

SHOKZ S803

SHOKZ OpenRun Bone Conduction Headphones User Manual

Model: S803

1. INTRODUCTION

Thank you for choosing the SHOKZ OpenRun Open-Ear Bluetooth Bone Conduction Sport Headphones. This manual provides essential information for the proper setup, operation, and maintenance of your headphones. Please read this manual thoroughly before use and retain it for future reference.

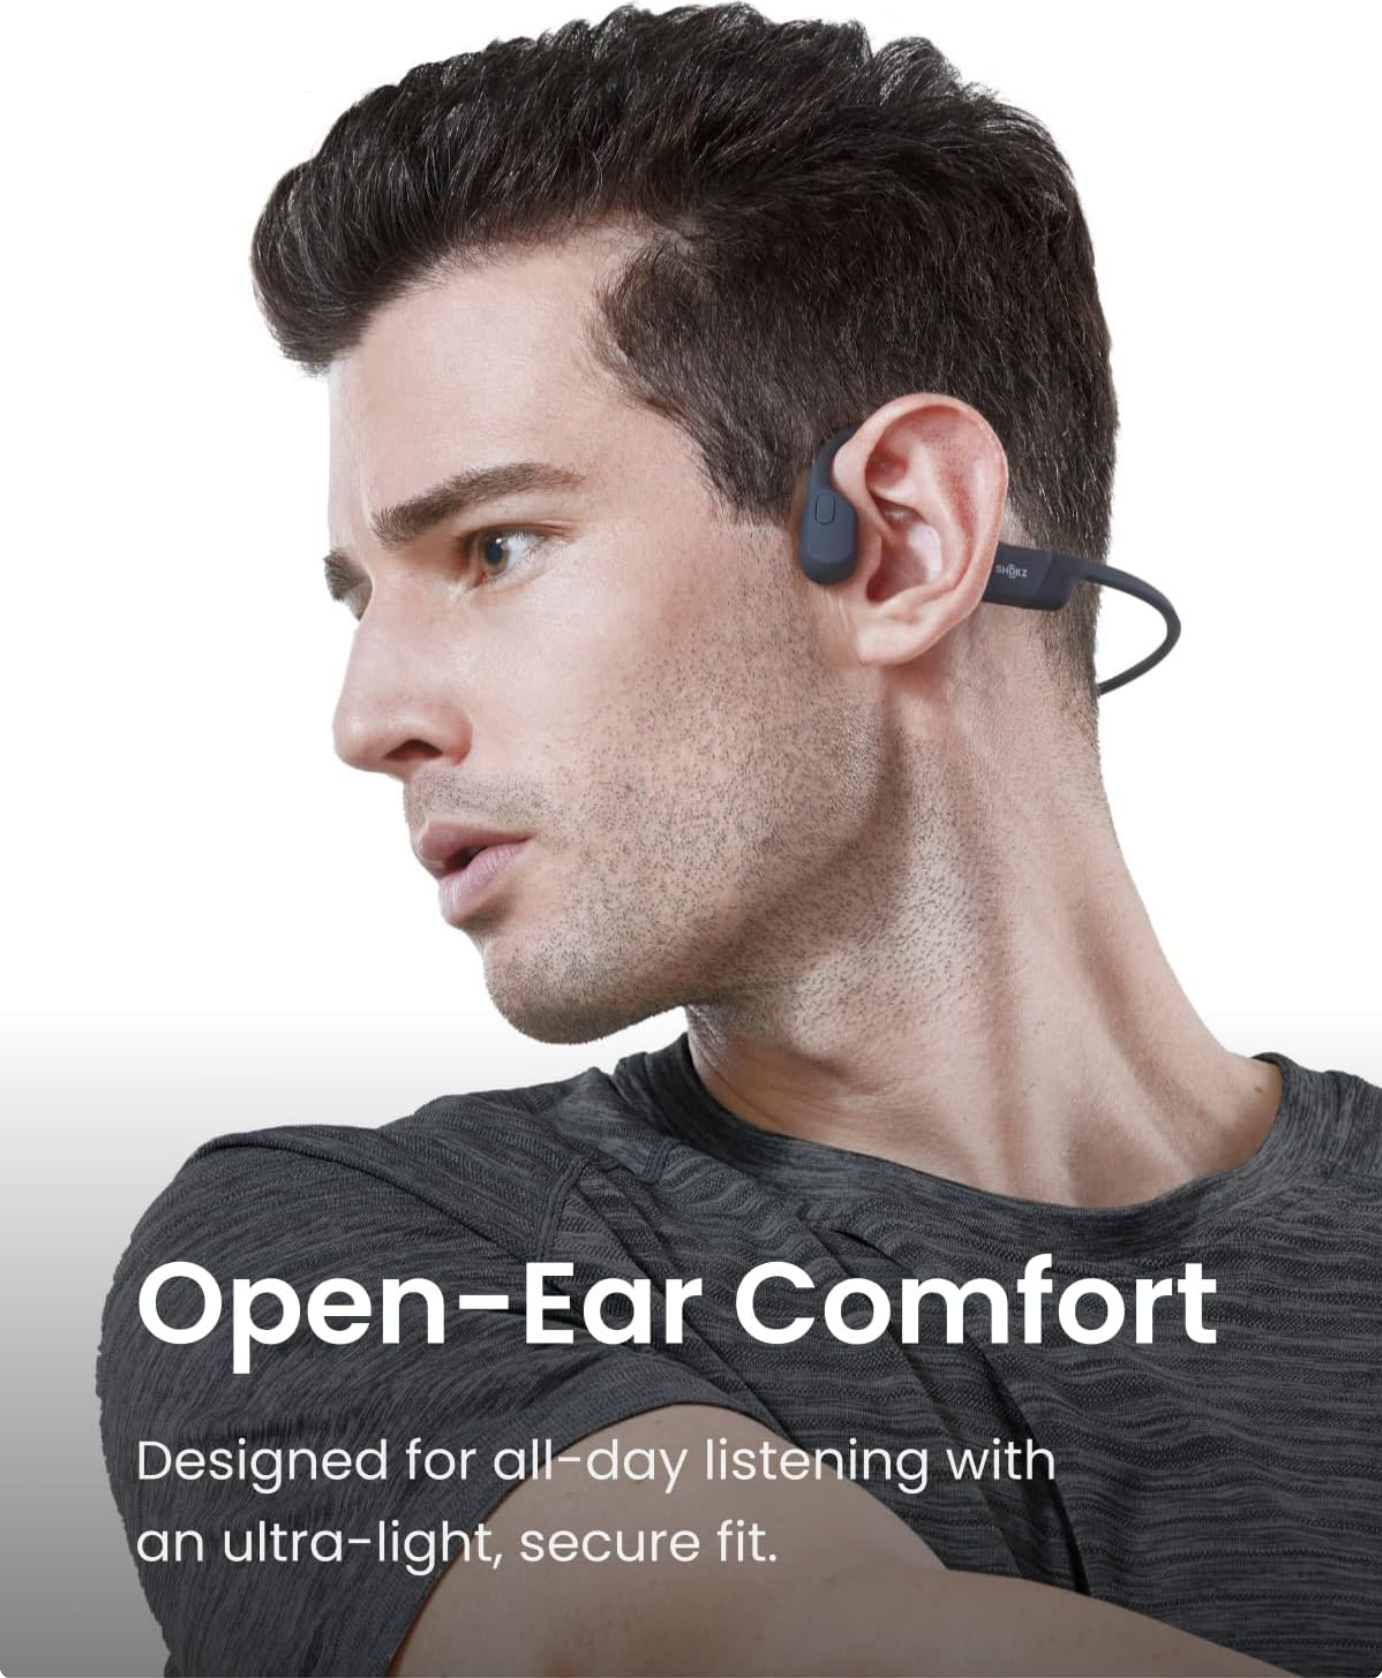

2. PRODUCT OVERVIEW

Key Features

- **Open-Ear Comfort:** Designed with a featherweight, wraparound frame and open-ear fit for comfortable, earbud-free listening.
- **Safety & Connection:** 8th generation bone conduction technology delivers quality audio while allowing awareness of surroundings.
- **IP67 Waterproof Rated:** Fully sweat and waterproof for workouts and running. Includes moisture detection alert for safe charging. (Not suitable for swimming.)
- **8 Hours of Music & Calls:** Enjoy continuous audio with a 10-minute quick charge providing up to 1.5 hours of battery life.
- **Outstanding Sound Quality:** Bone conduction technology transmits sound through your cheekbone directly to your inner ear.

Components

The SHOKZ OpenRun headphones feature a flexible band that rests behind the head, with transducers positioned on the cheekbones in front of the ears. Control buttons are located on the side of the device.

A side-profile photograph of a man with dark hair and light stubble, wearing a dark grey athletic shirt. He is wearing black SHOKZ OpenRun headphones. The headphones have a small, dark, curved earpiece that sits in the ear canal without covering the ear. A thin black cable extends from the earpiece and loops behind the ear. The background is a plain, light grey.

Open-Ear Comfort

Designed for all-day listening with
an ultra-light, secure fit.

3. SETUP

3.1 Charging the Headphones

Before initial use, fully charge your SHOKZ OpenRun headphones. A full charge provides up to 8 hours of use. A quick 10-minute charge can provide approximately 1.5 hours of battery life.

- Connect the magnetic charging cable to the charging port on the headphones.
- Connect the USB end of the cable to a compatible USB power source.
- The LED indicator will show red during charging and turn blue when fully charged.

What you get!

- ① Refurbished Headphones
- ② Carrying Bag
- ③ Magnetic Charging Cable

3.2 Pairing with a Device

To connect your SHOKZ OpenRun headphones to a Bluetooth-enabled device:

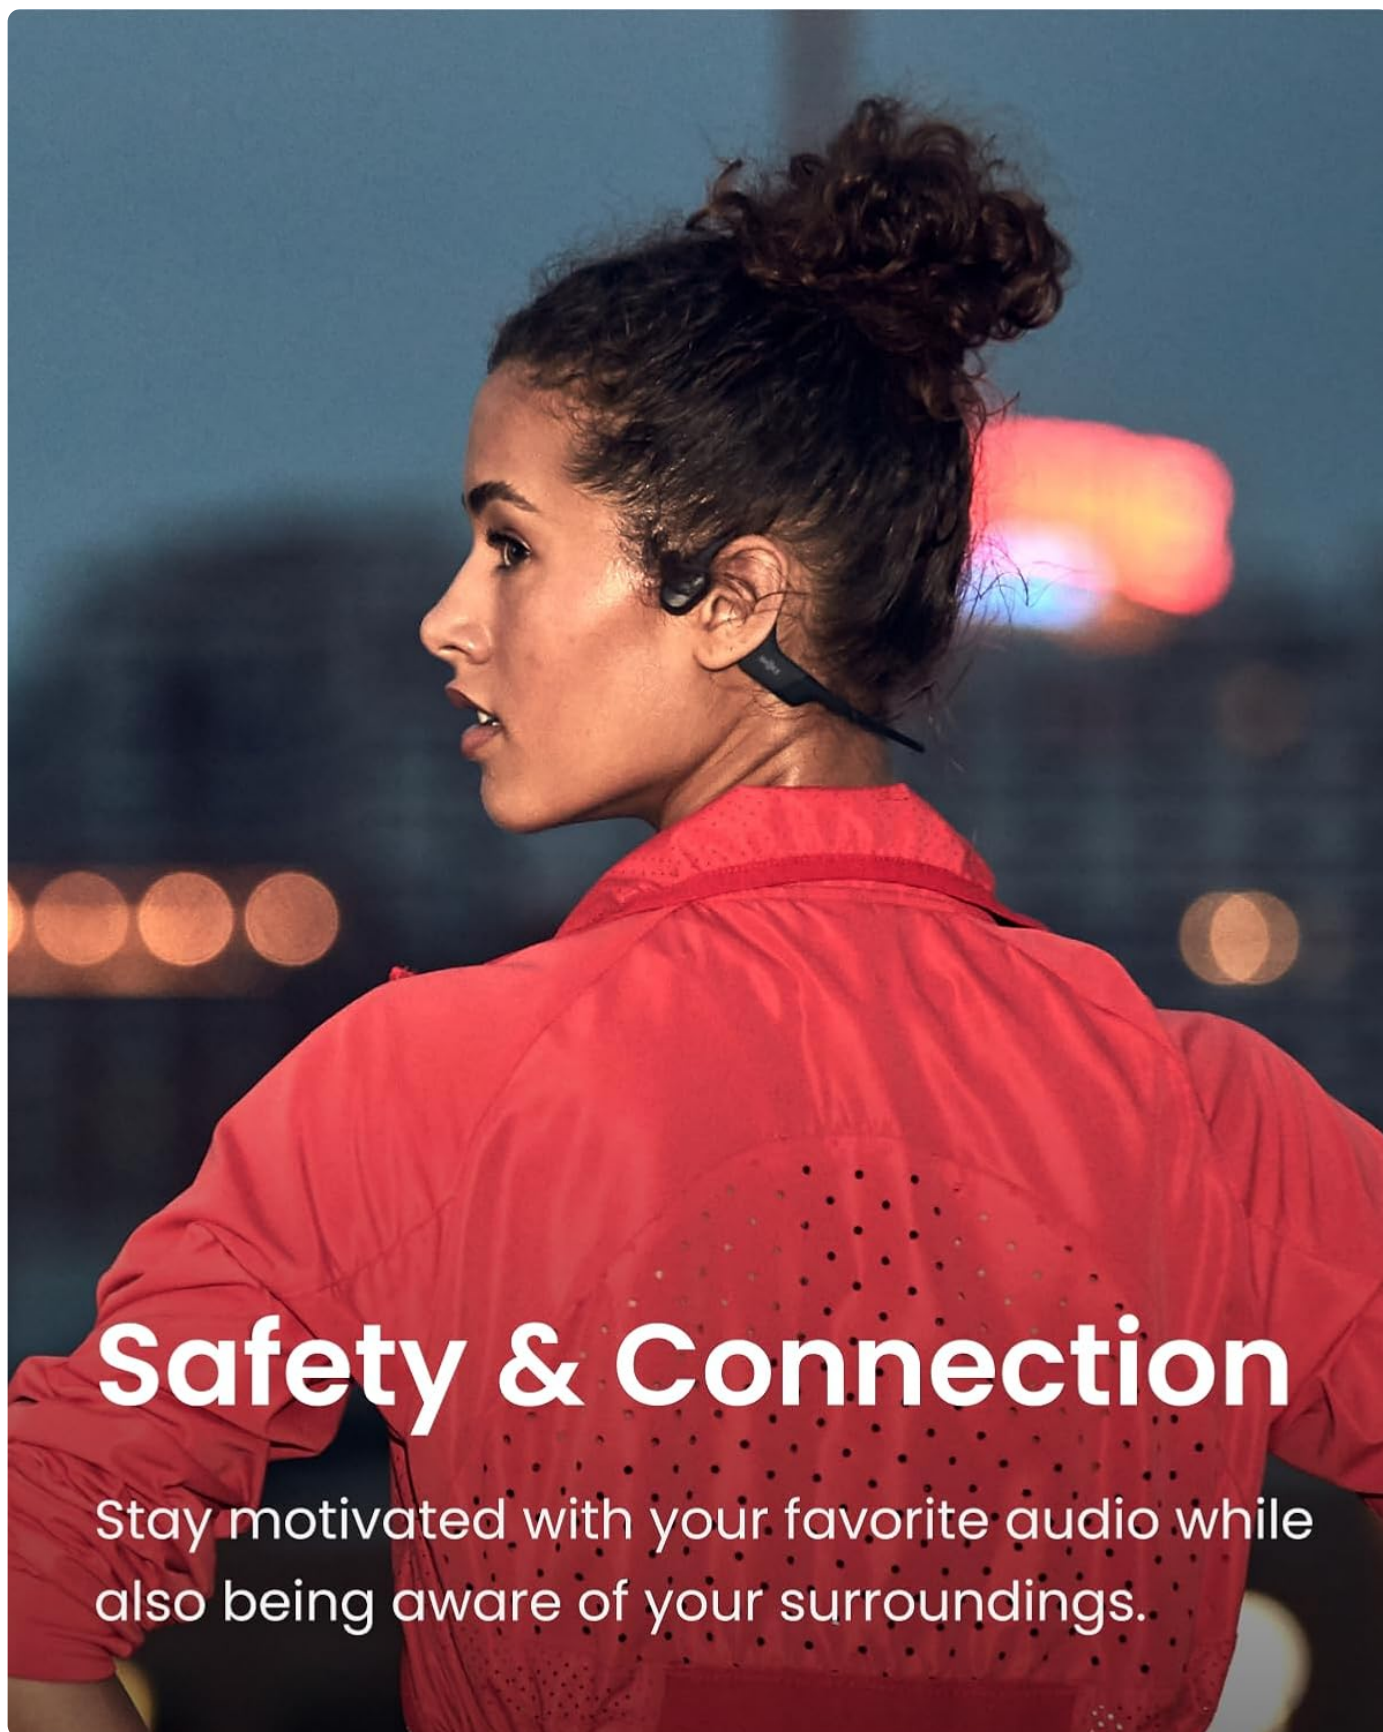

1. Ensure the headphones are turned off.

2. Press and hold the power button until the LED indicator flashes red and blue, indicating pairing mode.
3. On your device, enable Bluetooth and search for available devices.
4. Select "SHOKZ OpenRun" from the list.
5. Once connected, the LED indicator will flash blue intermittently.

4. OPERATING INSTRUCTIONS

4.1 Wearing the Headphones

Place the headphones with the band resting on the back of your neck and the transducers resting on your cheekbones, just in front of your ears. Adjust for a comfortable and secure fit.

Safety & Connection

Stay motivated with your favorite audio while also being aware of your surroundings.

Figure 4.1: Proper wearing of SHOKZ OpenRun headphones for optimal comfort and awareness.

4.2 Basic Controls

The headphones feature intuitive controls for media playback and calls:

- **Play/Pause:** Press the multi-function button once.
- **Volume Up/Down:** Use the dedicated volume buttons.
- **Next Track:** Double-press the multi-function button.

- **Previous Track:** Triple-press the multi-function button.
- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.

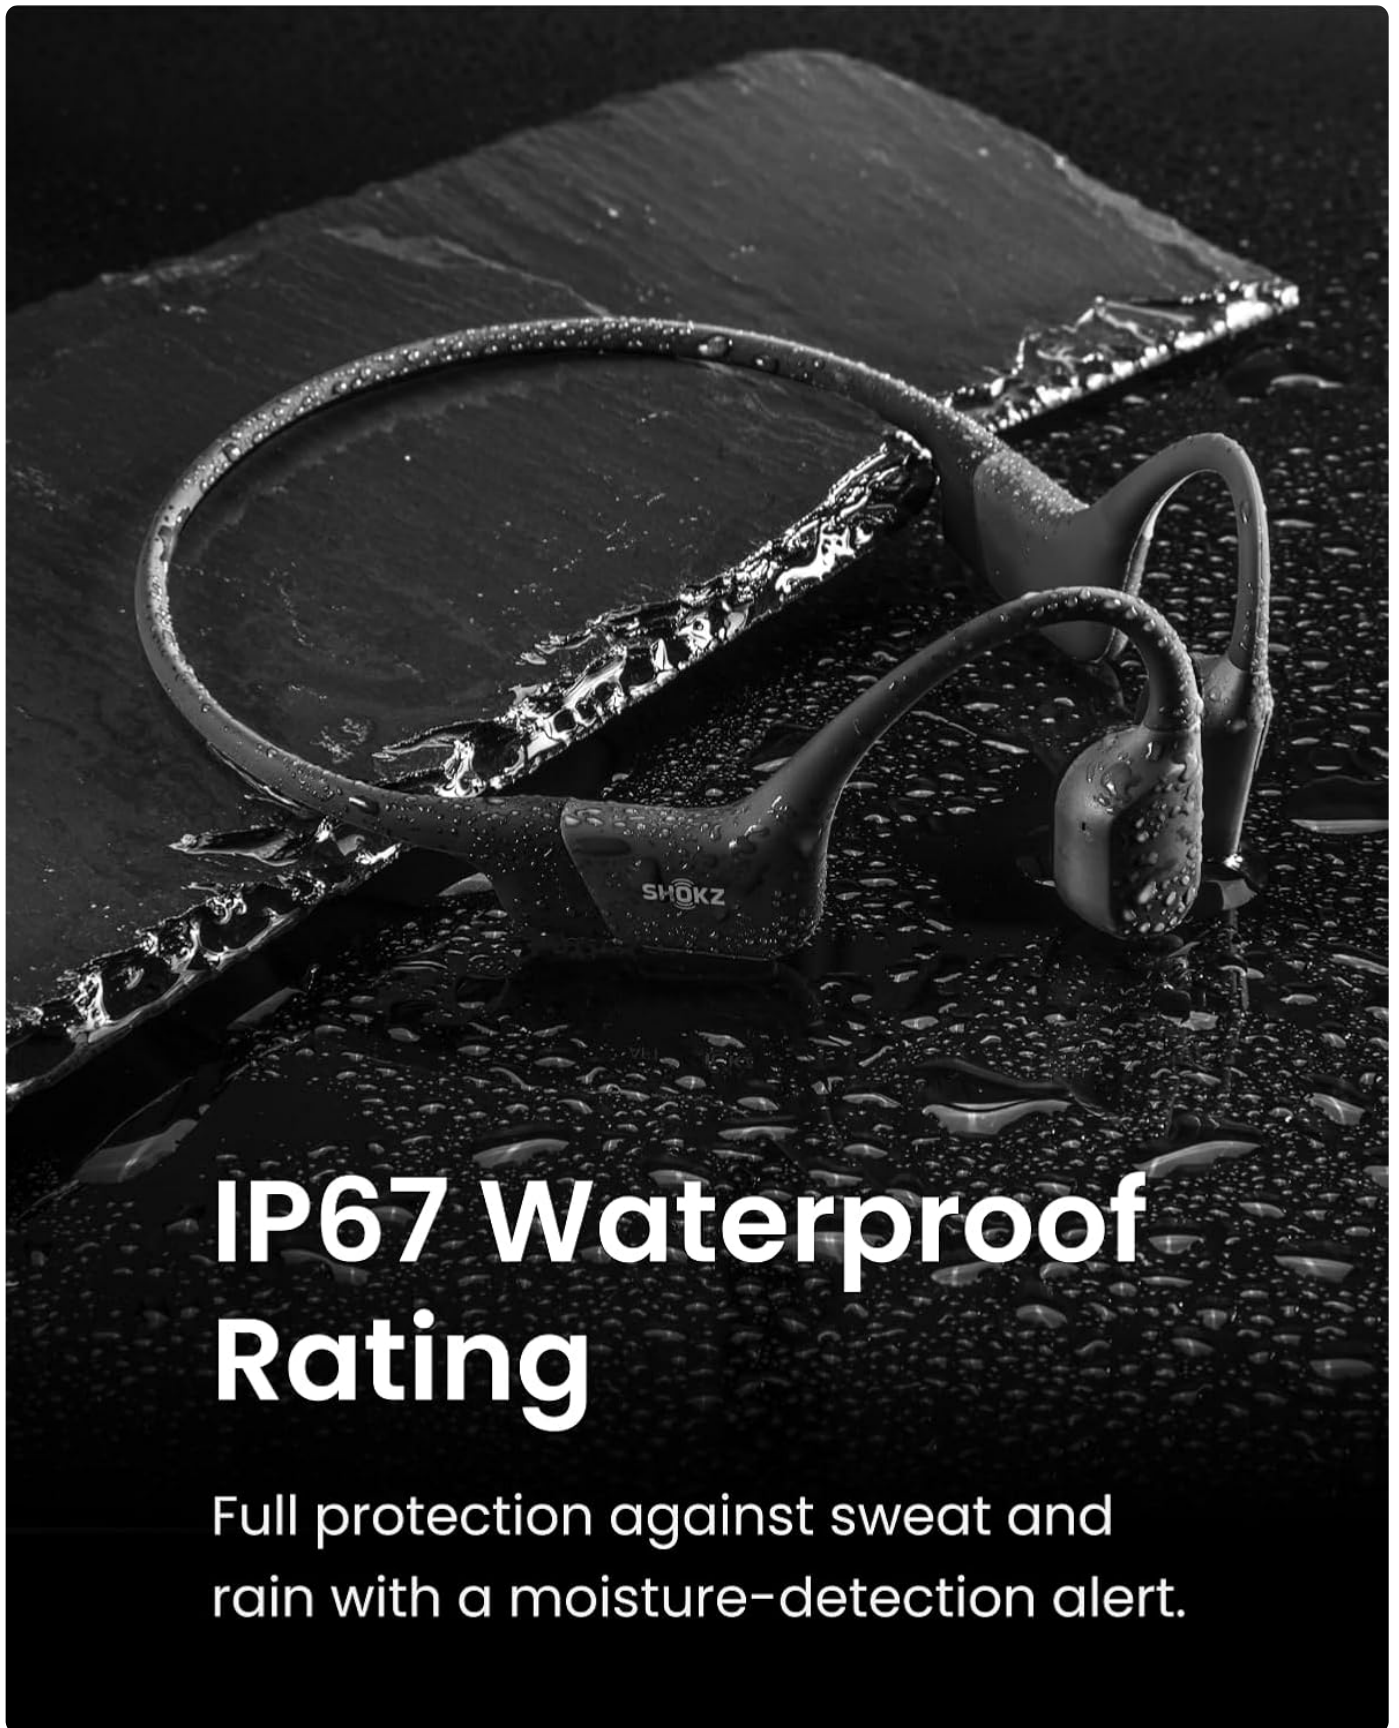

Easy Controls

Answer calls, play, pause, and skip audio with just a tap of a finger.

Figure 4.2: Location of control buttons on the SHOKZ OpenRun headphones.

4.3 Water Resistance

The SHOKZ OpenRun headphones are IP67 rated, making them resistant to sweat and water splashes. A moisture detection alert will notify you if the charging port is wet, preventing damage during charging. Ensure the charging port is dry before connecting the charging cable.

IP67 Waterproof Rating

Full protection against sweat and rain with a moisture-detection alert.

5. MAINTENANCE

5.1 Cleaning

Regular cleaning helps maintain the performance and longevity of your headphones:

- Wipe the headphones with a soft, damp cloth after each use, especially after workouts.
- Ensure the charging port is clean and dry before charging.
- Do not use abrasive cleaners or immerse the headphones in water for extended periods.

5.2 Storage

Store your headphones in a cool, dry place away from direct sunlight and extreme temperatures. Use the provided carrying bag to protect them from dust and scratches when not in use.

6. TROUBLESHOOTING

If you encounter issues with your SHOKZ OpenRun headphones, try the following:

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure the headphones are in pairing mode (red and blue flashing LED) and within range of your device. Try restarting both devices.
- **No Sound:** Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly positioned on your cheekbones.
- **Poor Sound Quality:** Ensure there are no obstructions between the transducers and your cheekbones. Check for interference from other wireless devices.

For further assistance, refer to the official SHOKZ support resources.
