3. Setup and Assembly

Follow these steps carefully to assemble your gaming chair. It is recommended to have a clear, spacious area for assembly.

1. **Assemble the Chair Base:** Insert the 5 casters into the holes at the end of each leg of the chair base. Place the gas lift cylinder into the center hole of the base, then cover it with the gas lift cover.
2. **Attach Seat Mechanism:** Align the seat mechanism with the pre-drilled holes on the underside of the seat cushion. Secure it using the provided screws and the Allen wrench. Ensure the front of the mechanism faces the front of the seat.
3. **Attach Armrests:** Secure the armrests to the sides of the seat cushion using the designated screws.
4. **Attach Backrest:** Position the backrest onto the seat cushion's metal brackets. Secure it with the provided screws.
5. **Connect Seat to Base:** Carefully place the assembled seat onto the gas lift cylinder on the chair base. Ensure it is securely seated.
6. **Attach Pillows:** Attach the lumbar support pillow and headrest pillow using their elastic straps. The lumbar pillow's massage function requires a USB connection.

4. Operating Instructions

- **Adjusting Seat Height:** Locate the lever on the right side under the seat. Pull the lever up to raise the seat. To lower the seat, pull the lever up while seated.
- **Reclining the Backrest:** Locate the recline lever on the left side under the seat. Pull the lever up to recline the backrest. Release the lever to lock the backrest in your desired position. To return to an upright position, pull the lever up and lean forward.
- **Using the Footrest:** Pull the footrest out from underneath the seat. Flip the padded section over to create a comfortable footrest. Push it back in and flip the padded section down to store.
- **Massage Lumbar Support:** Connect the USB cable from the lumbar pillow to a USB power source (e.g., computer, power bank). The pillow will provide a vibrating massage.

5. Maintenance

To maintain the quality and longevity of your Dowinx gaming chair, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the fabric.
- **Regular Checks:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability and safety.
- **Fabric Care:** The upgraded tech fabric combines cotton-linen and Dutch velvet. Avoid prolonged exposure to direct sunlight to prevent fading.

6. Troubleshooting

If you encounter any issues with your chair, refer to the following common troubleshooting tips:

- **Chair does not raise/lower:** Ensure the gas lift lever is fully engaged and that there are no obstructions. If the issue persists, the gas lift cylinder may need replacement.
- **Backrest does not recline/lock:** Check that the recline lever is functioning correctly and is not jammed. Ensure no foreign objects are obstructing the reclining mechanism.
- **Massage function not working:** Verify that the USB cable is securely connected to a working USB power source. Try a different USB port or power bank.
- **Squeaking noises:** Check and tighten all assembly screws. Applying a small amount of lubricant to moving parts may also help.
