Vistefly V15 Ultra

Vistefly V15 Ultra Cordless Stick Vacuum Cleaner User Manual

Model: V15 Ultra

Product Overview

The Vistefly V15 Ultra is a powerful cordless stick vacuum cleaner designed for efficient cleaning across various surfaces, including hard floors, carpets, and for tackling pet hair. It features a high-performance motor, long-lasting battery, and an innovative dual-tank dust collection system.

Key components include the main motor unit, extension wand, motorized brush head, and various attachments for specialized cleaning tasks.

Package Contents

Upon unboxing, verify that all components are present and in good condition. The standard package for the Vistefly V15 Ultra includes:

- Main Motor Unit
- Extension Wand
- Motorized Brush Head (V-shaped anti-tangle)
- 2-in-1 Brush Tool
- Crevice Nozzle

- Sofa Brush
- Mini Cleaning Tool
- Removable Battery (8 x 2500 mAh cells)
- Wall Mount with Charger
- HEPA Filters (additional filter included)
- User Manual

Setup and Assembly

Follow these steps to assemble your Vistefly V15 Ultra vacuum cleaner:

1. **Attach the Extension Wand:** Insert the top end of the extension wand into the main motor unit until it clicks securely into place.
2. **Connect the Brush Head:** Attach the motorized brush head to the bottom end of the extension wand, ensuring it

clicks firmly.

3. **Install the Battery:** Insert the removable battery pack into the designated slot on the main motor unit. Ensure it is fully seated.
4. **Initial Charging:** Before first use, fully charge the battery. Connect the charger to the wall mount, and place the vacuum on the mount. The dual screen display will indicate charging status.

For handheld cleaning, detach the extension wand and connect desired attachments directly to the main motor unit.

Operating Instructions

Powering On and Mode Selection

Press the power button to turn on the vacuum. The V15 Ultra features a dual screen display that shows battery level and current suction mode.

Figure 4: Dual screen display indicating battery level and cleaning mode.

You can switch between different cleaning modes:

- **Eco Mode:** Provides up to 70 minutes of runtime for light cleaning.
- **Auto Mode:** Automatically adjusts suction power (22000 Pa to 58000 Pa) based on detected dust levels, offering 20-70 minutes of operation.
- **Boost Mode:** Offers increased suction for tougher dirt, with approximately 40 minutes of runtime.
- **Max Mode:** Delivers maximum suction power (58000 Pa) for deep cleaning, providing about 20 minutes of runtime.

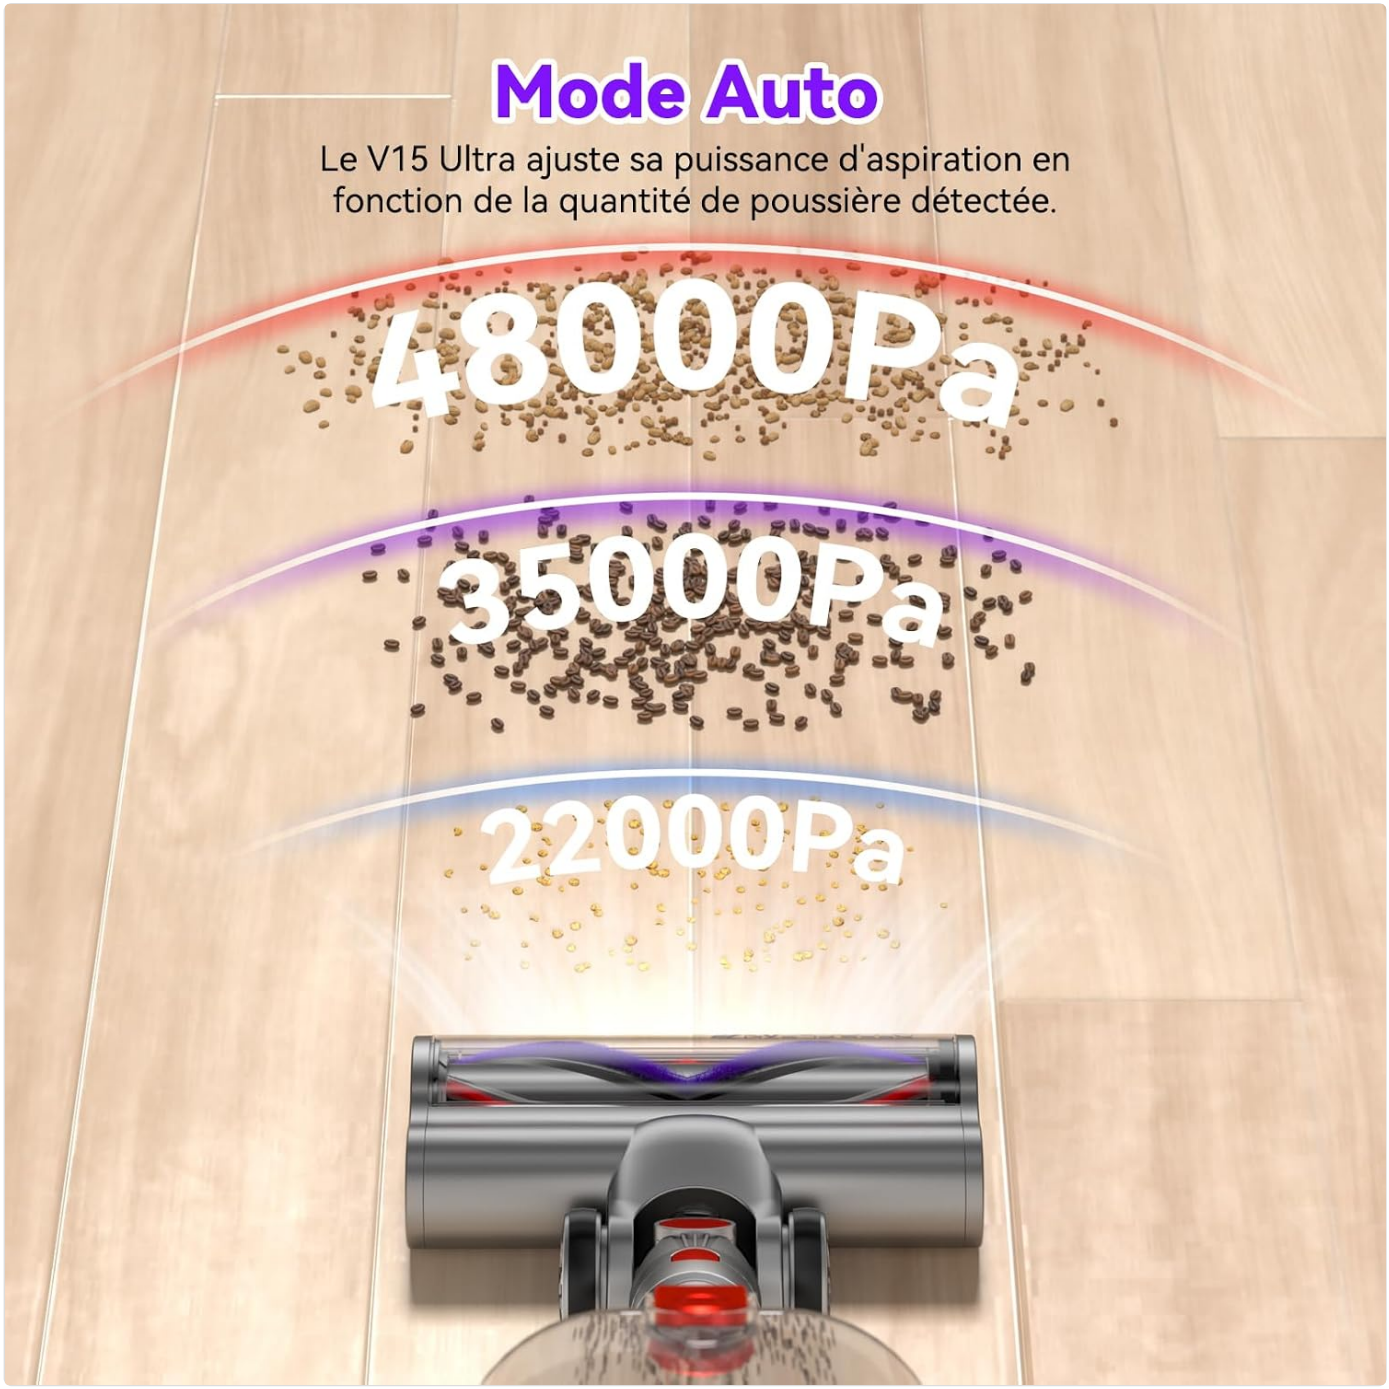

Figure 5: Auto mode dynamically adjusts suction power for optimal cleaning.

Using Attachments

The V15 Ultra comes with various attachments for versatile cleaning:

- **Motorized Brush Head:** Ideal for floors and carpets. Features a V-shaped anti-tangle design to minimize hair wrapping and LED lights to illuminate dark areas. It pivots 180° horizontally and 90° vertically for easy maneuverability.
- **2-in-1 Brush Tool:** Suitable for upholstery, curtains, and delicate surfaces.
- **Crevice Nozzle:** Perfect for narrow gaps, corners, and edges.
- **Sofa Brush:** Designed for cleaning sofas, mattresses, and other fabric surfaces.

Maintenance

Regular maintenance ensures optimal performance and extends the lifespan of your Vistefly V15 Ultra.

Emptying the Dustbin

The V15 Ultra features a 1.8L dual-tank dustbin. Empty the dustbin regularly to maintain suction power.

1. Hold the main motor unit over a trash can.
2. Press the dustbin release button to open the bottom flap and empty contents.
3. Close the flap securely after emptying.

Figure 8: One-click dustbin emptying for convenience.

The dual-tank design separates debris, preventing loss of suction due to hair tangles and dust clogs.

Figure 9: The innovative dual reservoir design for enhanced separation.

Cleaning the Filters

The V15 Ultra features an 8-layer filtration system with a 1.7x larger HEPA filter. Clean filters regularly to maintain air quality and suction.

1. Remove the dustbin from the main unit.
2. Twist and pull out the filter assembly.
3. Tap the HEPA filter gently to remove loose dust. If washable, rinse under cold water until water runs clear.
4. Allow all filter components to air dry completely for at least 24 hours before reassembling.

Figure 10: The 8-layer efficient filtration system.

Cleaning the Brush Roll

Periodically check the motorized brush roll for tangled hair or debris.

1. Turn off the vacuum and detach the brush head.
2. Locate the brush roll release mechanism (usually a latch or button) and remove the brush roll.
3. Use scissors or the included mini cleaning tool to cut and remove any tangled hair or fibers.
4. Reinsert the brush roll until it clicks into place.

TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Vacuum does not turn on.	Battery is not charged or not properly installed.	Ensure battery is fully charged and correctly inserted.
Low suction power.	Dustbin is full; filters are clogged; brush roll is obstructed.	Empty dustbin; clean or replace filters; remove obstructions from brush roll.
Brush roll not spinning.	Obstruction in brush roll; brush head not properly attached.	Remove any obstructions; ensure brush head is securely attached.
Short runtime.	Using Max/Boost mode excessively; battery not fully charged; aging battery.	Use Eco or Auto mode for longer cleaning; fully charge battery; consider battery replacement if performance significantly degrades.

Specifications

Brand: Vistefly

Model: V15 Ultra

Power: 600 Watts

Suction Power: Up to 58000 Pa

Battery: 8 x 2500 mAh removable batteries

Runtime: Up to 70 minutes (Eco Mode)

Dustbin Capacity: 1.8 Litres

Filtration System: 8-layer, 1.7x HEPA filter

Noise Level: ≤ 72 dB

Product Dimensions: 43.18 x 30.48 x 20.32 cm (17 x 12 x 8 inches)

Item Weight: 4.08 Kilograms (9 pounds)

Special Features: High-precision sensor, Lightweight, Compact, Cordless, HEPA filtration, Dual Screen Display, Dual Container Design, V-shaped Anti-tangle Brush with LED lights.
