Yaheetech 593333 Black

Yaheetech Foldable Dog Crate User Manual

Model: 593333 Black

INTRODUCTION

Thank you for choosing the Yaheetech Foldable Dog Crate. This manual provides essential information for the proper setup, operation, and maintenance of your new dog crate. Designed for versatility and convenience, this crate offers a safe and comfortable space for your pet at home, during training, or while traveling.

Image: The Yaheetech Foldable Dog Crate, showcasing its spacious design, with a happy Golden Retriever sitting beside it. The crate features two open doors, a removable tray, and a sturdy metal construction.

SETUP AND ASSEMBLY

The Yaheetech dog crate is designed for quick and easy setup. Follow these steps to unfold and prepare the crate for use, including installing the divider if needed.

- 1. Unfolding the Crate:** Carefully unlatch the folded crate. Lift the side panels and top panel until the crate forms its rectangular shape. Secure the panels using the integrated latches or clips on each corner to ensure stability.

“CONCEPTION PLIABLE POUR UN RANGEMENT ET UN TRANSPORT AISÉS +”

Plié à plat pour un transport facile

Facile à ranger dans les espaces restreints

Image: Illustration of the crate's foldable design, showing it collapsed for storage and expanded for use. This highlights its portability and ease of storage under furniture or in a vehicle.

- 2. Inserting the Bottom Tray:** Slide the removable plastic tray into the bottom of the crate. Ensure it sits flat and securely within the frame.
- 3. Attaching the Removable Handle:** If provided separately, attach the plastic carrying handle to the designated loops on the top panel of the crate. This handle is useful for transporting the folded crate.

Image: A close-up view of various crate components, including the solid metal latch, top and side door buckles, removable handle, sliding tray, tray buckles, and rounded corners, illustrating the crate's robust construction and user-friendly features.

4. Installing the Divider (Optional): The crate includes a removable divider for adjusting the internal space, which is particularly useful for puppy training. Follow these steps:

- **Step 1:** Incline the divider to pass it through the crate door. This allows for easier maneuverability inside the crate.

2. ÉTAPES D'ASSEMBLAGE DU DIVISEUR DE LA CAGE

1

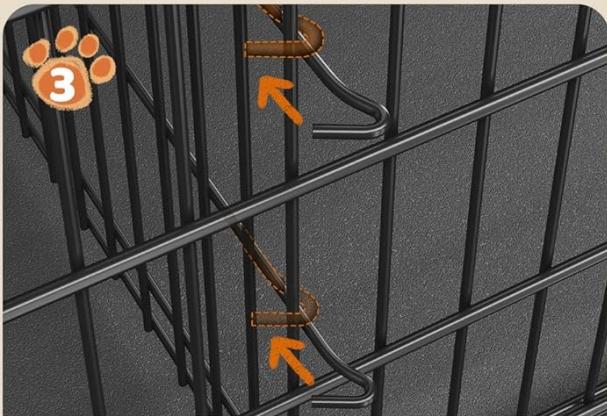

Inclinez le diviseur pour le faire passer par la porte de la cage.

2

Placez le diviseur à l'endroit voulu, en veillant à ce qu'elle soit de niveau et verticale.

3

Fixez solidement les crochets du diviseur sur un côté de la cage.

4

Placez l'autre côté du diviseur en alignant les crochets et en appuyant fermement pour qu'elle soit bien ajustée.

Image: A visual guide showing the first step of divider installation, where the divider is tilted to fit through the crate's opening.

- **Step 2:** Place the divider in the desired position, ensuring it is level and vertical. The divider can be moved to accommodate your pet's growth.
- **Step 3:** Securely fasten the hooks of the divider onto one side of the crate's bars. Ensure a snug fit to prevent movement.
- **Step 4:** Align the hooks on the other side of the divider and firmly press them against the crate bars until it is tightly adjusted and stable.

ADAPTÉ AUX CHIENS DE ⁺ "DIFFÉRENTS ÂGES

Utilisez le diviseur réglable pour tenir compte des étapes de la croissance de votre chiot et favoriser les habitudes de propreté dès le premier jour.

Adaptez l'espace grâce au diviseur

Retirez le diviseur pour créer un espace de vie confortable

OPERATING INSTRUCTIONS

Your Yaheetech dog crate is designed for ease of use and pet comfort. Here's how to operate its key features:

- **Using the Double Doors:** The crate features two doors, one on the front and one on the side, providing flexible access options depending on your space and preference. Each door is secured with two L-shaped latches for enhanced safety.

DOUBLE PORTE POLYVALENTE

Améliorer le dressage et favoriser des interactions affectueuses avec votre compagnon canin

Image: A dog demonstrating the use of the double doors, with arrows indicating entry and exit points, highlighting the versatility for training and interaction.

DOUBLE PORTE, DOUBLE COMMODITÉ

La conception à deux portes permet de s'adapter facilement à chaque espace

Porte latérale pour les espaces restreints

Porte avant pour les espaces spacieux

Image: Two separate views of the crate, one showing the side door open for use in confined spaces, and the other showing the front door open for more spacious areas, illustrating the dual-door convenience.

- Crate Training:** Introduce your pet to the crate gradually. Make it a positive experience by placing comfortable bedding, toys, and treats inside. Never use the crate as a punishment. The adjustable divider can help create a snug space for puppies, which aids in house-training.
- Temporary Confinement:** The crate is suitable for temporary confinement, such as during travel, recovery from veterinary procedures, or when you need to ensure your pet's safety in specific situations.

MAINTENANCE AND CLEANING

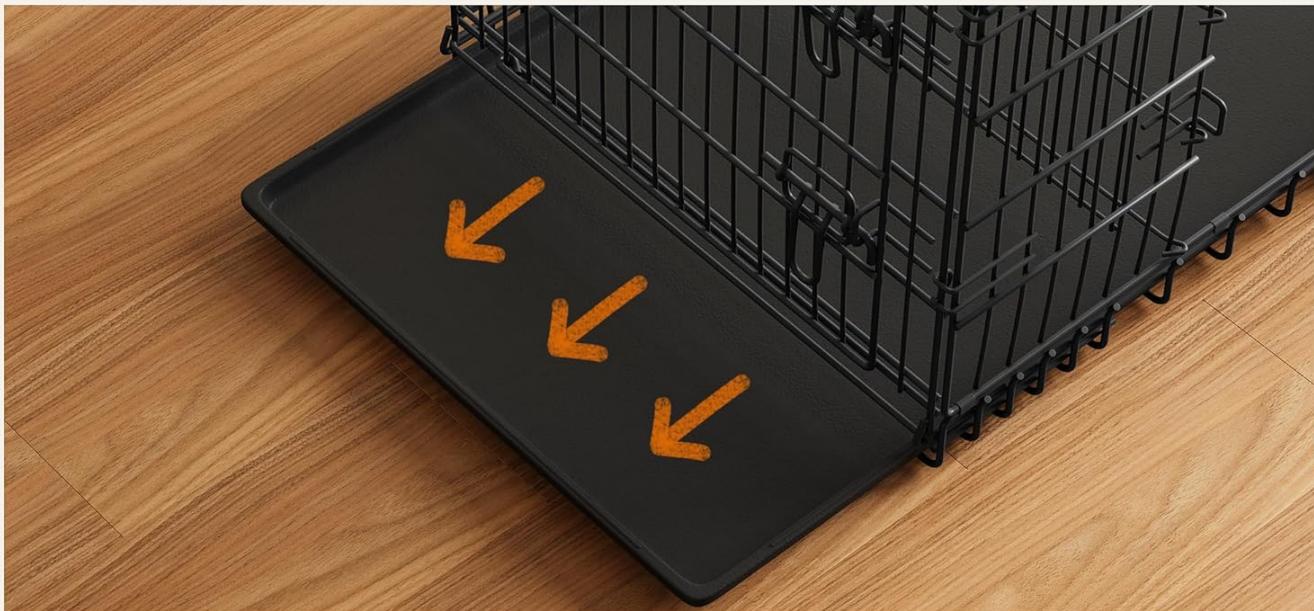

Regular cleaning will ensure a hygienic and comfortable environment for your pet.

- Cleaning the Removable Tray:** The plastic bottom tray is designed to be easily removed for cleaning. Simply slide it out from under the crate. Wash the tray with mild soap and water, then rinse thoroughly and dry before returning it to the crate.

PLATEAU EXTRACTIBLE POUR UN NETTOYAGE FACILE

Containir la poussière et les déversements sans effort

Profondeur accrue permet d'éviter les déversements lors de la manipulation

Conception étanche pour un nettoyage facile

Image: A close-up of the removable tray, showing its depth to contain spills and a hand wiping it clean, emphasizing its waterproof design and ease of maintenance.

- **Cleaning the Metal Frame:** Wipe down the metal frame with a damp cloth and mild, pet-safe cleaner as needed. Avoid abrasive cleaners that could damage the coating. Ensure the crate is completely dry before allowing your pet back inside.
- **Regular Inspection:** Periodically check all latches, hinges, and connections to ensure they are secure and in good working order. Tighten any loose parts if necessary.

TROUBLESHOOTING

Here are some common issues and solutions you might encounter:

- **Pet Resistance to Crate:** If your pet is hesitant to enter the crate, try making it more inviting. Place favorite toys, a comfortable blanket, or treats inside. Feed meals near or inside the crate. Never force your pet into the crate, as this can create negative associations. Gradually increase the time your pet spends inside.
- **Crate Instability:** Ensure all panels are fully extended and securely latched. Check that the bottom tray is properly

seated. If the crate feels wobbly, re-examine the assembly steps to ensure all connections are firm.

- **Difficulty with Divider Installation:** Refer to the detailed steps in the "Setup and Assembly" section, particularly the visual guide. Ensure the divider is angled correctly when inserting and that its hooks align properly with the crate bars for a secure fit.

SPECIFICATIONS

Product Specifications

Feature	Detail
Brand	Yaheetech
Model Number	593333 Black
Color	Black
Material	Metal
Overall Dimensions (L x W x H)	107 cm x 66 cm x 74.5 cm (42.1 x 26 x 29.3 inches)
