MUPATER 8' x 5' Wooden Grill Gazebo Instruction Manual

Model: PG0201-21-14

1. SAFETY INFORMATION

Important Safety Notice: Do not sit or stand on the side workstations of this gazebo. These surfaces are designed for placing items such as food, tableware, or grilling accessories only. Sitting or standing on them can lead to product damage and personal injury.

Image 1.1: The side workstation is intended for items, not for seating. Observe the warning to prevent damage or injury.

2. PRODUCT OVERVIEW

The MUPATER 8' x 5' Wooden Grill Gazebo provides a dedicated outdoor space for grilling and entertaining. It features a sturdy wooden frame and a sloping metal roof designed for durability and weather resistance.

2.1 Dimensions

- **Total Dimensions:** 98.07" L x 64.96" W x 86.84" H
- **Workstation Length:** 41.73"
- **Workstation Height from Ground:** 33.07"
- **Floor Area:** 37.67 square feet

2.2 Key Features

- **Construction Material:** Made from natural cedar wood, providing a robust and aesthetically pleasing structure.
- **Roof Design:** Sloping metal roof with a professional drainage system to efficiently direct water away, reducing accumulation during rain or snow.
- **Stability:** Engineered for strong stability, rated to withstand winds up to 70 mph and support up to 1,200 lbs of snow. Includes metal ground stakes for secure installation.
- **Side Workstations:** Two integrated side shelves offer convenient space for grilling essentials.
- **UV Protection:** The roof material provides ultraviolet light protection.

4. OPERATING AND USAGE

The MUPATER grill gazebo is designed to enhance your outdoor grilling experience by providing shelter and convenient workspace.

4.1 Workstation Use

Utilize the two side shelves as workstations for preparing food, holding grilling tools, or serving beverages. Remember the safety warning: these surfaces are not designed for seating or standing.

4.2 Weather Protection

The sloping metal roof and robust construction offer protection from sun, rain, and snow. The integrated drainage system ensures water runoff, preventing pooling on the roof.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and structural integrity of your gazebo.

- **Wood Protection:** The wooden components are made from natural cedar. To ensure better protection and extend the lifespan of the wood, it is highly recommended to apply an additional water-based stain periodically.
- **Cleaning:** Clean the metal roof and wooden frame regularly with a mild soap solution and water. Avoid abrasive cleaners that could damage the finish.
- **Inspection:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary. Check for any signs of wear or damage to the wood or metal components and address them promptly.

Image 5.1: Recommendation for applying water-based stain to the natural cedar wood for enhanced protection.

6. TROUBLESHOOTING

If you encounter any issues with your MUPATER grill gazebo, consider the following common troubleshooting steps:

- **Stability Concerns:** Ensure all assembly hardware is securely tightened. Verify that the ground stakes are properly installed and that the gazebo is on a level surface. For concrete or deck installations, confirm that appropriate

anchoring methods are used.

- **Water Accumulation:** Check the roof for any debris that might be blocking the drainage system. Ensure the roof panels are correctly aligned and sealed.
- **Wood Appearance:** If the wood shows signs of weathering or discoloration, apply a fresh coat of water-based stain as recommended in the Maintenance section.

7. SPECIFICATIONS

Brand	MUPATER
Model Number	PG0201-21-14
Material	Wood
Style	5x8 FT
Product Dimensions (L x W x H)	98.07" x 64.9" x 86.8"
Item Weight	232.8 pounds
Frame Material	Wood
Water Resistance Level	Water Resistant
Shape	Rectangular
Ultraviolet Light Protection	Yes
Color	Rustic
Floor Area	37.67 square feet
