CalExotics SE-0650-40-3

CalExotics Thicc Chubby Thrusting Tickler User Manual

MODEL: SE-0650-40-3

Welcome

Thank you for choosing the CalExotics Thicc Chubby Thrusting Tickler. This waterproof, rechargeable rabbit vibrator is designed for enhanced pleasure with its unique features. Please read this manual carefully before use to ensure proper operation and maintenance of your device.

Important Safety Information

- Consult a healthcare professional before use if you have any medical conditions or concerns.
- Discontinue use immediately if you experience any discomfort or pain.
- Keep out of reach of children. This product is for adult use only.
- Do not use if the product appears damaged.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Package Contents

- 1 x CalExotics Thicc Chubby Thrusting Tickler (Blue)
- 1 x USB Charging Cord

Getting Started (Setup)

Charging Instructions

Before first use, fully charge the device to ensure optimal performance.

1. Locate the charging port at the base of the device.
2. Insert the small end of the included USB charging cord into the charging port.

3. Connect the larger end of the USB charging cord to a compatible USB power source (e.g., computer, USB wall adapter).
4. The indicator light will illuminate during charging.
5. A complete charge takes approximately 3 hours.
6. Once fully charged, the device will run for approximately 55 minutes on high speed and 80 minutes on low speed.

Operation

Power On/Off

To turn the device on or off, press and hold the power button for approximately 3 seconds.

Adjusting Vibration and Thrusting Modes

Once the device is powered on, press the power button repeatedly to cycle through the 10 escalating speeds of vibration and thrusting action.

The device features a memory chip that will resume on the last function used when powered on again.

Security Travel Lock

The device includes a security travel lock feature to prevent accidental activation during transport. Specific activation/deactivation steps are not detailed, but the device is designed to be secure for travel.

Care and Maintenance

Cleaning

Clean the device thoroughly before and after each use to maintain hygiene and product longevity.

1. Wash the device with warm water and a toy cleaner or mild soap.
2. Rinse thoroughly under running water.
3. Pat dry with a lint-free cloth.
4. **Do not use** cleaners containing alcohol, petroleum, or acetone, as these can damage the silicone material.

Storage

Store the device in a clean, dry place away from direct sunlight and extreme temperatures. Keep it separate from other toys made of different materials to prevent potential material degradation or reactions.

Troubleshooting

If you encounter any issues with your CalExotics Thicc Chubby Thrusting Tickler, please refer to the following common solutions:

Problem	Possible Cause	Solution
Device does not turn on	Battery is depleted	Charge the device fully (approximately 3 hours).
Device does not turn on	Travel lock is active	Ensure the device is not in travel lock mode. (Refer to operating instructions for details).
Weak vibration/thrusting	Low battery	Charge the device fully.
Charging indicator light not working	Charging cable not properly connected or damaged	Ensure the USB cable is securely connected to both the device and the power source. Try a different USB port or cable.
Device feels uncomfortable	Insufficient lubrication or allergic reaction	Use a generous amount of water-based lubricant. Discontinue use if discomfort persists and consult a healthcare professional.
