HOMCOM 831-463V80GY

HOMCOM Jewelry Cabinet with LED Light and Full-Length Mirror

INSTRUCTION MANUAL - MODEL: 831-463V80GY

1. Safety Instructions

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Ensure the cabinet is placed on a flat, stable surface to prevent tipping.
- Keep children and pets away from the cabinet during assembly.
- Do not overload the storage compartments, as this may affect stability.
- Handle the mirror with care to avoid breakage.
- For LED lights, use only the provided USB cable. Do not use an adapter with a voltage higher than 5V.
- Keep keys for the lockable mechanism in a safe place, out of reach of children.

2. Package Contents

Verify that all components are present before beginning assembly:

- 1 x Jewelry Cabinet
- 1 x Manual (this document)
- 2 x Keys
- 1 x USB Cable (100cm / 39.25 inches)

3. Assembly Instructions

Assembly of the jewelry cabinet is required. Follow the detailed steps provided in the included manual for proper construction. Ensure all screws and fasteners are securely tightened.

Figure 3.1: Overall dimensions of the HOMCOM Jewelry Cabinet. The cabinet measures 18.1 inches (46 cm) wide, 14.4 inches (36.5 cm) deep, and 59.6 inches (151.5 cm) high. The mirror itself is 14 inches (35.5 cm) wide and 42.3 inches (107.5 cm) high.

The mirror's angle can be adjusted to suit your preference. Locate the wooden dowels on the back support and insert them into the desired holes to set the mirror at a comfortable viewing angle.

Figure 3.2: The mirror can be tilted to various angles by adjusting the support dowels on the back stand, providing an optimal view for dressing.

4. Operating Instructions

4.1 Using the Full-Length Mirror

The cabinet features a full-length mirror on its exterior, allowing you to view your entire outfit. Adjust the mirror to your preferred angle as described in the assembly section.

Figure 4.1: The full-length mirror provides a complete reflection, ideal for dressing and checking your appearance.

4.2 LED Light Operation

The mirror is equipped with two strips of LED lights. To activate the lights, connect the provided USB cable to a 5V power source (adapter not included). The lights are controlled by an on/off switch located on the mirror surface.

Figure 4.2: The integrated LED lights offer bright illumination, enhancing visibility for makeup application or dressing.

Figure 4.3: The LED lights are activated and deactivated via a touch-sensitive button on the mirror's surface.

4.3 Organizing Jewelry

Open the mirror door to access the interior storage compartments. The cabinet offers extensive storage options:

- **100 Earring Slots:** Located on the inside of the door and main cabinet for various earring types.
- **24 Necklace Hooks:** Designed to hang necklaces and prevent tangling.
- **105 Ring Slots:** Padded slots to securely hold rings.
- **3 Storage Boxes:** For smaller items or accessories.
- **5 Tier Storage Shelves:** Adjustable shelves for larger items, cosmetics, or other accessories.
- **Bracelet Hanger:** A dedicated bar for bracelets.

Figure 4.4: The interior of the cabinet is designed for ample storage, featuring dedicated sections for various jewelry types and accessories.

Figure 4.5: An open view of the jewelry cabinet showcasing its organized interior with necklaces, earrings, and other items neatly stored.

4.4 Locking Mechanism

The cabinet is equipped with a lock and comes with two keys for security. Insert a key into the lock on the side of the mirror door and turn to secure or unlock the cabinet. The door also features a magnetic closure for smooth opening and closing when not locked.

Figure 4.6: The cabinet features a lockable design with two included keys, ensuring the security of your valuables. A magnetic mechanism assists in keeping the door closed.

5. Maintenance

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a glass cleaner to wipe the mirror surface. Avoid abrasive cleaners that may scratch the glass.
- **Cleaning the Cabinet:** Wipe the exterior and interior surfaces with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- **LED Lights:** Ensure the USB cable is disconnected before cleaning the mirror area around the LED lights.
- **Lock Mechanism:** Periodically check the lock for smooth operation. Do not force the key if it feels stiff.

6. Troubleshooting

- **LED Lights Not Working:**

- Ensure the USB cable is securely connected to both the cabinet and a functioning 5V power source.
- Check if the power source (e.g., USB wall adapter, power bank) is active.
- Press the touch-sensitive switch firmly on the mirror surface.

- **Mirror Door Not Closing Properly:**
  - Check for any obstructions in the cabinet or around the hinges.
  - Ensure the cabinet is on a level surface.
  - Verify that the magnetic closure is aligned and free of debris.
- **Cabinet Instability:**
  - Ensure all assembly screws are tightened.
  - Verify the cabinet is placed on a flat, even floor.
  - Do not exceed the weight capacity of the shelves or hooks.

7. Specifications
