

bemi Remo

bemi Remo Smartwatch User Manual

Model: Remo

INTRODUCTION

This manual provides essential information for the proper use and maintenance of your bemi Remo Smartwatch. Please read it thoroughly before using the device to ensure optimal performance and longevity. The bemi Remo Smartwatch is designed to be an intelligent companion for health monitoring, fitness tracking, and smart home control through Tuya Smart integration.

WHAT'S IN THE BOX

- Remo Smartwatch
- Charging Cable
- User Manual (this document)
- Gift Box

SETUP

1. Charging the Smartwatch

Before initial use, fully charge your bemi Remo Smartwatch. Connect the provided charging cable to the charging port on the back of the smartwatch and plug the USB end into a standard USB power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

2. App Installation

The bemí Remo Smartwatch integrates with the Tuya Smart ecosystem. Download the **Tuya Smart** application from your smartphone's app store (available for Android and iOS devices). Search for "Tuya Smart" and install the official application.

3. Pairing the Smartwatch

1. Ensure your smartwatch is charged and powered on.
2. Enable Bluetooth on your smartphone.
3. Open the Tuya Smart app and create an account or log in.
4. In the app, follow the on-screen instructions to add a new device. Select "Smartwatch" or a similar category.
5. The app will search for nearby devices. Select "Remo" from the list of discovered devices to initiate pairing.
6. Confirm the pairing request on both your smartphone and the smartwatch if prompted.

OPERATING THE SMARTWATCH

1. Basic Navigation

The bemis Remo Smartwatch features an intuitive touchscreen interface. Swipe left, right, up, or down to navigate through menus and access different functions. Press the side button to return to the home screen or activate specific features as configured.

2. Health Monitoring

The smartwatch continuously monitors various health metrics:

- **Heart Rate:** Real-time heart rate tracking. Access historical data in the Tuya Smart app.
- **Sleep Patterns:** Monitors sleep duration and quality. View detailed sleep analysis in the app.
- **Blood Pressure:** Provides blood pressure readings. *Note: This feature is for reference only and not intended for medical diagnosis.*

3. Sport Modes

The bemis Remo Smartwatch supports over 100 sport modes to track your physical activities. Select your desired sport mode from the watch menu to record data such as steps, distance, calories burned, and duration. Examples include running, cycling, and various indoor/outdoor activities.

4. Smart Home Control (Tuya Integration)

Leverage the full potential of the Tuya Smart ecosystem directly from your wrist. The Remo Smartwatch allows you to:

- **Scene Control:** Manage up to 9 preset scenes configured in your Tuya Smart app. Activate "Arrive home mode" or "Leaving home mode" with a single touch.
- **Device Control:** Control various smart devices such as lighting, thermostats, security cameras, and more, provided they are integrated into your Tuya Smart setup.

5. Other Features

- **Music Playback Control:** Control music playing on your connected smartphone (play, pause, skip tracks).
- **Weather Updates:** Receive real-time weather forecasts directly on your wrist.
- **Notifications:** Get alerts for calls, messages, and app notifications from your paired smartphone.

MAINTENANCE

1. Waterproofing (IP67)

The bemi Remo Smartwatch is IP67 waterproof, meaning it is protected against dust ingress and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use, such as hand washing or light rain. **Do not use it for swimming, diving, or in hot water/steam environments (e.g., showers, saunas) as this may compromise the seal.**

2. Cleaning

To clean your smartwatch, gently wipe the screen and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which can damage the device. Ensure the charging contacts are clean and dry before charging.

TROUBLESHOOTING

- **Smartwatch not turning on:** Ensure the device is fully charged. Connect it to the charging cable and allow it to charge for at least 30 minutes before attempting to power it on again.
- **Unable to pair with smartphone:**
 - Verify Bluetooth is enabled on your smartphone.
 - Ensure the Tuya Smart app is installed and open.
 - Restart both the smartwatch and your smartphone.
 - Make sure the smartwatch is within Bluetooth range of your phone.
- **Inaccurate health data:** Ensure the smartwatch is worn snugly on your wrist, about one finger's width above the wrist bone. Avoid excessive movement during measurements. Remember that health monitoring features are for reference and not medical devices.
- **Notifications not appearing:** Check notification permissions for the Tuya Smart app in your smartphone settings. Ensure the app is running in the background.

SPECIFICATIONS

Feature	Detail
Model Number	Remo
Brand	bemi
