SETUP

1. SIM Card and TF Card Installation

The OUKITEL WP28E supports Dual SIM (Nano+Nano) or one Nano SIM and one TF card for expanded storage up to 1TB. Use the provided SIM ejector tool to open the SIM tray. Insert your Nano SIM card(s) and/or TF card into the designated slots, ensuring correct orientation. Close the tray securely to maintain water and dust resistance.

2. Initial Charging

Before first use, fully charge the device. Connect the USB-C cable to the phone's charging port and the power adapter.

Plug the adapter into a wall outlet. The phone features an 18W fast charging function. The 10600mAh battery provides extended usage times.

MAINTENANCE AND DURABILITY

1. Rugged Design

The OUKITEL WP28E is designed to withstand harsh environments, meeting IP68, IP69K, and MIL-STD-810H standards. This means it is resistant to water immersion, high-pressure water jets, dust ingress, and drops from specified heights. Ensure all port covers are securely closed to maintain these ratings.

2. Battery Longevity

To maximize battery life, avoid extreme temperatures and fully discharge the battery periodically before recharging. The large 10600mAh battery supports OTG (On-The-Go) functionality, allowing you to use your phone as a power bank to charge other devices.

TROUBLESHOOTING

If you encounter issues with your OUKITEL WP28E, consider the following basic troubleshooting steps:

- **Device not powering on:** Ensure the battery is charged. Connect to the charger and attempt to power on after a

few minutes.

- **Poor network signal:** Check your SIM card installation. Ensure you are within network coverage. Note that the device supports T-Mobile but not AT&T/Cricket.
- **Applications freezing/crashing:** Close background applications. Restart the device. Clear app cache or reinstall problematic applications.
- **Water/Dust ingress concerns:** Verify that all port covers (charging port, SIM tray) are fully sealed. If water has entered, power off the device immediately and allow it to dry completely before attempting to power on again.

For more complex issues, please refer to the "Warranty and Support" section for contact information.
