Eillion 81" Sliding Door Large - 1 Flap

Eillion Large Dog Door for Sliding Glass Door - Instruction Manual

Model: 81" Sliding Door Large - 1 Flap
Brand: Eillion

1. Product Overview

The Eillion Large Dog Door is designed for seamless integration with sliding glass doors, offering a convenient and secure passage for your pets. This all-metal framed pet door features an openable design, adjustable height, and enhanced security features, ensuring both pet freedom and home safety.

Key Features:

- **Openable Design:** The dog door opens inward to maximize space, facilitating easy movement of items.
- **Adjustable Height:** Fits most villa and patio sliding glass doors with adjustable heights from 75 7/8" to 81".
- **Perfect for Large Pets:** Semi-transparent flap (10" wide x 16" high) suitable for pets up to 100 pounds.
- **Enhanced Security:** Includes a safety lock and a convenient slide-in closure panel.
- **Energy Efficient & Weatherproof:** Robust aluminum frame, magnetic-seal flap, and windproof strips for insulation.

2. Before Installation: Important Considerations

Before proceeding with installation, please review the following critical information to ensure proper fit and functionality.

2.1 Fixed-Swing Mechanism

This glass dog door has a fixed-swing mechanism. If installed on the left side of your glass door, it will only open inward. If installed on the right side, it will only open outward. This mechanism is non-adjustable due to its design structure.

Image: Illustration of the fixed-swing mechanism based on installation side.

2.2 Measuring Your Door Height

To ensure the correct height, measure from the top track to the inner bottom track of your aluminum sliding door frame. The door frame adjusts from 75 7/8" to 81" in height, with a glass door width of 14.8".

Image: Guide for measuring your sliding door height.

2.3 Track Compatibility

Verify your sliding door track is suitable for installation. The track width must exceed 0.7 inches.

Image: Track compatibility guide.

2.4 Drilling Requirement

Installation requires using a drill to bore permanent holes in the door frame for secure attachment.

Image: Note regarding drilling permanent holes in the door frame.

3. Installation Guide

Follow these steps for a successful installation of your Eillion dog door.

3.1 Step-by-Step Installation

1. **Install Frame:** Position the dog door frame within your sliding glass door opening.
2. **Adjust Bars:** Adjust the top bars to achieve a snug fit against the door frame.
3. **Secure with Screws:** Use a drill to secure the frame by boring holes and inserting screws as indicated in the manual.
4. **Fasten Top Frame:** Ensure the top frame is securely fastened to the door frame.
5. **Apply Weather Stripping:** Install the provided weather stripping along the seams to prevent drafts and air leakage.

4. Operating Instructions

The Eillion dog door is designed for ease of use for both pets and owners.

4.1 Pet Access

The semi-transparent flap allows your pet to see through and easily push to enter or exit. The magnetic seal ensures the flap closes securely after use.

4.2 Locking Mechanism

For enhanced home security and to control your pet's access, utilize the integrated safety lock. A metal slide-in closure panel is also provided to completely block the pet opening when needed.

5. Maintenance

Regular maintenance ensures the longevity and optimal performance of your Eillion dog door.

5.1 Cleaning

Clean the aluminum frame and glass panels with a mild detergent and soft cloth. Avoid abrasive cleaners that could damage the finish.

5.2 Seal Inspection

Periodically inspect the magnetic-seal flap and windproof strips for wear and tear. Ensure they are free from debris to maintain energy efficiency and prevent drafts.
