## Other Features

- **Alarm Clock:** Set alarms for reminders like waking up, drinking water, or taking medicine.
- **Stopwatch/Timer:** Utilize built-in stopwatch and timer functions for various activities.
- **Flashlight:** The watch includes a basic flashlight function for convenience.

## MAINTENANCE

### Water Resistance (IP68)

The BIGGERFIVE Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, including hand washing, showering, and swimming in a pool. However, it is not recommended for hot water activities or deep diving.

### IP68 Waterproof

No need to take off your watch when doing water activities or swimming in a pool.

## Cleaning

Wipe the watch and band regularly with a soft, damp cloth. Ensure the charging contacts are clean and dry before charging.

## TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power it on.
- **Charging issues:** Verify that the magnetic charger is correctly aligned with the charging points on the back of the watch. Ensure the USB power source is functional. If the charger itself is faulty, contact customer support for a replacement.
- **Inaccurate tracking:** Ensure the user profile (age, height, gender) is correctly set in the watch or app. For heart rate and sleep tracking, ensure the watch is worn snugly but comfortably on the wrist.
- **App connectivity problems:** Ensure Bluetooth is enabled on your smartphone and the watch is within range. Restart both the watch and the app. If issues persist, try unpairing and re-pairing the device in the app settings.
- **Screen unresponsive:** Try restarting the watch by pressing and holding the side button. If the issue continues, ensure the screen is clean and dry.
