Safety Information

WARNING: Contains or may generate small parts that can cause choking.
Always supervise children during play. Keep small parts away from children under 3 years of age. Ensure all track pieces are securely connected before use.

Setup Instructions

1. **Unpack Components:** Carefully remove all track pieces, vehicles, and accessories from the packaging.

Image 2: All components of the set laid out, including the blue loop track, launcher, and vehicles.

2. **Assemble the Track Base:** Connect the main track sections to form the base of the loop. Ensure connections are firm.
3. **Attach the Loop:** Securely attach the 360-degree loop section to the track base. Listen for a click to confirm proper connection.

Adult assembly is required for this product.

Operating Instructions

1. **Charge Glow Features:** For optimal glow-in-the-dark effect, expose the track and vehicles to bright light (natural or artificial) for several minutes before playing in a darkened room.
2. **Place Vehicle:** Position a Hot Wheels car or Monster Truck at the starting point of the launcher.
3. **Launch:** Activate the launcher mechanism to propel the vehicle down the track and through the 360-degree loop.
4. **Race:** For head-to-head racing, place two vehicles side-by-side at the starting line and launch simultaneously. The goal is to be the first to reach the trophy.
5. **Adjust Challenge:** Experiment with the trophy's position to make the race more challenging.

Maintenance

- **Cleaning:** Wipe down track pieces and vehicles with a damp cloth. Do not submerge in water.
- **Storage:** Disassemble the track for compact storage. Store in a cool, dry place away from direct sunlight to preserve glow-in-the-dark properties.
- **Inspection:** Periodically check all connections and moving parts for wear or damage. Replace damaged parts if necessary.

Troubleshooting

- **Vehicles not completing the loop:**
  - Ensure the launcher is fully engaged and released with sufficient force.
  - Check that track pieces are securely connected and there are no gaps or misalignments.
  - Verify that the vehicles' wheels are clean and free of debris.
- **Glow-in-the-dark feature is dim:**
  - Expose the track and vehicles to a brighter light source for a longer duration.
  - The glow effect is temporary and will fade over time in darkness. Re-expose to light as needed.
- **Track pieces not connecting:**
  - Ensure pieces are oriented correctly.
  - Apply gentle, even pressure until a click is heard, indicating a secure connection.
