## BTHFST 208Q

# BTHFST Queen Floating Bed Frame User Manual

Model: 208Q

## 1. SAFETY INFORMATION

---

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Always be careful not to place hands near or under the hinges when opening and closing the headboard storage compartments.
- Ensure all screws and bolts are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum weight recommendation of 880 pounds.
- Keep children and pets away from the assembly area.
- Use only the provided power adapter for the RGB lights and charging station.
- Avoid exposing electrical components to moisture.

## 2. PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly. All parts and tools are labeled for easy identification.

- Bed Frame Components (Headboard, Side Rails, Footboard, Support Legs)
- Wooden Slats with Sound-Absorbing Velcro
- Hardware Kit (Screws, Bolts, Allen Wrench, Small Self-Tapping Screws for Outlet)
- Light Kit (RGB LED Strips, Remote Control, Power Adapter)
- Integrated Power Outlet with USB-A and Type-C Ports
- Instruction Manual

#### 4. SETUP AND ASSEMBLY

Assembly is required for this product. All parts and tools are numbered for efficient setup. It is recommended to have two people for assembly.

1. Unpack all components and verify against the parts list in your separate assembly guide.
2. Follow the step-by-step instructions provided in the assembly guide. Ensure all connections are secure.
3. When installing the integrated power outlet, use the small self-tapping screws carefully to ensure a straight and secure fit.
4. It is often easier to install the LED strip lights before laying the wooden slats.
5. The sturdy wooden slats are fixed by sound-absorbing Velcro and a quick-lock system. Ensure the Velcro is properly aligned for noise-free operation.

## 5. OPERATING INSTRUCTIONS

### 5.1. RGB Lighting System

The bed frame and headboard are equipped with dynamic RGB lights. Use the provided remote control or a compatible app to customize your lighting experience.

- **Power On/Off:** Press the 'On' or 'Off' button on the remote.
- **Color Selection:** Choose from over 60,000 colors using the remote or app.
- **Dynamic Modes:** Select various dynamic modes for different lighting effects.
- **Music/Mic Mode:** The lights can synchronize with music or sounds detected by a microphone (if using app control).
- **Speed Adjustment:** Adjust the speed of dynamic modes using the 'Speed+' and 'Speed-' buttons.
- **Brightness Control:** Dim or brighten the lights as desired.
- **Timer Function:** Set a timer for the lights to automatically turn off (e.g., 1H, 2H, 3H, 4H options on remote).

# Enjoy The Light Show

The lights flash, dance, and change color in tune with the beat of your music

## 5.2. Functional Charging Station

The headboard includes a convenient charging station to power your devices.

- The charging station features 2 AC outlets, 1 USB-A port, and 1 Type-C port.
- Simply plug in your devices to charge them conveniently from your bed.

## 5.3. Headboard Storage and Side Pockets

The headboard offers multiple storage solutions to keep your essentials organized.

- **Hidden Storage Cubby:** Lift the upholstered panels to access a discreet storage compartment, ideal for personal items.
- **Open Shelf:** A top open shelf provides easy access for displaying nighttime essentials like books, alarm clocks, or decorative items.
- **Side Pockets:** Convenient pockets on the sides of the headboard keep remotes, phones, or other small items within arm's reach.

## 6. MAINTENANCE

---

Proper maintenance ensures the longevity and appearance of your bed frame.

- **Fabric Care:** The linen fabric upholstery should be dry cleaned only. Do not machine wash or tumble dry.
- **General Cleaning:** Wipe down the frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all screws and bolts to ensure they remain tight. Re-tighten if any looseness is detected.
- **LED Strips:** The LED strips are Velcroed for easy adjustment or replacement. Handle with care.

## 7. TROUBLESHOOTING

---

Refer to this section for common issues and their solutions.

- **RGB Lights Not Working:**
  - Ensure the power adapter is securely plugged into a working outlet and the bed frame.

- Check the connection of the LED strips to the controller.
  - Verify the remote control batteries are functional.
  - If a specific section of the LED lights is not working, it may indicate a faulty strip. The part number for replacement LED strips is typically 5V 30LED/MIP65 3M/ROOL170CM.
- **Charging Station Not Functioning:**
    - Confirm the bed frame's main power cord is plugged into a live electrical outlet.
    - Test the outlet with another device to ensure it is working.
    - Ensure your device's charging cable is properly inserted into the USB or AC port.
- **Bed Frame Squeaking:**
    - Re-tighten all assembly bolts and screws, especially those connecting the frame components.
    - Ensure the Velcro on the wooden slats is properly adhered to the frame to prevent movement.
- **Mattress Sliding:**
    - The embedded design of the frame is intended to prevent mattress sliding. Ensure the mattress is correctly positioned within the frame.

## 8. WARRANTY AND SUPPORT

---

For product support, warranty claims, or replacement parts, please contact the seller, zChuang, directly through your purchase platform. Amazon offers a 90-day return policy for this product.
