4. USAGE AND OPERATING INSTRUCTIONS

These shoes are designed for ease of use and comfort. As a slip-on model, they do not require lacing, offering quick wear and removal.

Wearing Your Shoes:

1. Ensure your foot slides comfortably into the shoe. The elasticated design around the tongue area allows for a snug fit without laces.
2. Adjust your foot to ensure the memory foam insole provides even support across the sole.
3. The flexible canvas upper and plimsoll construction will adapt to your foot over time for personalized comfort.

Recommended Activities:

- **Martial Arts:** The flexible sole and grip are beneficial for precise movements.
- **Training:** Suitable for various indoor and outdoor training exercises.
- **Everyday Wear:** Comfortable and stylish for daily activities and casual outings.

5. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your FEIYUE Fe Lo 1920 shoes.

Cleaning Instructions:

- **Spot Cleaning:** For minor dirt or stains, use a soft brush or cloth with mild soap and cold water. Gently scrub the affected area.
- **Deep Cleaning:** For more thorough cleaning, hand wash the shoes using a gentle detergent. Avoid harsh

chemicals or bleach, as these can damage the canvas and rubber.

- **Sole Cleaning:** The rubber sole can be cleaned with a brush and soapy water to remove dirt and maintain grip.

Drying:

- Always air dry your shoes. Do not use a machine dryer, as high heat can cause shrinkage or damage to the materials.
- Stuff the shoes with paper towels or newspaper to help absorb moisture and maintain their shape during drying.
- Allow them to dry completely in a well-ventilated area, away from direct sunlight or heat sources.

Storage:

Store your shoes in a cool, dry place when not in use to prevent mildew and material degradation.

Note: These shoes are not water resistant. Avoid prolonged exposure to wet conditions.

6. TROUBLESHOOTING

Here are solutions to common concerns you might encounter with your FEIYUE Fe Lo 1920 shoes:

- **Fit Issues (Too Tight/Loose):** Refer to the sizing chart in Section 3. If the shoes feel too tight initially, the canvas material may stretch slightly with wear. If they are significantly uncomfortable, consider exchanging for a different size.
- **Squeaking Noise:** A new rubber sole may sometimes squeak on certain floor surfaces. This often diminishes with wear. Ensure the insole is properly seated.
- **Stains on Canvas:** Follow the cleaning instructions in Section 5 promptly to address stains. For stubborn stains, professional cleaning may be required.
- **Odor:** Ensure shoes are thoroughly dried after wear. If odor persists, use shoe deodorizers or sprinkle baking soda inside and let it sit overnight before shaking it out.
