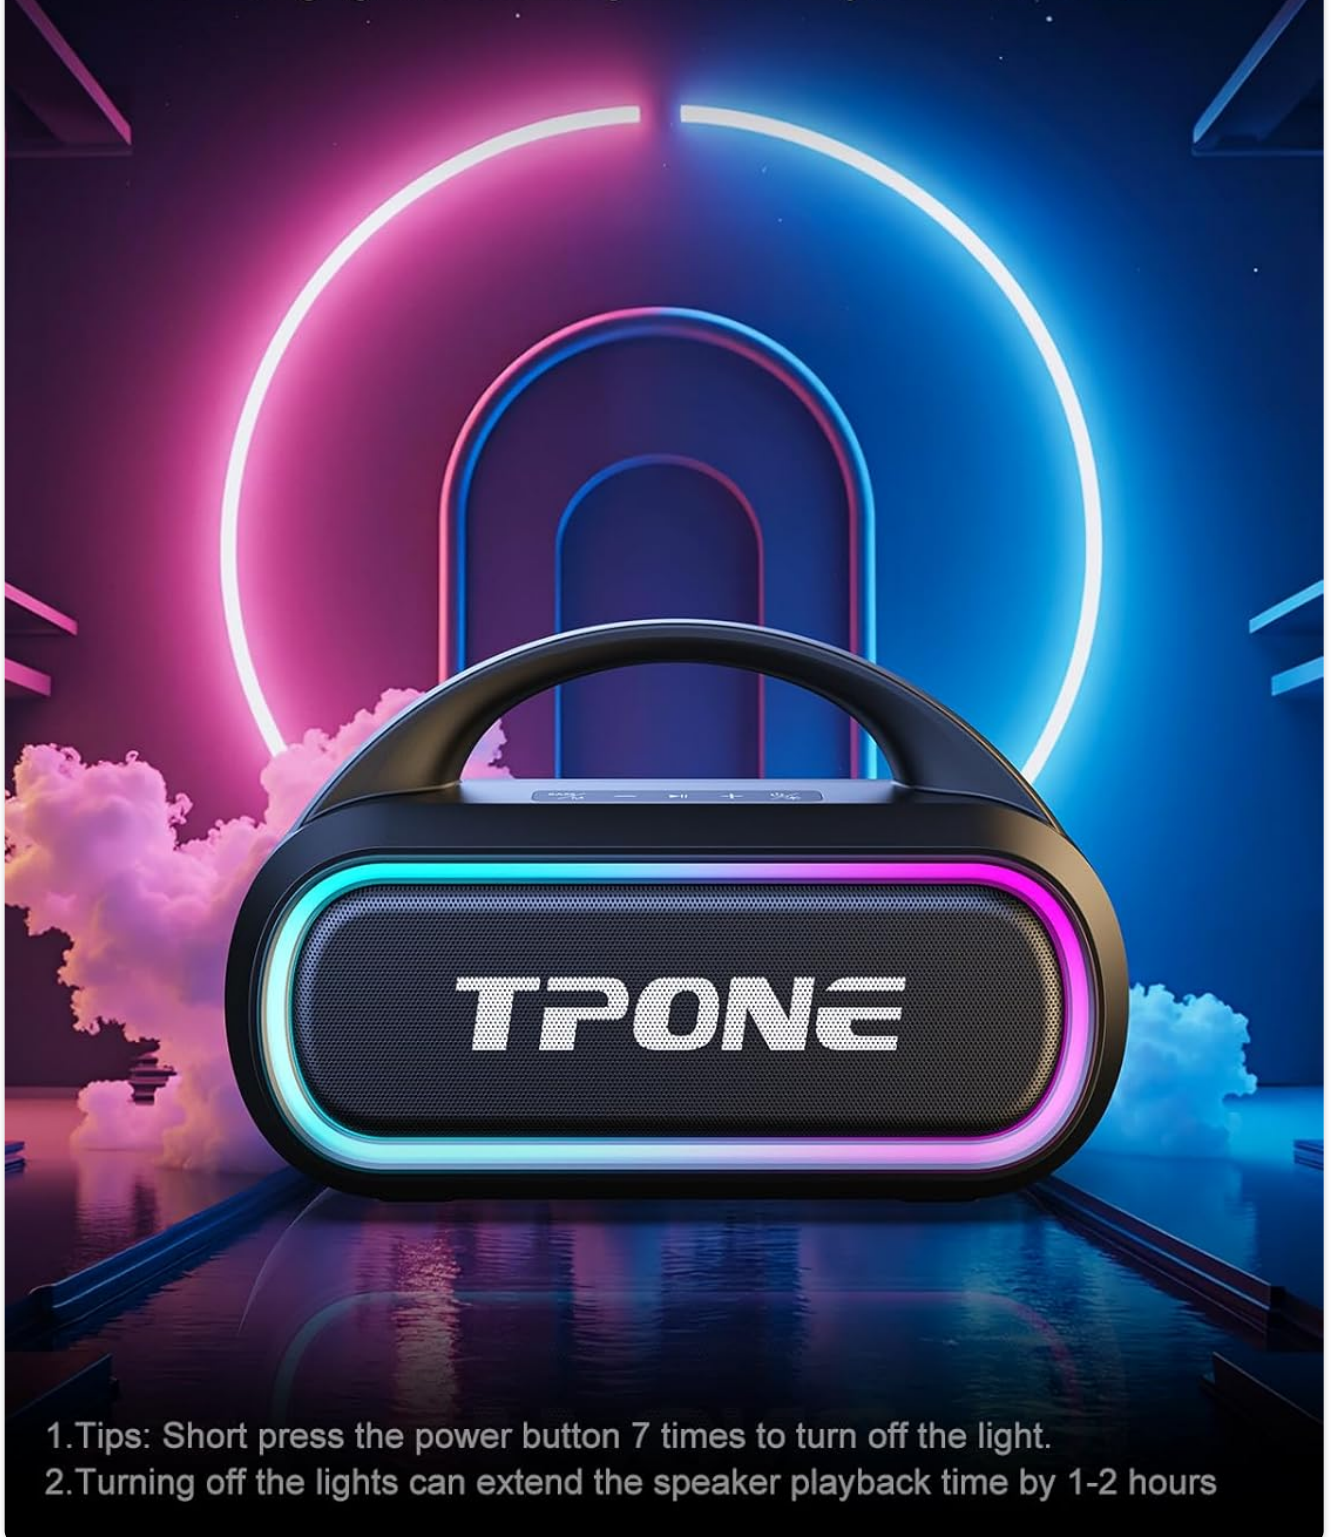

An exploded view of the speaker's internal components, illustrating its 30W peak power and dual 15W full-range speakers.

## Color Light Show

Enhance your listening experience with the integrated light show. The speaker features 7 light colors and diverse color-changing themes that sync with the music's rhythm, adding a dynamic visual element to your environment.

# 7 LIGHTING MODES

Dazzling lights that change with the rhythm of the music

1. Tips: Short press the power button 7 times to turn off the light.
2. Turning off the lights can extend the speaker playback time by 1-2 hours

The XT-01 speaker showcasing its vibrant 7-color light modes.

## IPX5 Waterproof & Rugged Design

Designed for outdoor adventures and harsh conditions, the XT-01 boasts an IPX5 waterproof rating, protecting it against rain, spills, and splashes. Its rugged construction ensures durability for various activities.

# IPX5 WATERPROOF

Keep the beat playing in the rain on the beach or by the pool!

# IPX5

The XT-01 speaker demonstrating its IPX5 waterproof capability in a bathroom setting.

## Bluetooth 5.3 & Long Battery Life

Equipped with the latest Bluetooth 5.3 chip, the speaker ensures fast pairing and a stable connection, automatically reconnecting to the last used device. Enjoy up to 12 hours of playtime on a single charge. Turning off the lights can extend playback time by 1-2 hours.

# UP TO 12H PLAYTIME

Convenient Listening, No Interruptions!

Note: Playtime based on actual volume level and light mode

The XT-01 speaker accompanying users on an outdoor excursion, highlighting its long battery life.

## Portable Design with Hooks & Built-in Power Bank

The XT-01 is compact and lightweight, featuring convenient portable hooks for easy mobile use. Its heavy-duty design and included Carabiner Clip make it suitable for outdoor adventures. Additionally, the speaker can output power via its USB port to charge mobile devices.

# PORTABLE SPEAKER WITH HOOK

Music easily brings more fun anywhere

The XT-01 speaker conveniently clipped to a backpack during a hike, showcasing its portability.

# BUILT-IN POWER BANK

The XT-01 speaker functioning as a power bank, charging a smartphone during an outdoor gathering.

**SETUP GUIDE**

## 1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided Type-C charging cable to the speaker's DC 5V port and the other end to a USB power adapter (not included).

## 2. Power On/Off

- **Power On:** Press and hold the **Power/Bluetooth** button for 2-3 seconds until you hear an audible prompt and the lights illuminate.
- **Power Off:** Press and hold the **Power/Bluetooth** button for 2-3 seconds until the speaker powers down.

## 3. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing light).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "XT-01" from the list of devices.
4. Once connected, you will hear a confirmation sound. The speaker will automatically reconnect to the last paired device when powered on.

## 4. TWS (True Wireless Stereo) Pairing

To pair two XT-01 speakers for stereo sound:

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), double-press the **Power/Bluetooth** button. It will enter TWS pairing mode.
3. The two speakers will automatically search for and connect to each other. Once connected, you will hear a confirmation sound.
4. Now, connect your device to the primary speaker via Bluetooth as described in step 3. Both speakers will play audio in stereo.

## 5. AUX Mode

Use the provided 3.5mm AUX cable to connect the speaker to devices without Bluetooth capability. Insert one end into the speaker's AUX port and the other into your device's audio output. The speaker will automatically switch to AUX mode.

## 6. TF Card / USB Mode

Insert a TF card or USB flash drive (with supported audio files) into the respective port. The speaker will automatically detect and play music from the inserted storage device.

Detailed view of the speaker's connectivity ports, including USB, TF card slot, AUX, and Type-C charging port.

## OPERATING INSTRUCTIONS

### Button Functions

Button	Function
<b>Power/Bluetooth</b>	Press and hold to Power On/Off. Short press to switch between Bluetooth/AUX/TF Card/USB modes. Double-press for TWS pairing.

<b>+ (Volume Up)</b>	Short press to increase volume. Long press for next track.
<b>Light Mode</b>	Short press to cycle through 7 light modes. Short press 7 times to turn off the light.

Overview of the speaker's control panel and buttons.

## MAINTENANCE

### Cleaning

- Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure all ports are dry before charging or connecting cables, especially after exposure to water.

### Storage

- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the battery to approximately 50% every few months to preserve battery life.

## TROUBLESHOOTING

### Speaker does not power on:

Ensure the speaker is fully charged. Connect it to a power source and try again.

### Cannot pair with Bluetooth device:

Make sure the speaker is in pairing mode (flashing light) and not connected to another device. Turn off Bluetooth on other nearby devices. Restart both the speaker and your device.

### No sound or distorted sound:

Check the volume levels on both the speaker and your connected device. Ensure the speaker is within Bluetooth range. If using AUX, check the cable connection. For TF/USB mode, ensure audio files are in a supported format.

### TWS pairing fails:

Ensure both speakers are fully charged and not connected to any other Bluetooth device. Place them close to each other and try the TWS pairing process again.

### Lights are not working or stuck:

Short press the Light Mode button to cycle through modes. If unresponsive, power cycle the speaker.
