TPone XT-01

TPone Bluetooth Speaker User Manual

Model: XT-01

PRODUCT OVERVIEW

The TPone XT-01 Bluetooth Speaker is a portable wireless speaker designed for versatile use, offering 30W (peak) loud stereo sound, multi-color rhythm lights, and TWS pairing capability. Its IPX5 waterproof rating makes it suitable for both indoor and outdoor environments, including parties, beaches, and camping. Equipped with Bluetooth 5.3, it ensures stable connectivity and features a durable design with a convenient hook for portability.

SETUP

Charging the Speaker

Before first use, fully charge the speaker. Connect the provided Type-C charging cable to the speaker's DC 5V port and the other end to a compatible USB power adapter (not included). The charging indicator light will show charging status.

Powering On/Off

Press and hold the power button (often combined with the Bluetooth button) for a few seconds to turn the speaker on or off. A voice prompt will indicate the power status.

Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing LED light).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "TPone XT-01" from the list of devices.
4. Once connected, the speaker will provide an audible confirmation, and the LED light will become solid.

True Wireless Stereo (TWS) Pairing

To achieve a true stereo sound experience, you can pair two TPone XT-01 speakers together:

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker, press and hold the TWS pairing button (refer to the quick start guide for exact button location, often combined with another function).
3. The speakers will automatically search for and connect to each other. A confirmation tone will sound once paired.
4. Connect your device to one of the paired speakers via Bluetooth. Both speakers will now play audio in stereo.

OPERATING INSTRUCTIONS

Basic Controls

| Button/Function | Action | Description |
|-------------------|----------------|--|
| Power Button | Press and Hold | Power On/Off |
| "+" Button | Short Press | Volume Up |
| "+" Button | Long Press | Next Track |
| "-" Button | Short Press | Volume Down |

Using AUX/TF Card/USB Playback

- Insert a 3.5mm AUX cable into the AUX port for wired audio connection.
- Insert a TF (microSD) card into the TF card slot for direct music playback.
- Insert a USB flash drive into the USB port for direct music playback.
- Use the Mode button to switch to the desired input source.

Image: Rear view of the speaker showing the USB, TF card, AUX, and Type-C charging ports.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. For stubborn dirt, a slightly damp cloth can be used, ensuring no water enters the ports.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Charge it regularly, even if not in use for extended periods.
- **Water Resistance:** While IPX5 waterproof, avoid submerging the speaker in water. Ensure all port covers are securely closed before exposure to water.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|----------------------------|---|--|
| Speaker does not turn on. | Low battery. | Charge the speaker fully. |
| Cannot pair via Bluetooth. | Speaker not in pairing mode; device Bluetooth off; too far from device. | Ensure speaker is in pairing mode. Turn device Bluetooth off/on. Move device closer to speaker (within 100ft). |
| No sound. | Volume too low; incorrect input mode; device not connected. | Increase speaker/device volume. Switch to correct input mode (Bluetooth, AUX, etc.). Reconnect device. |
| Sound distortion. | Volume too high; low battery; interference. | Lower volume. Charge speaker. Move away from other electronic devices. |
| TWS pairing fails. | Speakers already connected to other devices. | Disconnect both speakers from any other Bluetooth devices before attempting TWS pairing. |

SPECIFICATIONS

Model Name: XT-01-E

Item Model Number: XT-01

Brand: TPone

Color: Indigo Blue

Material: Acrylonitrile Butadiene Styrene (ABS)

Product Dimensions: 9.25"D x 6.3"W x 3.94"H

Item Weight: 1.85 pounds

Speaker Maximum Output Power: 30 Watts (Peak)

Frequency Response: 18 KHz

Wireless Communication Technology: Bluetooth 5.3

Bluetooth Range: 100 Feet

Water Resistance Level: IPX5 Waterproof

Battery Life: Up to 12 hours (actual playtime may vary)

Number of Batteries: 2 Lithium Ion batteries (included)

Connectivity Protocol: AUX, Bluetooth, USB

Control Method: Button, Touch

UPC: 767461462814
