Maxcom FW26

Maxcom FW26 Oxygen Pro Smartwatch User Manual

Model: FW26 | Brand: Maxcom

1. INTRODUCTION

Welcome to the user manual for your Maxcom FW26 Oxygen Pro Smartwatch. This device is designed to enhance your daily life with advanced health monitoring, communication features, and smart functionalities. Please read this manual carefully to understand how to operate your smartwatch safely and efficiently.

The Maxcom FW26 Oxygen Pro features a vibrant 1.8-inch IPS display, IP67 water resistance, and comprehensive health tracking including heart rate, sleep, blood pressure, and breathing training. It also supports call functions, music control, and remote camera operation.

2. PRODUCT OVERVIEW

Familiarize yourself with the components of your Maxcom FW26 Oxygen Pro Smartwatch.

Figure 2.1: Front view of the Maxcom FW26 Oxygen Pro Smartwatch. This image displays the watch face with the time "08:00" and date "MON 06-20", highlighting the large, clear IPS display.

Figure 2.2: Angled view of the Maxcom FW26 Oxygen Pro Smartwatch. This perspective showcases the watch's sleek design, the side button, and the comfortable silicone strap.

Figure 2.3: Rear view of the Maxcom FW26 Oxygen Pro Smartwatch. This image highlights the optical heart rate sensors and magnetic charging contacts on the back of the watch, essential for health monitoring and power.

Package Contents:

- Maxcom FW26 Smartwatch
- Charging Cable
- User Manual (this document)

3. SETUP

3.1 Initial Charging

Before first use, fully charge your smartwatch.

1. Connect the magnetic charging cable to the charging contacts on the back of the smartwatch.
2. Plug the USB end of the cable into a standard USB power adapter (5V/1A recommended) or a computer's USB port.
3. The watch display will indicate charging status. Allow approximately 2 hours for a full charge.

3.2 App Installation and Pairing

To unlock the full potential of your smartwatch, download and install the companion app on your smartphone.

1. Scan the QR code provided in the watch's quick start guide or search for "Maxcom Smart" (or similar, as specific app name is not provided) in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the app and open it.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the app, follow the on-screen instructions to search for and pair with your Maxcom FW26 Oxygen Pro. The watch's model number (FW26) should appear in the list of available devices.
5. Confirm the pairing request on both your smartphone and the smartwatch.

Important: Once the watch is connected to the app, you can add up to 50 frequent contacts directly through the app for quick dialing from your watch.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and features. Tap to select an option.
- **Side Button:** Press to wake the screen, return to the home screen, or access the app list (functionality may vary based on context).

4.2 Call Function

Make and receive calls directly from your smartwatch when connected to your phone.

- **Contact Overview:** Access your synced contacts to initiate calls.
- **Call History:** View a history of calls made from your watch.
- **Dial Pad:** Access the numeric keypad to dial a number directly from the watch.

4.3 Health Monitoring

Monitor your health metrics directly from your wrist.

- **Heart Rate:** Measure your heart rate in real-time.
- **Sleep Tracking:** Monitor your sleep patterns and quality.
- **Breathing Training:** Guided breathing exercises for relaxation.
- **Blood Pressure:** Measure your blood pressure (for reference only, not medical device).
- **Women's Health Interface:** Dedicated features for tracking women's health cycles.

4.4 Sports Modes and Activity Tracking

Track your workouts and daily activity.

- **Activity Tracking:** Keep track of distance covered and calories burned throughout the day.
- **Sports Records:** The watch can store up to 5 training sessions, allowing you to review your performance.

4.5 Music Control

Control music playback on your connected smartphone.

- Play/Pause music.
- Select the previous or next track.
- Adjust volume (louder/softer).

4.6 Remote Camera Control

Use your smartwatch as a remote shutter for your phone's camera.

- Open the camera app on your phone.
- Click or shake the watch to take a photo. The photo will be saved to your phone's album.

4.7 Additional Features

- **Timer, Stopwatch, Calculator:** Convenient built-in tools for daily use.
- **Voice Assistant:** Tap to activate the voice assistant on your connected phone via the watch.
- **Do Not Disturb Mode:** Customize the time when you do not wish to receive notifications.

5. MAINTENANCE

5.1 Cleaning Your Smartwatch

To maintain the appearance and functionality of your smartwatch:

- Wipe the screen and body with a soft, lint-free cloth.
- For stubborn smudges, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive cleaners.
- Ensure the charging contacts are clean and dry before charging.

5.2 Water Resistance (IP67)

The Maxcom FW26 Oxygen Pro is IP67 water-resistant. This means it is protected against dust ingress and can withstand immersion in water up to 1 meter for up to 30 minutes.

- It is suitable for daily use, such as hand washing or light rain.
- Avoid wearing it while swimming, showering with hot water, or in saunas, as steam and hot water can compromise

the seal.

- Do not press buttons underwater.
- If the watch gets wet, dry it thoroughly before charging.

5.3 Battery Care

- Avoid extreme temperatures, which can shorten battery life.
- Charge the watch regularly, do not let the battery completely drain for extended periods.
- Use only the provided charging cable.

6. TROUBLESHOOTING

6.1 Common Issues and Solutions

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 10 minutes.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Make sure the watch is within Bluetooth range of your phone.
 - Restart both the watch and your phone.
 - Try unpairing and re-pairing the device through the app.
- **Inaccurate health data:**
 - Ensure the watch is worn snugly on your wrist, not too tight or too loose.
 - Clean the sensors on the back of the watch.
 - Note that health data is for reference only and not for medical diagnosis.
- **Notifications not received:**
 - Check app notification settings on your phone and within the smartwatch app.
 - Ensure the watch is connected via Bluetooth.
 - Disable "Do Not Disturb" mode on the watch if it's active.

If you encounter issues not listed here, please refer to the support section or contact Maxcom customer service.
