## 1. INTRODUCTION

---

The Beldray BEL01732TTVDE Titanium 14-in-1 Steam Mop is a versatile and efficient cleaning device designed for various surfaces in your home. This manual provides essential information for safe operation, assembly, maintenance, and troubleshooting to ensure optimal performance of your steam mop.

### Product Overview

This multifunctional steam cleaner features a 350 ml water tank, providing up to 15 minutes of continuous steam for effective cleaning. Its flexible hinge allows easy access to hard-to-reach areas, and the unit can be transformed into a handheld steamer for targeted cleaning tasks. The device utilizes steam for chemical-free cleaning, making it suitable for various surfaces including carpets, wood, laminate, and tiles.

### Key Features

- **14-in-1 Versatility:** Adaptable for multiple cleaning tasks.
- **Flexible Hinge:** Allows cleaning under furniture and in tight spaces.
- **Handheld Conversion:** Easily detaches for focused cleaning of smaller areas.
- **350 ml Water Tank:** Provides up to 15 minutes of continuous steam.
- **Chemical-Free Cleaning:** Uses only water for sanitization.
- **Multi-Surface Use:** Safe for carpets, wood, laminate, and tiles.
- **1300W Power:** Ensures quick heating and powerful steam output.

## 2. SAFETY INSTRUCTIONS

---

Please read all safety instructions carefully before using the Beldray BEL01732TTVDE Steam Mop. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always ensure the appliance is unplugged from the mains supply before filling, emptying, or cleaning.
- Do not direct steam at people, animals, or electrical appliances. Steam is hot and can cause burns.
- Use only distilled or demineralized water in the water tank. Tap water may cause mineral buildup and damage the appliance.
- Never immerse the steam mop unit, power cord, or plug in water or any other liquid.

- Do not operate the appliance without water in the tank.
- Keep the appliance out of reach of children and pets.
- Allow the appliance to cool completely before storing it.
- Do not use the appliance if the power cord or plug is damaged. Contact qualified personnel for repair.
- Always hold the appliance by the handle during operation.

## 4.2 Filling the Water Tank

1. Ensure the steam mop is unplugged from the power outlet.
2. Locate the water tank cap, usually on the main body of the unit. Open it.
3. Using the provided measuring cup and funnel, carefully fill the water tank with up to 350 ml of distilled or demineralized water. Do not overfill.
4. Close the water tank cap securely.

## 5. OPERATING INSTRUCTIONS

---

Once assembled and filled, your Beldray steam mop is ready for use.

### 5.1 Powering On and Heating

1. Plug the power cord into a suitable mains outlet (220V).
2. Turn the power switch to the 'ON' position. The indicator light will illuminate, signaling that the unit is heating up.
3. Allow a short period for the water to heat and steam to generate. The unit is designed to provide up to 15 minutes of continuous steam once ready.

### 5.2 Using as a Floor Mop

1. Ensure a clean mop pad is attached to the mop head.
2. Hold the handle and gently glide the steam mop across the floor surface. The flexible hinge allows for easy maneuvering around and under furniture.
3. For stubborn stains, hold the mop over the area for a few seconds to allow the steam to penetrate.

## 6. MAINTENANCE AND CLEANING

Regular maintenance ensures the longevity and optimal performance of your steam mop.

### 6.1 After Each Use

1. Unplug the steam mop and allow it to cool completely.
2. Empty any remaining water from the tank.
3. Remove and wash the mop pads. They can typically be machine washed according to fabric care instructions.
4. Wipe down the exterior of the unit with a damp cloth.

## 6.2 Descaling

To prevent mineral buildup, especially if using hard water, descaling is recommended periodically. Consult the manufacturer's website or contact customer support for specific descaling instructions for your model.

## 7. TROUBLESHOOTING
