Key Features:

- **Hidden Storage Headboard:** Features a 2-tier bookcase and a concealed compartment behind a soft PU backrest, along with 2-layer shelves on both sides for maximum storage.
- **Built-in Charging Station:** Equipped with 2 standard AC plug outlets, 1 USB port, and 1 Type-C port for convenient device charging. Includes a 6.5ft long power supply cord.
- **Integrated LED Lights:** Supports DIY color mixing, 29 dynamic modes, music interaction, timing, and microphone functions. Controllable via key button, remote control, or mobile application.
- **Under Bed Storage:** Offers 10.4 inches of ground clearance, providing additional space for storage boxes and allowing robot vacuum cleaners to operate freely.
- **Sturdy Construction:** Built with 11 metal legs and 12 metal slats, supporting up to 1000 lbs. Features an embedded footboard to prevent mattress sliding.

Setup and Assembly

Assembly of the VIAGDO bed frame is designed to be straightforward. Two people can typically complete the assembly in approximately 45 minutes due to its snap-fit design.

Components Checklist:

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included installation manual for a detailed list of components and hardware.

Assembly Steps:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Assemble the main frame components, ensuring all connections are secure. The design incorporates mute bars to eliminate squeaks.
3. Attach the headboard and footboard to the assembled frame. The footboard is designed to embed the mattress and prevent sliding.
4. Install the metal slats across the frame. These slats provide robust support for your mattress, eliminating the need for a box spring.
5. Connect the power supply for the charging station and LED lights. Route the cable safely to an accessible outlet.

Hidden Storage Headboard:

Utilize the various storage options within the headboard to keep your essentials organized.

- **Bookcase Shelves:** The 2-tier bookcase provides open shelving for books, decor, or frequently used items.
- **Concealed Compartment:** Lift the soft PU backrest to access a hidden storage area for personal belongings.
- **Side Shelves:** Two additional layers of shelves on each side of the headboard offer extra space for smaller items.

Maintenance

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe down metal surfaces with a soft, damp cloth. For the upholstered leather backrest, use a mild soap solution and a soft cloth, then dry thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaks.
- **Electrical Components:** Ensure the power cord and charging ports are free from dust and debris. Do not expose electrical components to moisture.
- **Under-Bed Area:** Utilize the 10.4-inch clearance for easy cleaning underneath the bed.

Troubleshooting

If you encounter any issues with your VIAGDO bed frame, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed frame squeaks	Loose connections; uneven floor	Tighten all bolts and screws. Ensure the bed is on a level surface. The mute bars are designed to minimize squeaks.
LED lights not working	Power cord disconnected; remote battery low; app not connected	Check if the power cord is securely plugged in. Replace remote batteries. Re-pair the app if necessary.
Charging station not working	Power cord disconnected; device cable faulty	Verify the bed frame's power cord is plugged into a live outlet. Test with a different charging cable and device.
Mattress slides	Mattress not properly seated; footboard not installed correctly	Ensure the mattress is fully within the embedded footboard. Check footboard assembly.

If the issue persists after attempting these solutions, please contact VIAGDO customer support.
