This illustrates the cabinet's aesthetic and functional integration into a workspace.

Safety Information

Before assembly and use, please read and understand all instructions.

- Ensure all parts are present and undamaged before assembly.
- Assemble the cabinet on a soft, clean surface to prevent scratches.
- Do not overload shelves. Each shelf has a maximum weight capacity of 30 kg (66 lbs). The total maximum load capacity for the cabinet is 150 kg (330 lbs).
- Distribute weight evenly on shelves.
- Keep children and pets away during assembly.
- For stability, place the cabinet on a level surface.
- Periodically check all fasteners to ensure they remain tight.

Package Contents

Please verify that all components are present in your package. Refer to the parts list provided in your product packaging for a complete inventory. If any parts are missing or damaged, contact customer support.

Setup and Assembly

The HOMCOM 5-Tier Steel Office Storage Cabinet requires assembly. Follow the detailed instructions provided in the separate assembly guide included with your product.

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Assemble Frame:** Follow the guide to connect the main frame components.
3. **Install Shelves:** The cabinet features adjustable shelves. To install or adjust a shelf:
    - Locate the desired height slots on the cabinet's interior side panels.
    - Insert the shelf support clips into the corresponding slots at the same height on both sides.
    - Carefully place the shelf onto the support clips, ensuring it is level and secure.

Text description: The image illustrates the adjustable shelf system, highlighting the slots on the cabinet's interior walls where shelf support clips can be inserted to customize shelf height. This allows for flexible storage configurations to accommodate items of various sizes.

4. **Attach Doors:** Secure the doors to the cabinet frame using the provided hinges and fasteners.
5. **Install Locking Mechanism:** Attach the lock and handles as per the assembly guide.
6. **Final Check:** Ensure all screws and fasteners are tightened, and the cabinet is stable.

Operating Instructions

This section details the proper use of your HOMCOM storage cabinet.

Adjusting Shelves

The cabinet is equipped with four adjustable shelves, allowing you to customize the storage space according to your needs. To adjust a shelf, remove any items from it, lift the shelf slightly, and reposition the support clips into the desired slots on the cabinet's side panels. Ensure both sides are at the same height for a level shelf.

Using Lockable Doors

The cabinet features two lockable doors to secure your documents and personal items. Insert the key into the lock located on one of the doors and turn it to lock or unlock. Always ensure the doors are properly closed and locked when storing sensitive materials.

Versatile Storage Applications

This cabinet is suitable for various environments:

- **Office Use:** Organize files, binders, office supplies, and stationery. The adjustable shelves accommodate different document sizes.
- **Home Storage:** Store household items, books, or personal belongings securely.
- **Garage/Utility Storage:** Keep tools, cleaning supplies, or other utility items neatly stored and protected.

Maintenance

To ensure the longevity and appearance of your HOMCOM storage cabinet:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Dusting:** Regularly dust the cabinet to prevent buildup.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Retighten if necessary.
- **Avoid Moisture:** Keep the cabinet in a dry environment to prevent rust or damage to the steel.

Troubleshooting

If you encounter any issues with your cabinet, refer to the following common solutions:

- **Doors do not close properly:**
    - Check if the cabinet is on a level surface. Adjust if needed.
    - Ensure all assembly screws are tightened correctly, especially those for the hinges.

- Verify that no items inside the cabinet are obstructing the doors.

- **Shelves are wobbly:**
  - Ensure the shelf support clips are fully inserted into the slots on both sides.
  - Confirm that the shelf is placed evenly on all four support clips.
  - Check if the cabinet itself is stable and not rocking.

- **Lock mechanism is stiff:**
  - Apply a small amount of graphite lubricant to the key and insert it into the lock. Turn gently.
  - Ensure the doors are fully closed and aligned before attempting to lock.

If the issue persists, please contact customer support for further assistance.
