havit HAVIT LIGHT

User Manual: havit Light Open Ear Headphones

Model: HAVIT LIGHT

INTRODUCTION

The havit Light Open Ear Headphones are designed for active lifestyles, offering a unique air conduction technology that allows you to enjoy audio while remaining aware of your surroundings. These lightweight headphones feature an integrated LED beacon string for enhanced visibility during nighttime activities, a long-lasting battery, and Bluetooth 5.3 for stable connectivity.

WHAT'S IN THE BOX

- havit Light Open Ear Headphones
- Charging Cable
- User Manual

SETUP

1. Charging the Headphones

Before first use, fully charge your havit Light headphones. Connect the provided charging cable to the charging port on the headphones and a USB power source. The LED indicator will show charging status.

2. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button until the LED indicator flashes rapidly (usually blue and red), indicating pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "HAVIT LIGHT" from the list of devices.
5. Once connected, the LED indicator will stop flashing and remain solid blue (or turn off, depending on the model).

Bluetooth 5.3 + FPC

Connections are more stable
with lower latency

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the power button for 3 seconds.

- **Power Off:** Press and hold the power button for 5 seconds.

Music Playback

- **Play/Pause:** Single press the Multi-function Button.
- **Next Track:** Double press the Multi-function Button.
- **Previous Track:** Triple press the Multi-function Button.
- **Volume Up:** Single press the Volume + button.
- **Volume Down:** Single press the Volume - button.

Call Management

- **Answer/End Call:** Single press the Multi-function Button.
- **Reject Call:** Press and hold the Multi-function Button for 2 seconds.

LED Beacon String Control

The LED light strip enhances your visibility, especially during low-light conditions. You can cycle through different modes:

- **Double-click to switch:** Quickly double-click the dedicated LED control button to change modes.
- **Breathing Light:** The light will gently fade in and out.
- **Flashing (Strobe):** The light will flash rapidly.
- **Steady Light (Long Bright):** The light will remain continuously on.
- **Off:** Cycle through modes until the light turns off.

MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.

- **Water Resistance:** The headphones are IPX5 water-resistant, meaning they can withstand splashes and sweat. Do not submerge them in water.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in use for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones won't power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; Bluetooth off on device; device too far.	Ensure headphones are in pairing mode (flashing LED). Turn on Bluetooth on your device. Move device closer to headphones (within 10 meters).
No sound or low volume.	Volume too low on headphones or device; not connected properly.	Increase volume on both headphones and connected device. Re-pair the headphones.
LED light not working.	Light mode is off; malfunction.	Double-click the LED control button to cycle through modes. If still not working, contact support.
