Catitru BX17

Catitru BX17 Wireless Earbuds User Manual

Model: BX17

1. INTRODUCTION

Thank you for choosing the Catitru BX17 Wireless Earbuds. These Bluetooth headphones are designed to provide a high-quality audio experience with extended battery life, noise-canceling microphone, and a secure fit for various activities, including sports and workouts. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

2. PRODUCT OVERVIEW

2.1 Earbuds and Charging Case

Image: Catitru BX17 Wireless Earbuds in rose gold, shown with their charging case. The case features a digital LED power display.

The Catitru BX17 earbuds feature an ergonomic design with elastic and soft ear hooks for a secure and comfortable fit during extended use. They come with three different sized eartips (S, M, L) to ensure optimal comfort and sound isolation for various ear sizes. The earbuds are IPX7 waterproof, making them resistant to splashes and sweat, suitable for sports and outdoor activities.

2.2 Audio Technology

Equipped with powerful 12mm speaker driving units and an ear acoustic structure, the BX17 earbuds deliver immersive stereo sound. The unique acoustic design ensures stable indoor and outdoor air pressure, preventing sound loss and providing clear sound detection even in noisy environments. The earbuds also feature ENC (Environmental Noise Cancellation) technology for clear calls.

Hi-Fi stereo Sound

Equipped with a 14.3mm Graphene Diaphragm

3. SETUP

3.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C cable to the charging port on the case and a power source. The LED power display on the case will indicate the charging status.

3.2 Pairing with Your Device

The BX17 wireless headphones feature a built-in hall switch. Simply open the charging box after the first connection, and the earbuds will automatically turn on and connect to your last paired device. This ensures a faster and more convenient connection.

1. Ensure your device's Bluetooth is turned on.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "BX17" from the list.
4. Once connected, you will hear a confirmation tone.

4. OPERATING INSTRUCTIONS

4.1 Button Touch Controls

The earbuds feature intuitive button controls for seamless management of music playback, volume, and calls. Refer to the diagram below for specific functions:

Easy Control, Physical Buttons

Light Click of Your Fingertips to Play Music or Answer Calls

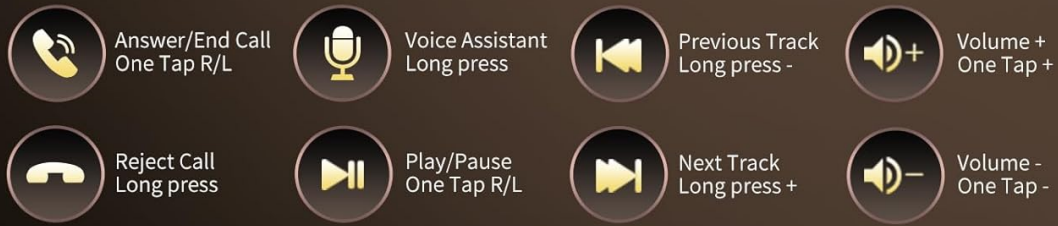

Image: A detailed diagram illustrating the various touch controls on the earbud for answering/ending calls, voice assistant, track control, and volume adjustment.

- **Answer/End Call:** One Tap (Right or Left earbud)
- **Voice Assistant:** Long press (Right or Left earbud)
- **Previous Track:** Long press '-' (Left earbud)
- **Volume +:** One Tap '+' (Right earbud)
- **Reject Call:** Long press (Right or Left earbud)
- **Play/Pause:** One Tap (Right or Left earbud)
- **Next Track:** Long press '+' (Right earbud)
- **Volume -:** One Tap '-' (Left earbud)

4.2 LED Power Display

The charging case is equipped with a dual digital LED power display, allowing you to easily check the remaining battery capacity of both the earbuds and the charging case in real-time when you open or close the case.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Catitru BX17 Wireless Earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The earbuds are IPX7 waterproof, meaning they can withstand splashes and sweat. However, they are not designed for swimming or prolonged submersion. Ensure they are dry before placing them back in the charging case.
- **Storage:** Store the earbuds in their charging case when not in use to protect them from dust and damage. Keep them in a cool, dry place away from extreme temperatures.
- **Charging:** Use the provided Type-C cable for charging. Avoid using damaged cables or chargers.

7. TROUBLESHOOTING

If you encounter any issues with your Catitru BX17 Wireless Earbuds, please refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the charging case, close the lid, then open it again to re-enter pairing mode. Delete "BX17" from your device's Bluetooth list and try pairing again.
- **No sound or low volume:** Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly seated in your ears and that the correct eartip size is used for a good seal.
- **Intermittent connection:** Ensure there are no obstructions between your device and the earbuds. Keep the earbuds within the recommended Bluetooth range.
- **Charging issues:** Verify that the Type-C cable is securely connected to both the charging case and the power source. Check if the charging port is clean and free of debris.
- **Call quality issues:** Ensure the microphone is not obstructed. The ENC noise-canceling mic is designed for clear calls, but extreme noise environments may still affect performance.

8. SPECIFICATIONS

Feature	Detail
Model Name	BX17
Brand	Catitru
Connectivity Technology	Wireless (Bluetooth 5.3)
Water Resistance Level	IPX7 Waterproof
Control Method	Touch
Total Battery Life	Up to 80 Hours (with charging case)
