# Jocoevol 7FT Artificial Olive Tree Instruction Manual

MODEL: O7-1

## Product Overview

The Jocoevol 7FT Artificial Olive Tree is designed to enhance your indoor spaces by bringing the aesthetic appeal of nature without the need for maintenance. This faux plant features a realistic trunk, lush silk leaves, and lifelike fruits, presented in an elegant white planter. It is suitable for various settings, including living rooms, offices, and entryways, creating a warm and inviting atmosphere.

- **Lifelike Appearance:** Features a realistic trunk, lush leaves, and detailed fruits for an authentic look.
- **Eco-Friendly Materials:** Constructed from environmentally friendly materials, ensuring safety for your home.
- **Versatile Decor:** Ideal for various indoor environments, adding natural beauty to any room.
- **Easy to Shape:** Branches can be easily arranged to achieve a desired aesthetic after unpacking.
- **Low Maintenance:** Requires no watering, pruning, or sunlight, perfect for busy lifestyles.

## What's Included

---

- Artificial Olive Tree (7FT)
- White Planter

## Setup and Assembly

---

Your Jocoevol Artificial Olive Tree is designed for quick and easy assembly. Follow these steps to set up your tree:

1. **Step 1: Find the Trunks and Branches.** Carefully remove all components from the packaging. The tree typically comes in a few main sections.

Image: Illustration of the tree components separated for assembly.

2. **Step 2: Align and Insert Branches.** Connect the main trunk sections. Then, align the branches with the designated holes on the trunk and insert them securely.

Image: Hands demonstrating how to align and insert a branch into the tree trunk.

3. **Step 3: Bend Down Branches.** Gently bend and shape the branches to achieve a full and natural appearance. The branches are designed to be flexible for customization.

## Care and Maintenance

Maintaining your Jocoevol Artificial Olive Tree is simple, requiring minimal effort to keep it looking its best.

- **Dusting:** Regularly dust the leaves and trunk with a soft, dry cloth or a feather duster to prevent dust buildup.
- **Cleaning:** For more thorough cleaning, gently wipe the leaves with a damp cloth using mild soap and water. Avoid harsh chemicals that may damage the material.
- **Shaping:** Periodically adjust the branches to maintain the desired shape and fullness. The bendable branches allow for easy repositioning.
- **Placement:** While designed for indoor use, avoid prolonged exposure to direct sunlight, which can cause colors to fade over time.

## Troubleshooting

Here are some common issues and their solutions for your artificial olive tree:

- **Tree appears sparse or uneven:** Upon unpacking, the branches may be compressed. Gently bend and spread the branches outwards to achieve a fuller, more natural shape. Refer to the assembly instructions for guidance on shaping.

- **Tree is unstable:** Ensure the tree is placed on a flat, stable surface. The planter is weighted for stability, but extreme unevenness can affect balance.
- **Leaves or fruits are detached:** Small leaves or fruits may occasionally detach during shipping or handling. These can often be reattached by gently pressing them back onto their stems.

## Specifications

Attribute	Detail
Brand	Jocoevol
Model Number	O7-1
Product Dimensions	8.5"D x 8.5"W x 84"H (7FT Tall)
Color	Green
Material	Leaves-Silk, Planter-Polypropylene (PP), Polyethylene
Item Weight	18 Pounds
Base Type	Planter
Special Feature	Bendable Branch
