2. How to TRANSFORM

Follow the steps below to transform the robot. Refer to the accompanying image for visual guidance.

1. Transform the robot in the order shown in the photograph.
2. Moving parts may be stiff and difficult to move due to the structure of the product. Apply gentle, steady pressure.

Image: A six-step visual guide illustrating the transformation process of the yellow robot from its vehicle mode to its standing robot mode. Each step shows a progressive change in the robot's configuration.

3. How to COMBINE

This robot can combine with other parts (sold separately) to form a larger robot. Refer to the image for component identification and assembly.

- **Right arm part (Red):** Connects to the right arm position.
- **Torso part (Yellow):** Forms the central body.
- **Left arm part (Blue):** Connects to the left arm position.
- **Right leg part (Green):** Connects to the right leg position.
- **Left leg part (Orange):** Connects to the left leg position.
- When combining, refer to the photograph above and transform the legs accordingly.

4. OPERATING INSTRUCTIONS

The DAISO Transforming Robot Yellow is designed for imaginative play. Users can transform the robot between its vehicle and robot modes, or combine it with other compatible parts. Ensure all connections are secure during play to prevent parts from detaching.

Handle the robot with care, especially during transformation, to avoid damage to moving parts. Avoid excessive force.

5. How to Store

- Do not store in a place subject to direct sunlight or high temperature and humidity.
- Keep out of reach of infants.

6. Maintenance

To clean the robot, wipe it gently with a dry, soft cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the plastic. Avoid submerging the product in water.

Regularly inspect the robot for any signs of wear or damage. If any parts become loose or broken, discontinue use to prevent further damage or potential injury.

7. Troubleshooting

- **Difficulty in Transformation:** Moving parts may be stiff. Apply gentle, steady pressure. Do not force or bend parts forcefully.
- **Parts Not Combining:** Ensure parts are correctly aligned according to the combination diagram. Check for any obstructions.
- **Damaged or Deformed Parts:** Immediately discontinue use if the product becomes deformed or damaged.

8. Safety Precautions / Caution

- **To parents and guardians:** Please read these instructions carefully.
- This product contains small parts. There is a risk of accidental ingestion or choking. Do not give this product to children under 3 years old.
- When using this product, do so under parental or guardian supervision.
