HOGOKIDS HG1011

HOGOKIDS Flower House Building Set with LED Light - Instruction Manual

Model: HG1011 | Brand: HOGOKIDS

Introduction

This instruction manual provides detailed guidance for assembling and operating your HOGOKIDS Flower House Building Set with LED Light, model HG1011. This set contains 1332 pieces designed to construct an intricate garden house model, complete with various floral elements, animal figures, and an integrated LED lighting system. Please read this manual thoroughly before beginning assembly to ensure a smooth and enjoyable building experience.

Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

- Keep all small parts away from young children and pets to prevent accidental ingestion.
- Ensure all building pieces are securely connected during assembly to avoid loose parts.
- Dispose of packaging materials properly and keep them away from children.
- Adult supervision is recommended during assembly, especially for younger users.

Package Contents

Upon opening the package, please verify that all components are present and undamaged. The HOGOKIDS Flower House Building Set (HG1011) typically includes:

- 1332 Building Block Pieces (various shapes, sizes, and colors)
- 1 x Instruction Manual (this document)
- 1 x LED Light Kit (including wiring and battery compartment, batteries not included)
- Assorted decorative elements (flowers, potted plants, animal figures like parrot and cat)
- Base plates for construction

If any parts are missing or damaged, please contact HOGOKIDS customer support for assistance.

Assembly Instructions

Follow the step-by-step instructions provided in the included printed manual for detailed assembly. The building process is divided into several stages, each focusing on a specific section of the flower house. Take your time and ensure each connection is firm.

General Assembly Tips:

- **Organize Pieces:** Before starting, sort the building blocks by color, size, or type to make them easier to find.
- **Follow Sequence:** Adhere strictly to the numbered steps in the printed instruction manual. Do not skip steps.
- **Secure Connections:** Press pieces firmly together to ensure they are fully connected and the structure is stable.
- **LED Light Integration:** The LED light kit is integrated during specific assembly steps. Pay close attention to the diagrams for wiring placement to ensure proper functionality.
- **Two Building Styles:** This set offers two display modes: a long, stretchy view and a more compact view. The instruction manual will guide you on how to achieve these configurations.

Image Description: A fully assembled HOGOKIDS Flower House building set, illuminated by its integrated LED light. The greenhouse features a white frame, clear roof panels, and vibrant green vines with pink and purple flowers. Various potted plants, a red mailbox, a street lamp, and a blue bicycle are visible around the exterior. The top-left corner shows the product box, and the top-right shows the two

possible display configurations of the house.

Image Description: This image illustrates the two distinct building styles for the HOGOKIDS Flower House. The top left shows the compact, folded configuration, while the top right displays the extended, open configuration. Below these, a full view of the extended configuration is shown, highlighting the interior details and the ability to switch between modes.

Image Description: A detailed view of the HOGOKIDS Flower House, showcasing its interactive features. The roof is partially open, revealing the interior. Insets highlight specific features: "Openable Windows" (top left), a "Joyful Swing" (bottom left) attached to the side, and an "Openable Door" (bottom right) leading into the greenhouse. These features enhance playability and display options.

Image Description: The HOGOKIDS Flower House building set displayed on a wooden table, with the product box in the background. Text overlays indicate "1332 PCS" (pieces) and "6+ AGES" (recommended age). The assembled house is shown with its LED lights on, surrounded by small accessory pieces like a table, chairs, and a bicycle, emphasizing the completeness of the set.

Image Description: A close-up view of the HOGOKIDS Flower House, highlighting its "Built-in LED light" feature. The house is illuminated from within, casting a warm glow on the interior details and exterior elements like the street lamp. The background is softly blurred, emphasizing the illuminated model, which appears to be set in a whimsical, garden-like environment.

Operating the LED Light

The HOGOKIDS Flower House features an integrated LED lighting system to enhance its display. To operate the lights:

1. **Battery Installation:** Locate the battery compartment, typically found at the base or a discreet section of the model. Open the compartment cover.
2. **Insert Batteries:** Insert the required batteries (e.g., 2x AAA or 3x LR44, refer to the printed manual for exact type) ensuring correct polarity (+/-).
3. **Close Compartment:** Securely close the battery compartment cover.
4. **Activate Light:** Locate the small switch or button designed to turn the LED lights on and off. This is usually a subtle component integrated into the model's design.
5. **Enjoy:** The flower house will now be illuminated, creating a cozy and inviting atmosphere.

When not in use for extended periods, it is recommended to turn off the LED lights to conserve battery life. If the lights dim or stop working, replace the batteries.

Maintenance

To ensure the longevity and appearance of your HOGOKIDS Flower House Building Set, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth or a small, soft brush to gently remove dust from the building blocks and LED components. Avoid using water or cleaning solutions, as they may damage the plastic or electronic parts.
- **Storage:** Store the assembled model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic. If disassembling for storage, keep all pieces organized in a container to prevent loss.
- **Handling:** Handle the model with care, especially when moving it, to avoid accidental detachment of pieces.
- **Battery Care:** If the LED lights will not be used for an extended period, remove the batteries from the compartment to prevent leakage and potential damage to the electronics.

Troubleshooting

Here are some common issues and their solutions:

Problem	Possible Cause	Solution
LED lights do not turn on.	Batteries are dead or incorrectly installed. Light switch is off. Wiring is loose or disconnected.	Replace batteries or ensure correct polarity. Turn the light switch to the "ON" position. Carefully check all wiring connections as per the assembly manual.
Pieces do not fit together.	Incorrect piece selected. Not enough force applied.	Refer to the instruction manual to confirm the correct piece for the step. Apply firm, even pressure to connect pieces.
Model is unstable.	Pieces are not fully connected. Assembly error in a previous step.	Go back through recent steps and ensure all connections are secure. Review the assembly manual from the beginning to identify any missed or incorrect steps.

Specifications

- **Model Number:** HG1011
- **Brand:** HOGOKIDS
- **Number of Pieces:** 1332
- **Recommended Age:** 6 years and up (Manufacturer recommended age)
- **Assembled Dimensions (Approx.):** 8.26 inches (H) x 7.48 inches (W) x 8.26 inches (D)
- **Item Weight:** 3.05 pounds
- **Lighting:** Integrated LED Light Kit (batteries not included)
- **Material:** ABS Plastic
