1. IMPORTANT SAFETY INFORMATION

To ensure the safety of your household, especially children and pets, it is crucial to properly install the anti-tipper mechanism provided with your dresser. Furniture tip-overs can cause serious injury or death. Always secure the dresser to a wall using the included wall anchors and anti-tip metal plate.

Anti-tipper Mechanism

If you have animals that like to climb things, we recommend making use of the provided wall anchors and anti-tip metal Plate at the leg bottom.

Do not allow children to climb on the dresser or open multiple drawers simultaneously, as this can destabilize the unit. Always place heavier items in lower drawers to maintain a low center of gravity.
